(57) **CLAIM**

The ornamental design for a ceiling rack for pots, pans and utensils, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a ceiling rack in accordance with one embodiment, the optional mounting holes in the upper cross-piece portion of the ceiling rack are shown in dashed lines and form no part of the design.

FIG. 2 is a side view of the ceiling rack of FIG. 1 looking from the right side of FIG. 1, it being understood that the side view from the left side is a mirror image of the view shown in FIG. 2.

FIG. 3 is a top view of the ceiling rack of FIG. 1.

FIG. 4 is a front view of a ceiling rack of FIG. 1, it being understood that the rearview is the same as the front view.

FIG. 5 illustrates a bottom view of the ceiling rack of FIG. 1.

FIG. 6 is a perspective view of an alternative form of ceiling rack without a grid.

FIG. 7 is a side view of the ceiling rack of FIG. 6 looking from the right side of FIG. 6, it being understood that the side view from the left side is a mirror image of the view shown in FIG. 6.

FIG. 8 is a top view of the ceiling rack of FIG. 6.

FIG. 9 is a front view of the ceiling rack of FIG. 6, it being understood that the rearview is the same as the front view; and,

FIG. 10 illustrates a bottom view of the ceiling rack of FIG. 6.
