(57) **CLAIM**

We claim the ornamental design for a one button external backup storage, as shown and described.

DESCRIPTION

FIG. 1 is a perspective front-top-right side view of a one button external backup storage according to the embodiment of the invention;

FIG. 2 is a front view of a one button external backup storage according to the embodiment of the invention;

FIG. 3 is a rear view of a one button external backup storage according to the embodiment of the invention;

FIG. 4 is a right side view of a one button external backup storage according to the embodiment of the invention;

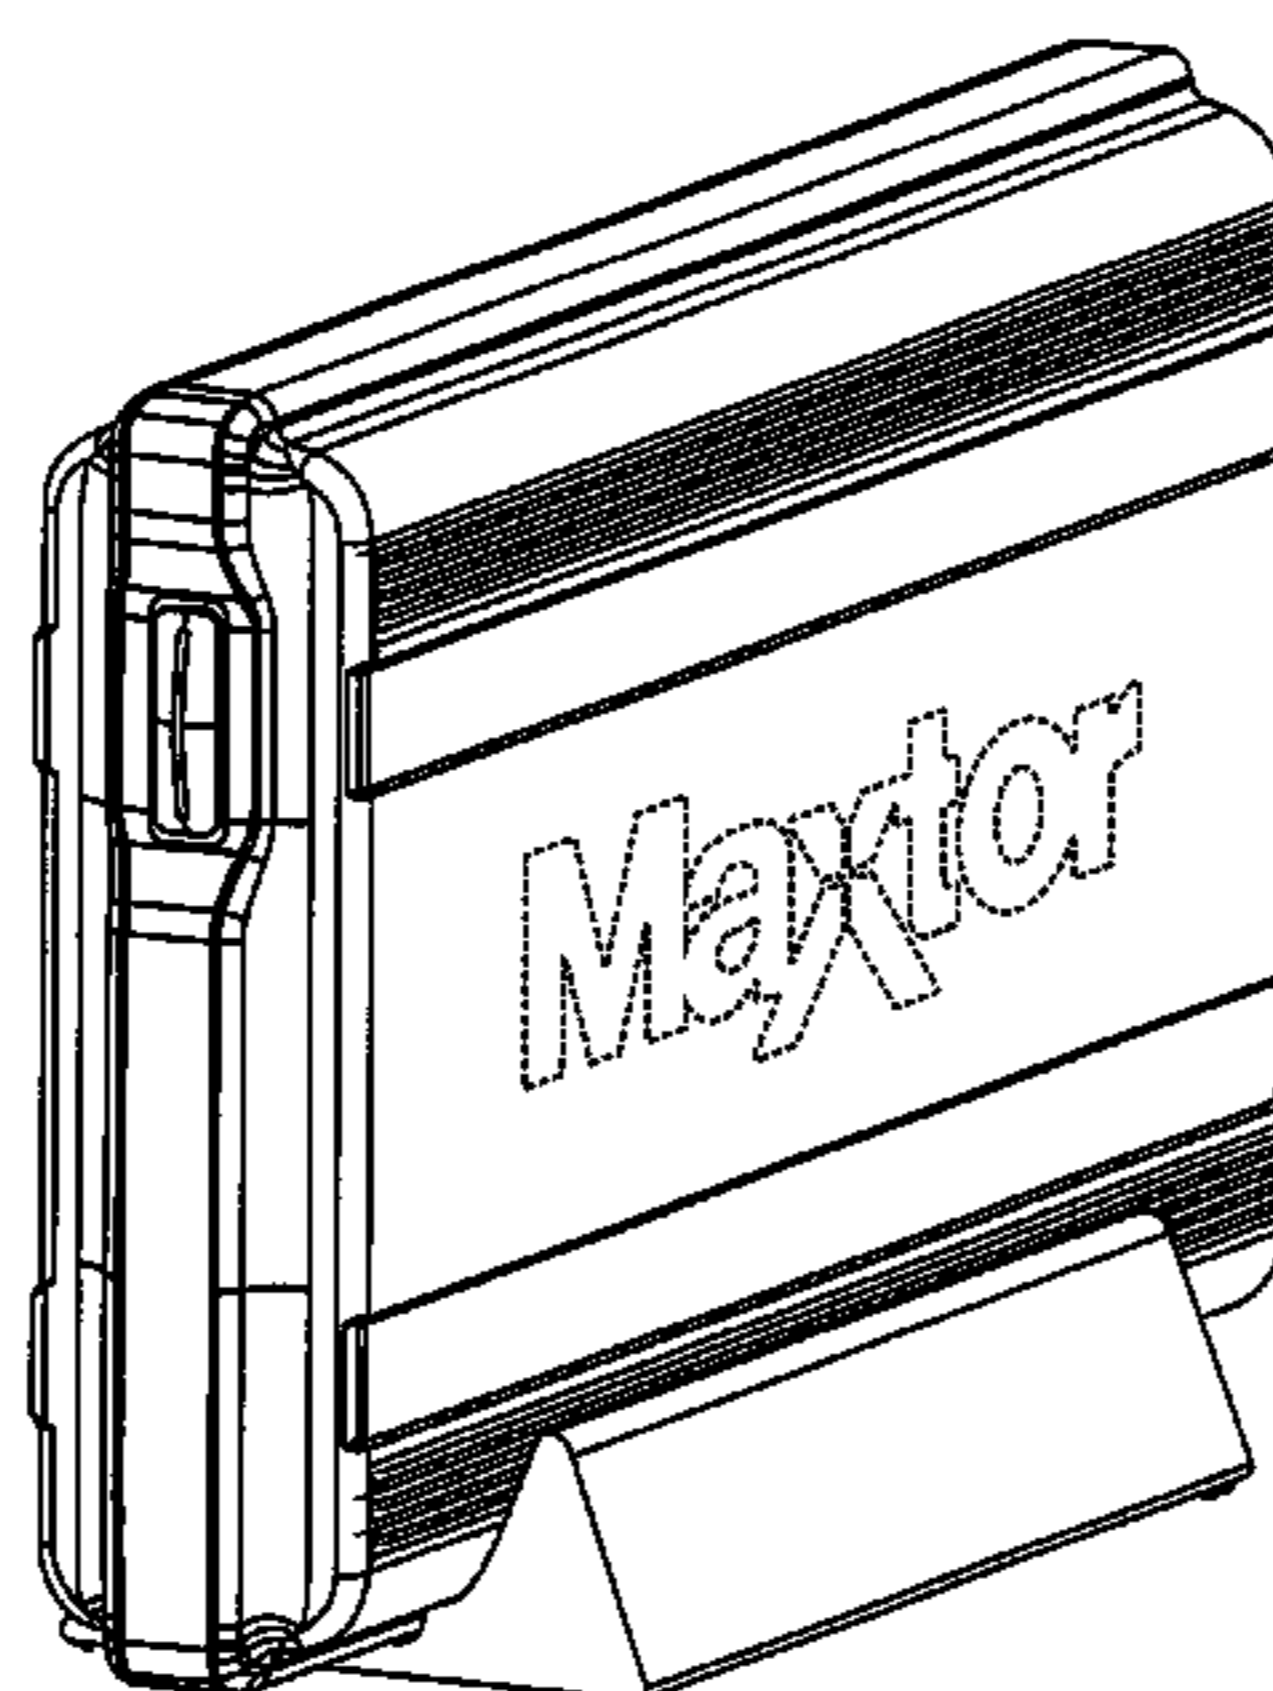

FIG. 5 is a left side view of a one button external backup storage according to the embodiment of the invention;

FIG. 6 is a top view of a one button external backup storage according to the embodiment of the invention; and,

FIG. 7 is a bottom view of a one button external backup storage according to the embodiment of the invention.

The ornamental design which is claimed is shown in solid lines in the drawings. The broken lines in the drawings are for illustrative purposes only and form no part of the claimed design.
