(57) **CLAIM**

The ornamental design for a cloth storage wrap for wrists and ankles, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a first embodiment of the cloth storage wrap for wrists and ankles showing my new design;

FIG. 2 is a front elevational view of a second embodiment of the cloth storage wrap for wrists and ankles;

FIG. 3 is a rear elevational view of FIG. 1; and,

FIG. 4 is a rear elevational view of FIG. 2.

The broken lines shown around the perimeter of the wrap represent top stitching. The top, bottom and sides of the design are flat and include no ornamentality.

The left front and back sides, and right and front and back sides are visible in FIG. 1 and FIG. 2. The right and left “seam” sides are flat and include no ornamentality.

The views of both textural and plain fabric have been provided for clarity purposes to show the possible use of two different fabrics to add ornamental appearance and visual distinction of the cloth storage wrap. The broken lines indicate an example of an indiscriminate border, which forms no part of the claim.

The broken line showing of the sunbursts are for illustrative purposes only and form no part of the claimed design.
