(57) **CLAIM**

The ornamental design for a hose bib valve body, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a hose bib valve body showing the handle in exploded phantom in accordance with the present invention; FIG. 2 is a left side elevational view of the hose bib valve body shown in FIG. 1, the right side elevational view is a mirror image thereof; and, FIG. 3 is a top plan view of the hose bib valve body shown in FIG. 1. The broken line showing environment in FIG. 1 is for illustrative purposes only and forms no part of the claimed design.
