(57) **CLAIM**

The ornamental design for a surface decoration for a ball or a ball panel, as shown and described.

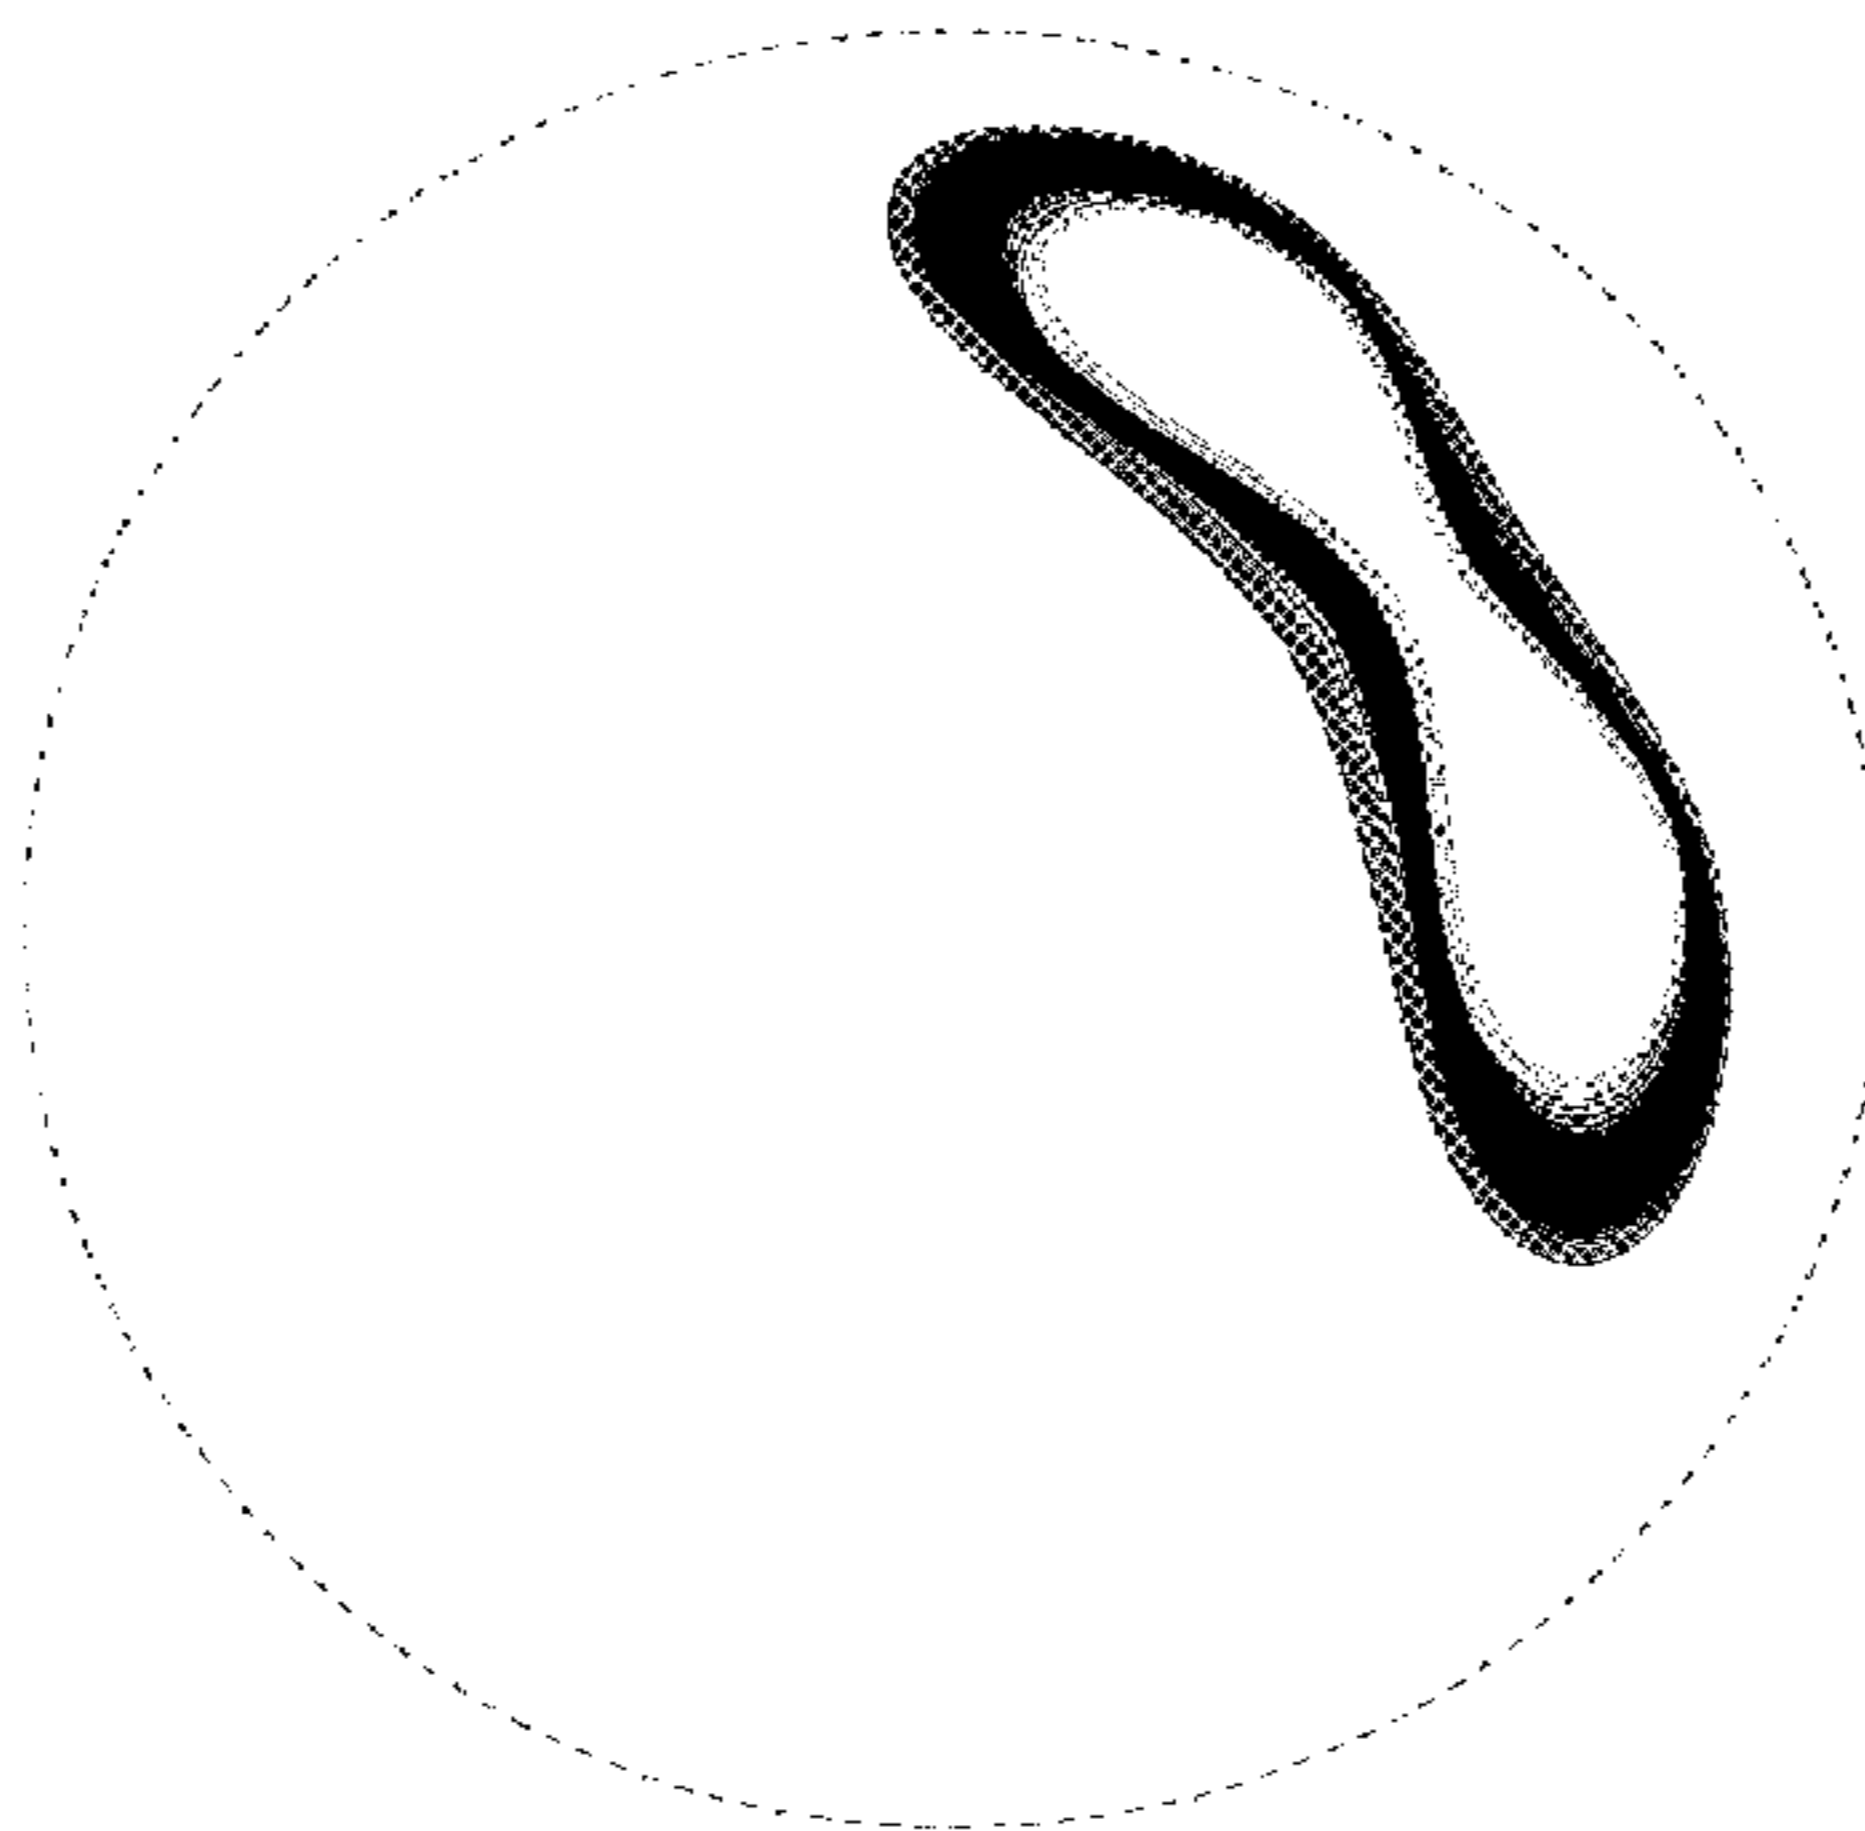

DESCRIPTION

FIG. 1 is a front view of a surface decoration for a ball or a ball panel; and,

FIG. 2 is a perspective view of the surface decoration for a ball or a ball panel when placed on a spherical surface.

A surface decoration for a ball or a ball panel is shown in FIGS. 1-2. Elements of FIG. 2 shown in broken lines are for illustrative purposes only and form no part of the claimed design. The surface decoration can be applied directly to a ball or a panel for a ball, the panel having a shape that corresponds generally to the perimeter of the surface decoration. Further, the surface decoration can be repeated at a number of locations over the surface of a ball.
