(57) **CLAIM**

The ornamental design for an aerosol product dispenser, substantially as shown and described.

DESCRIPTION

FIG. 1 is an isometric view showing the front, top and one side of our invention;

FIG. 2 is an isometric view showing the rear, top and other end of our invention; illustrating how the product containing cannister is received in the dispenser of our invention;

FIG. 3 is an elevational view of one side of our invention, the other side being the mirror image thereof;

FIG. 4 is an elevation view of the front of our invention;

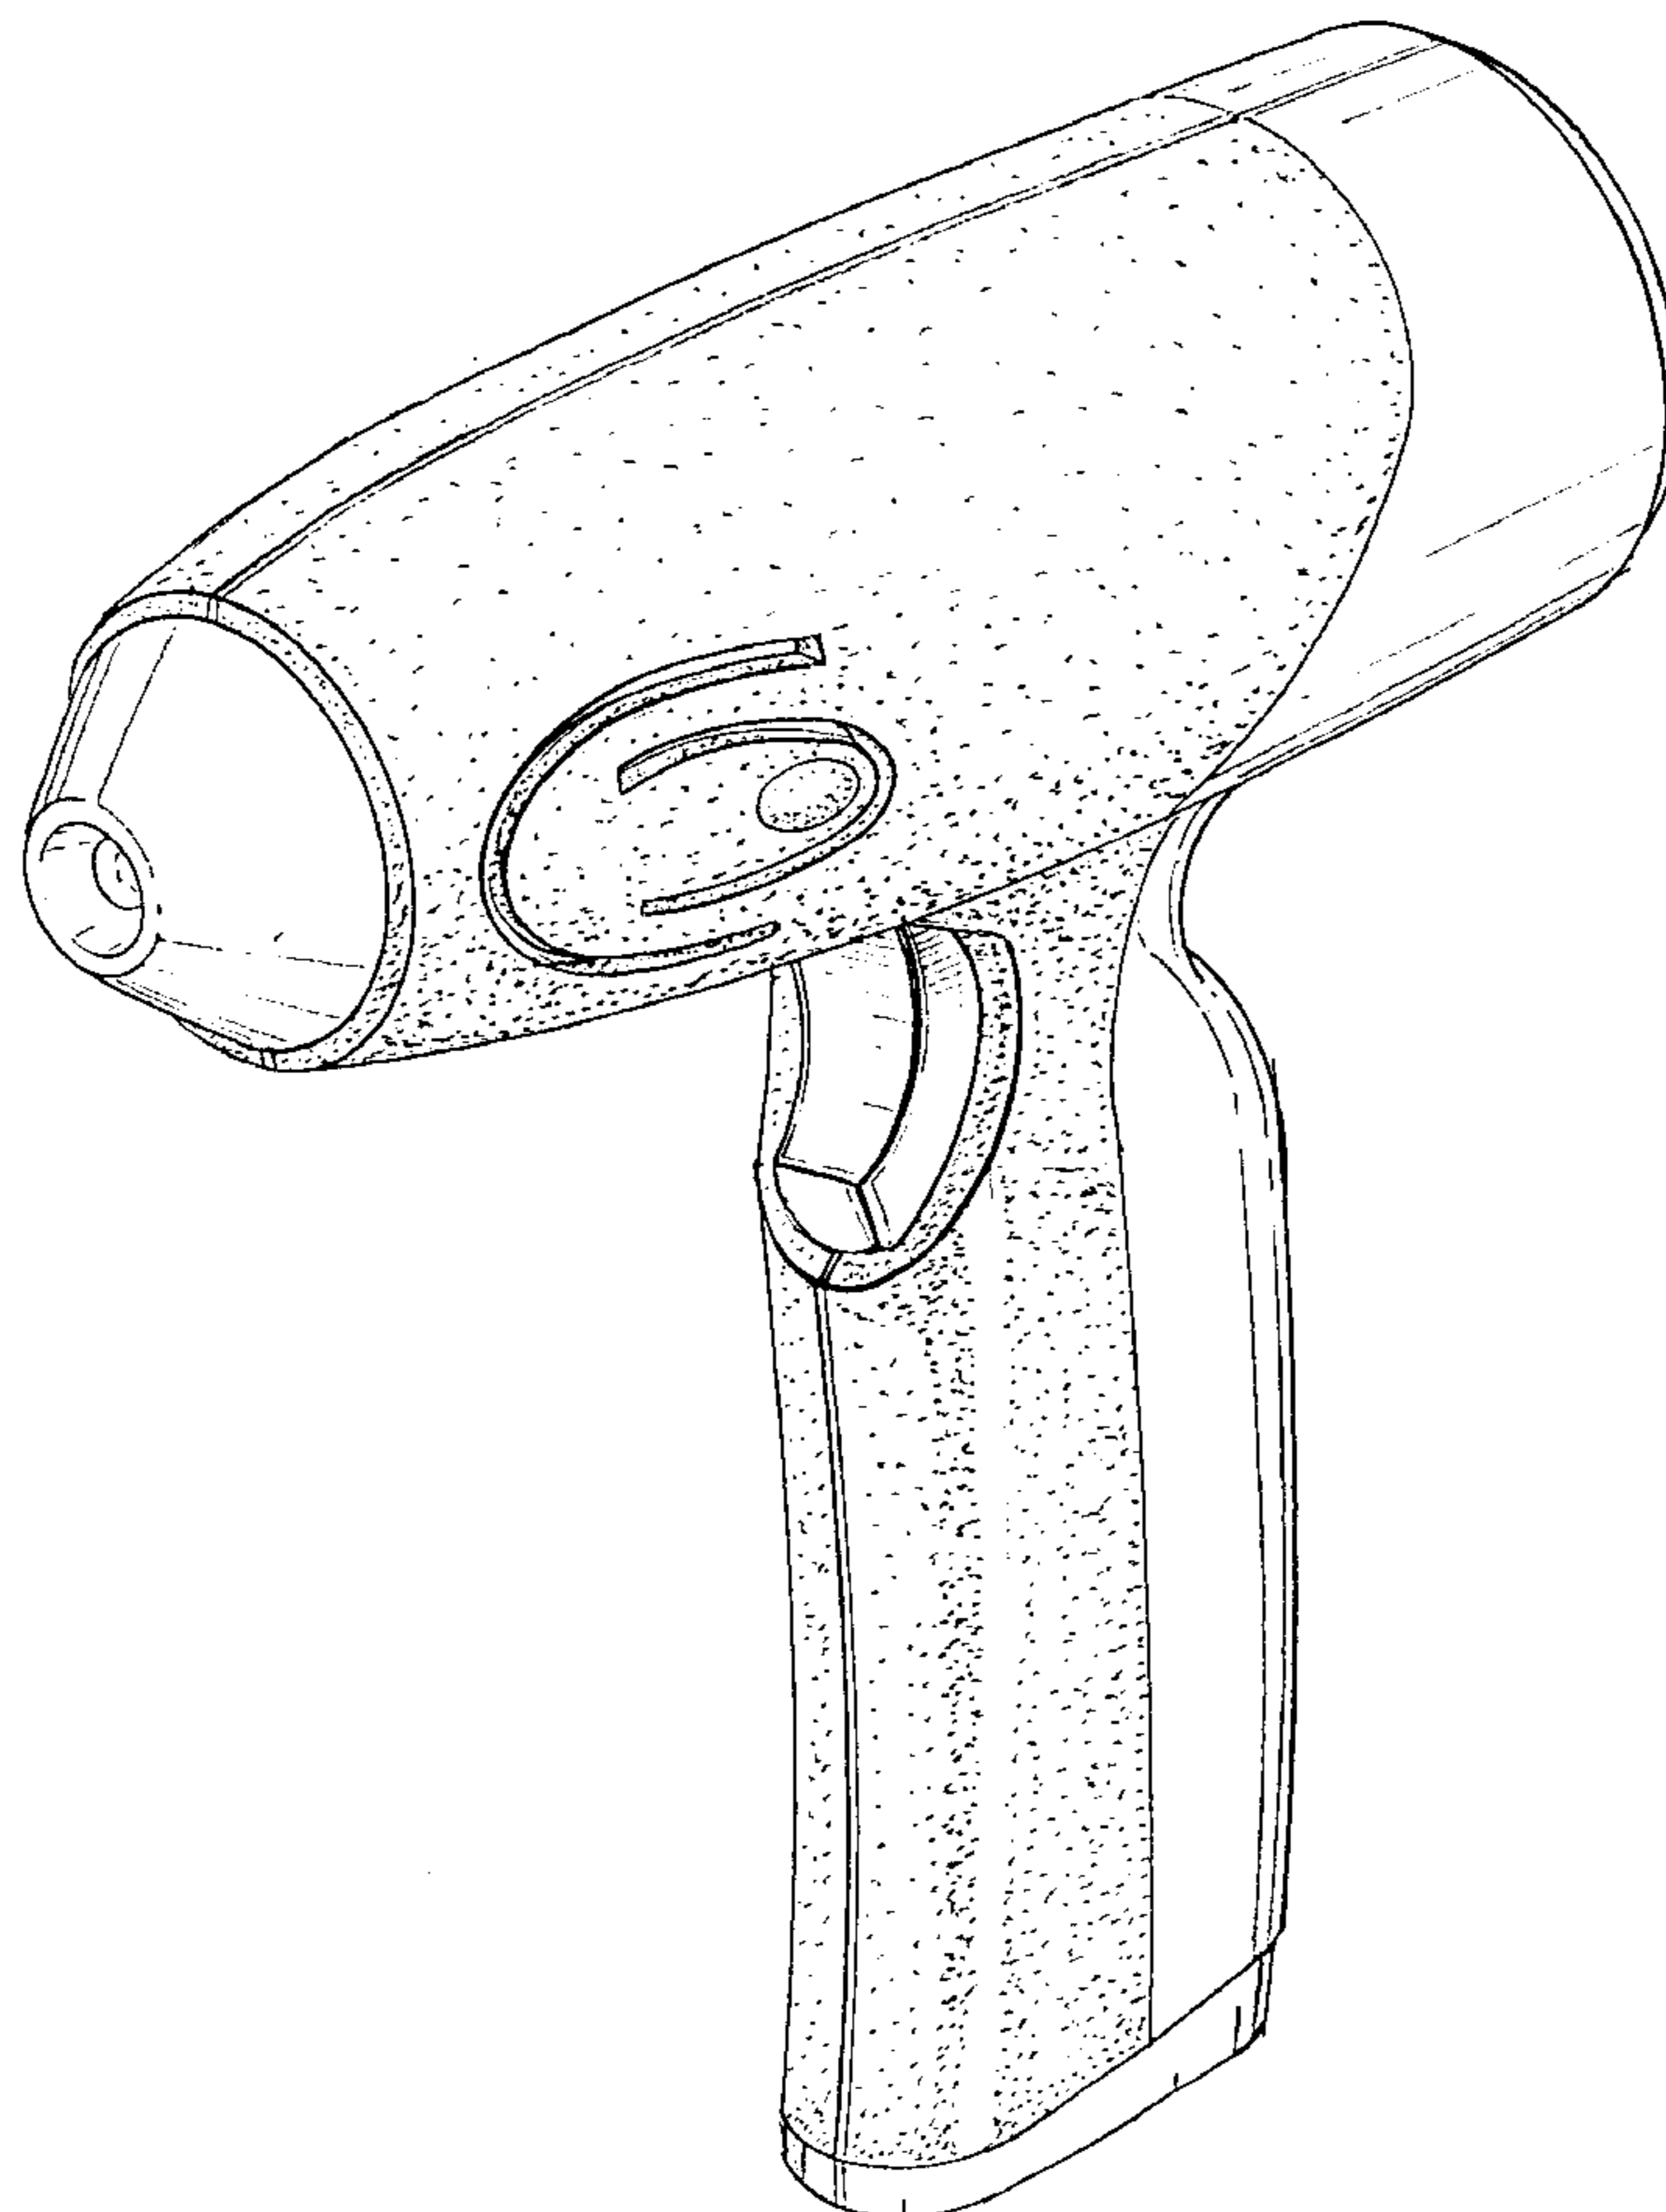

FIG. 5 is an elevation view of the rear of our invention;

FIG. 6 is an elevation view of the top of our invention; and,

FIG. 7 is an elevation view of the bottom of our invention.

The cannister illustrated in dot and dash does not constitute a part of the invention.
