(57) **CLAIM**

The ornamental design for a miniature novelty purse, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of a miniature novelty purse showing my new design, with the purse in a closed state;

FIG. 2 is a perspective view of the first embodiment thereof, with the purse in an open state;

FIG. 3 is a front elevational view of the first embodiment thereof, with the purse in a closed state;

FIG. 4 is a rear elevational view of the first embodiment thereof, with the purse in a closed state;

FIG. 5 is a right side elevational view of the first embodiment thereof, with the purse in a closed state;

FIG. 6 is a left side elevational view of the first embodiment thereof, with the purse in a closed state;

FIG. 7 is a top plan view of the first embodiment thereof, with the purse in a closed state;

FIG. 8 is a bottom plan view of the first embodiment thereof, with the purse in a closed state;

FIG. 9 is a front view thereof, shown in an unfolded condition. The broken lines shown on the surface are understood to represent fold lines; and,

FIG. 10 is a front elevational view of a handle of the first embodiment thereof.
