(57) **CLAIM**

The ornamental design for a book and personal item holder, as shown and described.

DESCRIPTION

FIG. 1 is a top, front left side perspective view of a first embodiment of a book and personal item holder of our invention;

FIG. 2 is a top plan view thereof;

FIG. 3 is a right side elevation view thereof;

FIG. 4 is a rear elevation view thereof;

FIG. 5 is a bottom plan view thereof; and,

FIG. 6 is a top, front left side perspective view of a second embodiment of a book and personal item holder.

The broken lines showings of a book and pen are for environmental purposes only and form no part of the claimed design.

The broken-away portions of the strap indicate the strap has an indeterminate length.

The evenly spaced pattern of broken lines within the solid lines of the drawings represent a pattern of stitching.

The crisscross pattern of lines in the drawings represent material and is understood to be continuous throughout the implied area.
