(57) **CLAIM**

The ornamental design for a media connector, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the present media connector, wherein the portion of the media connector shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 2 is a front view of FIG. 1, wherein the portion of the media connector shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 3 is a top view of FIG. 1, wherein the portion of the media connector shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 4 is a bottom view of FIG. 1, wherein the portion of the media connector shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 5 is a left side view of FIG. 1, wherein the portion of the media connector shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only; and,

FIG. 6 is a right side view of FIG. 1, wherein the portion of the media connector shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.
