(57) **CLAIM**

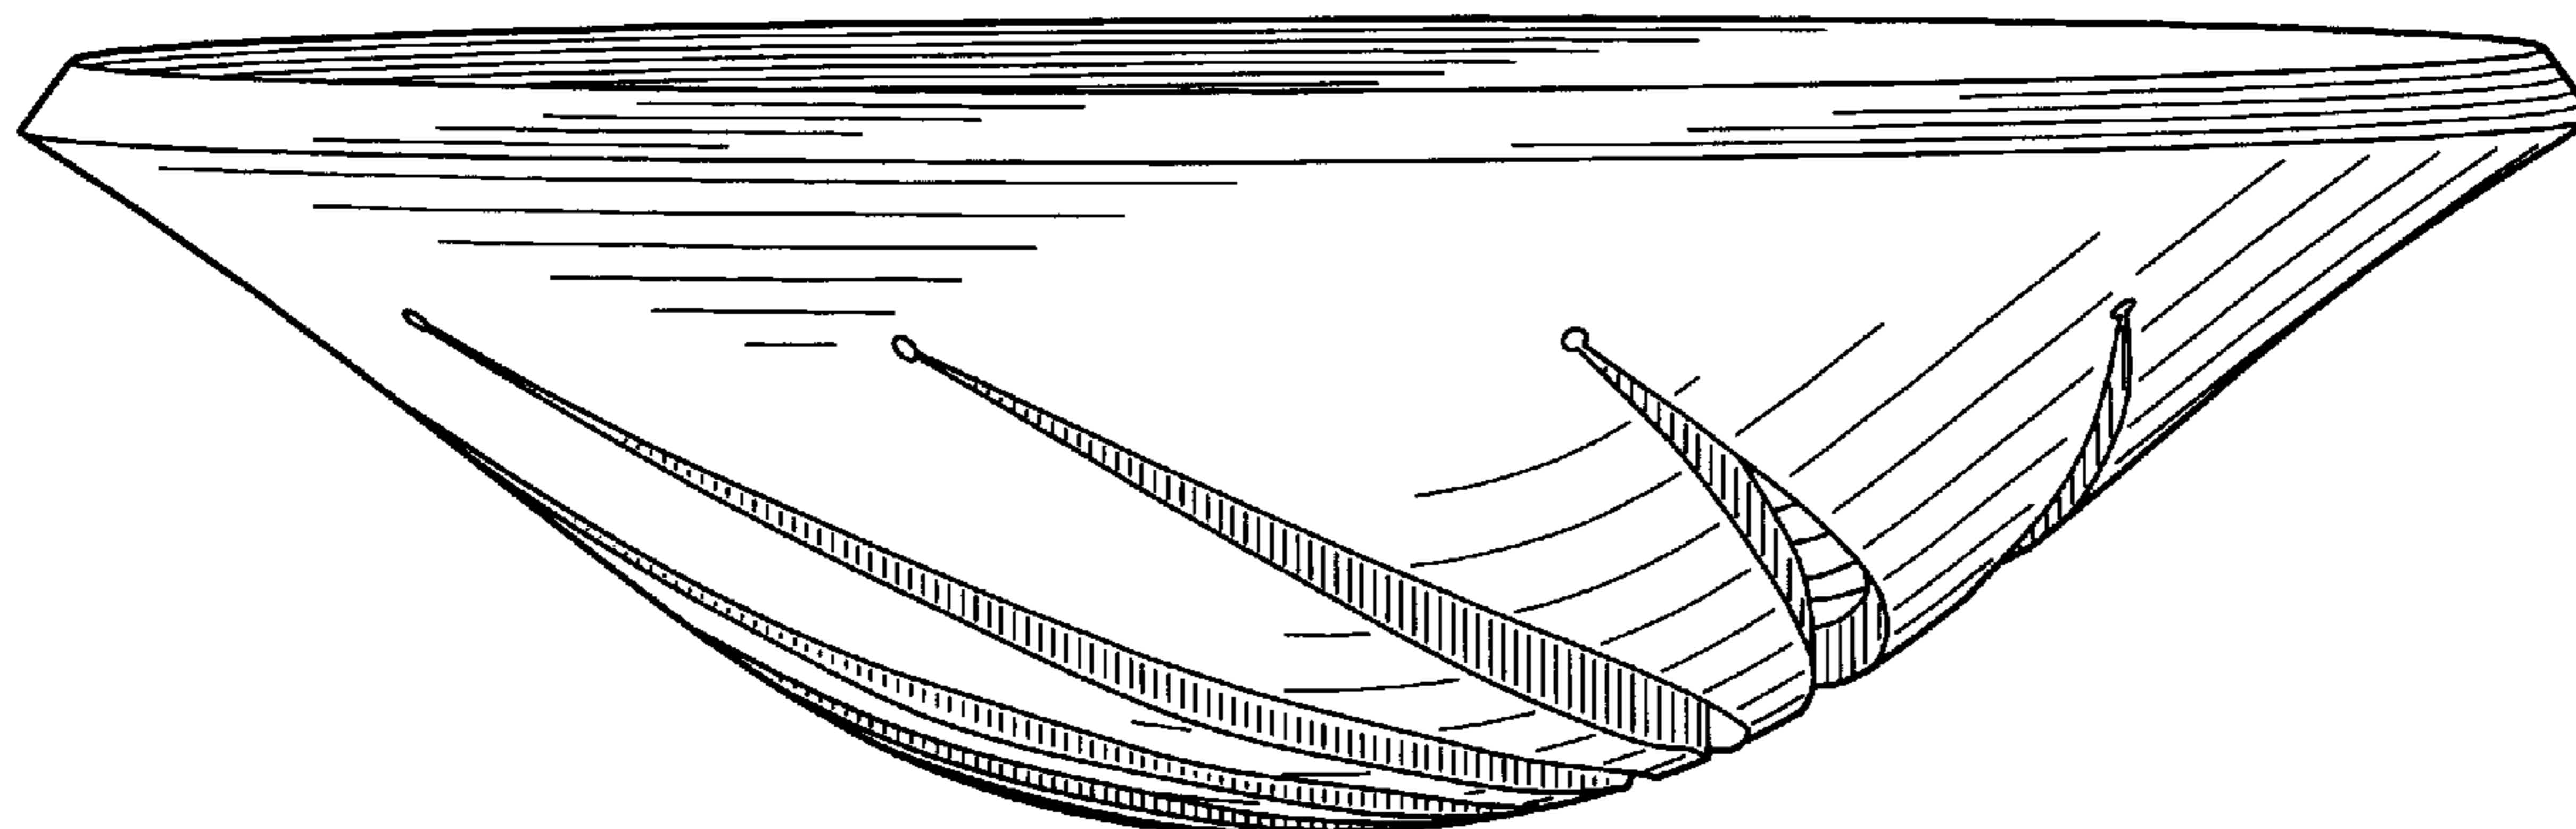

We claim the ornamental design for concaving float, as shown and described.

DESCRIPTION

FIG. 1 is a top view of a concaving float showing our new design, shown in a flat configuration;
FIG. 2 is a side perspective view shown transformed into a concaved configuration thereof;
FIG. 3 is a side view shown transformed into a concaved configuration thereof; and,
FIG. 4 is a side view shown transformed into a concaved configuration thereof, in which a floating subject is shown, in broken lines disposed therein.
The floating subject is shown in broken lines for illustrative purposes only and forms no part of the claimed design.
