(57) **CLAIM**

The ornamental design for a microphone boom for a communications headset, as shown and described.

DESCRIPTION

FIG. 1 is an upper front left perspective view of a communications headset having a microphone boom and an ear-loop, the communications headset being configured to be worn on a left ear of a user, the broken line drawings of the earloop of the communications headset in the drawings herein are for illustrative purposes only and form no part of the claimed design.

FIG. 2 is a bottom plan view of the microphone boom for a communications headset of FIG. 1.

FIG. 3 is a top plan view of the microphone boom for a communications headset of FIG. 1.

FIG. 4 is a left side elevational view of the microphone boom for a communications headset of FIG. 1.

FIG. 5 is a right side elevational view of the microphone boom for a communications headset of FIG. 1.

FIG. 6 is a front elevational view of the microphone boom for a communications headset of FIG. 1; and,

FIG. 7 is a rear elevational view of the microphone boom for a communications headset of FIG. 1.
