(57) **CLAIM**

The ornamental design for a main power line for tropical lights, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the first embodiment of a main power line for tropical lights, showing my new design; FIG. 2 is another perspective view thereof; FIG. 3 is a perspective view similar to that of FIG. 1, with the protective cap covers shown in broken lines. FIG. 4 is a perspective view of the second embodiment of a main power line for tropical lights, showing my new design; FIG. 5 is another perspective view thereof; and, FIG. 6 is a perspective view similar to that of FIG. 4, with the protective cap covers shown in broken lines. The broken line showing of the protective cap covers is for illustrative purposes only and forms no part of the claimed design.
