(57) **CLAIM**

I claim the ornamental design for a magnetic device for treatment of fluids, as shown and described.

DESCRIPTION

FIG. 1 is a top planar view of a first embodiment of the magnetic device for treatment of fluids of my present design;

FIG. 2 is a planar view of a side of the device shown in FIG. 1, the opposite side being a mirror image thereof;

FIG. 3 is a top planar view of a second embodiment of the magnetic device for treatment of fluids of my present design;

FIG. 4 is a planar view of a side of the device shown in FIG. 3, the opposite side being a mirror image thereof;

FIG. 5 is a top planar view of a third embodiment of the magnetic device for treatment of fluids of my present design;

FIG. 6 is a planar view of a side of the device shown in FIG. 5, the opposite side being a mirror image thereof;

FIG. 7 is a top planar view of a fourth embodiment of the magnetic device for treatment of fluids of my present design;

FIG. 8 is a planar view of a side of the device shown in FIG. 7, the opposite side being a mirror image thereof;

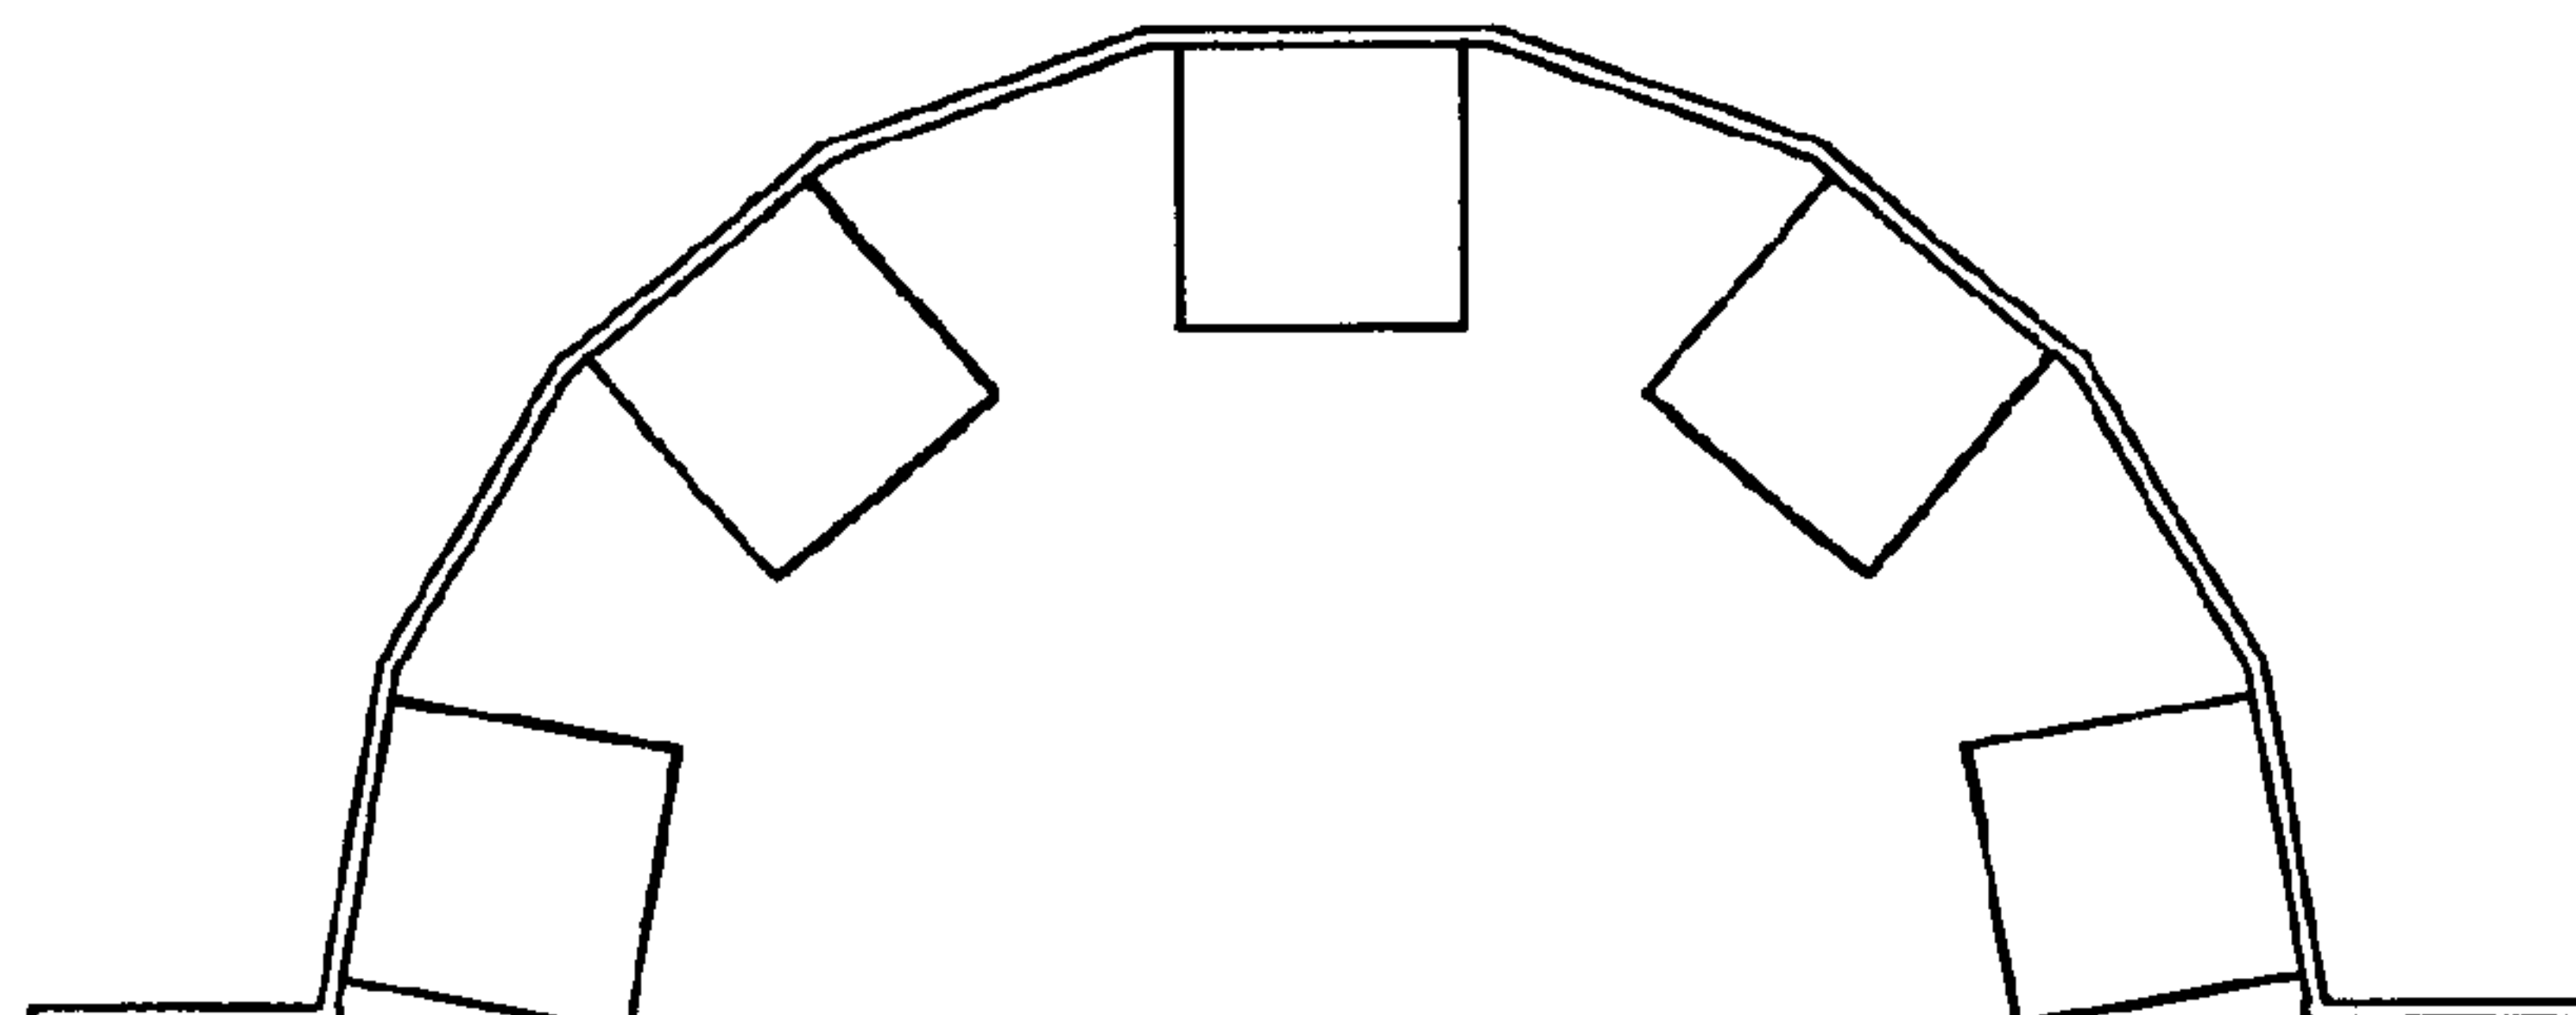

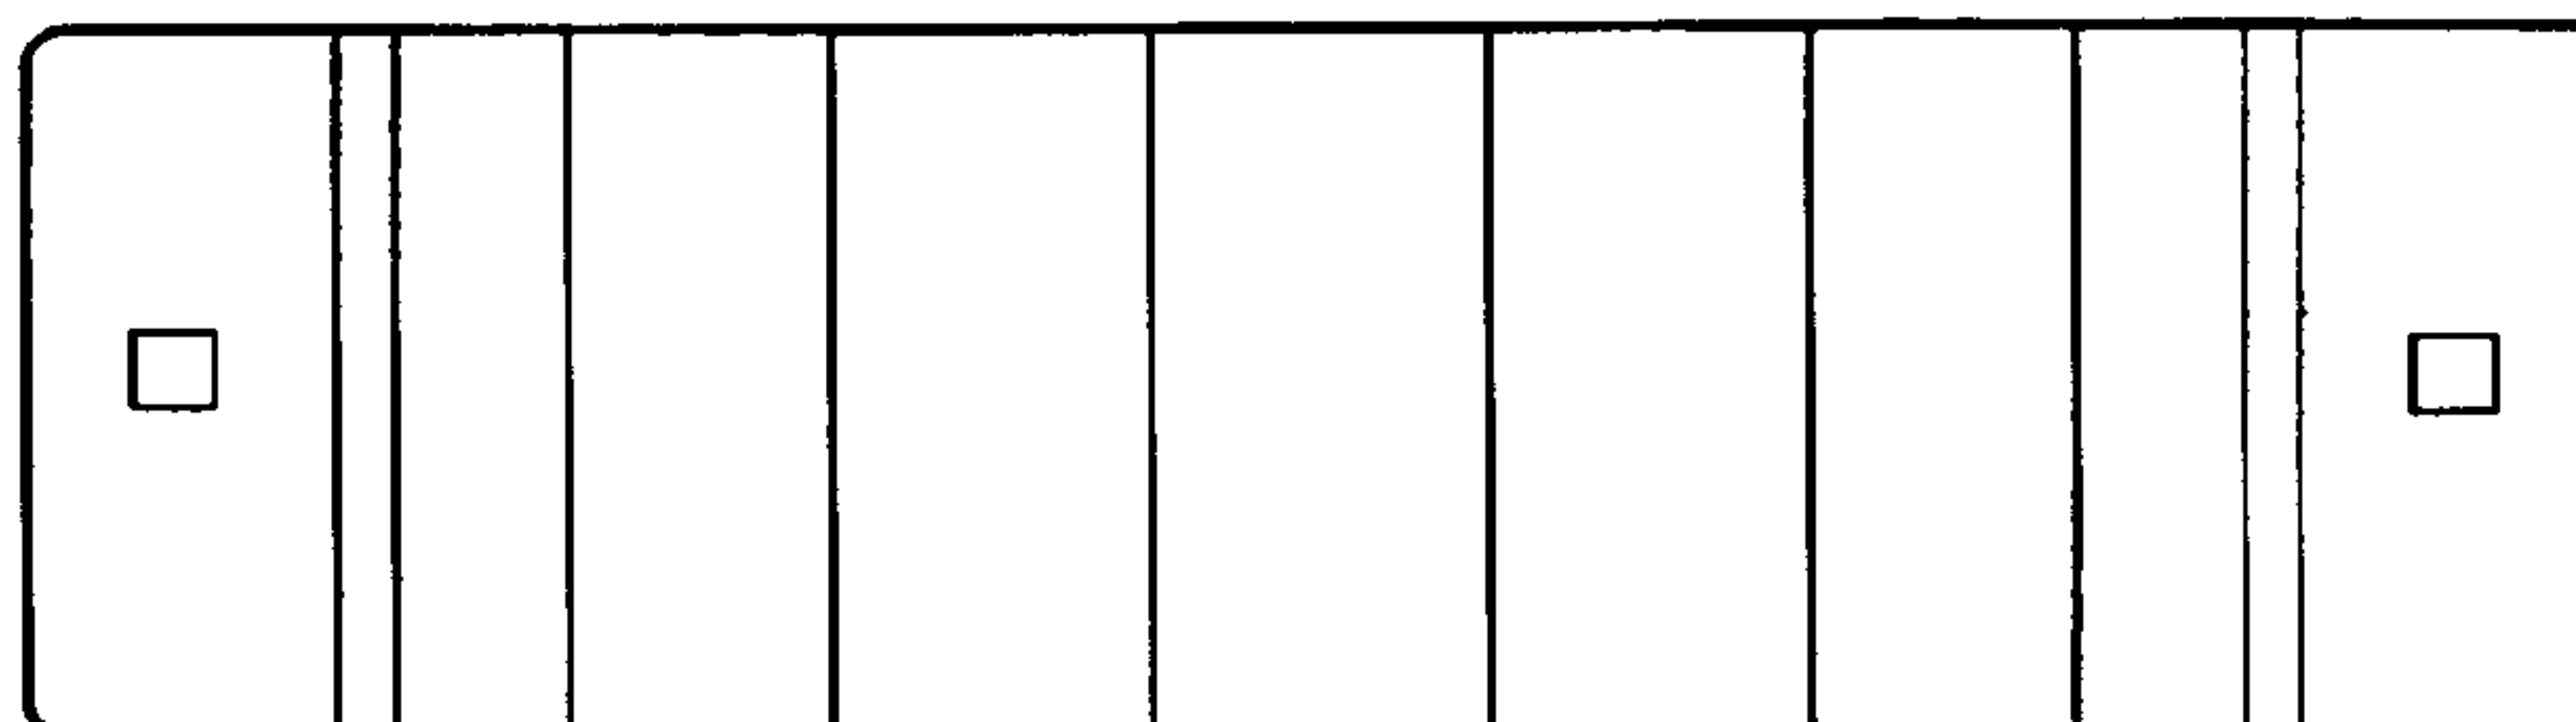

FIG. 9 is a top planar view of a fifth embodiment of the magnetic device for treatment of fluids of my present design;

FIG. 10 is a planar view of a side of the device shown in FIG. 9, the opposite side being a mirror image thereof;

FIG. 11 is a top planar view of a sixth embodiment of the magnetic device for treatment of fluids of my present design; and,

FIG. 12 is a planar view of a side of the device shown in FIG. 11, the opposite side being a mirror image thereof.
