(57) **CLAIM**

The ornamental design for an apparatus for clamping a workpiece, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a apparatus for clamping a workpiece, showing my design;
FIG. 2 is a rear elevational view thereof;
FIG. 3 is a right side elevational view thereof, the left side elevational view being a mirror image of the side view shown;
FIG. 4 is a top plan view;
FIG. 5 is a bottom plan view;
FIG. 6 is a cross-sectional view thereof taken in the direction of the arrows along line 6—6 of FIG. 4; and,
FIG. 7 is a front elevational view thereof showing the design when in use with the workpiece.
The broken line illustration in FIG. 7 and the broken line showings in each of the figure views are for illustrative purposes only and form no part of the claimed design.
