(57) **CLAIM**

The ornamental design for a portion of mesh rolling bin, as shown and described.

DESCRIPTION

FIG. 1 is a front, perspective view of a portion of mesh rolling bin showing our new design;

FIG. 2 is a side, perspective view thereof;

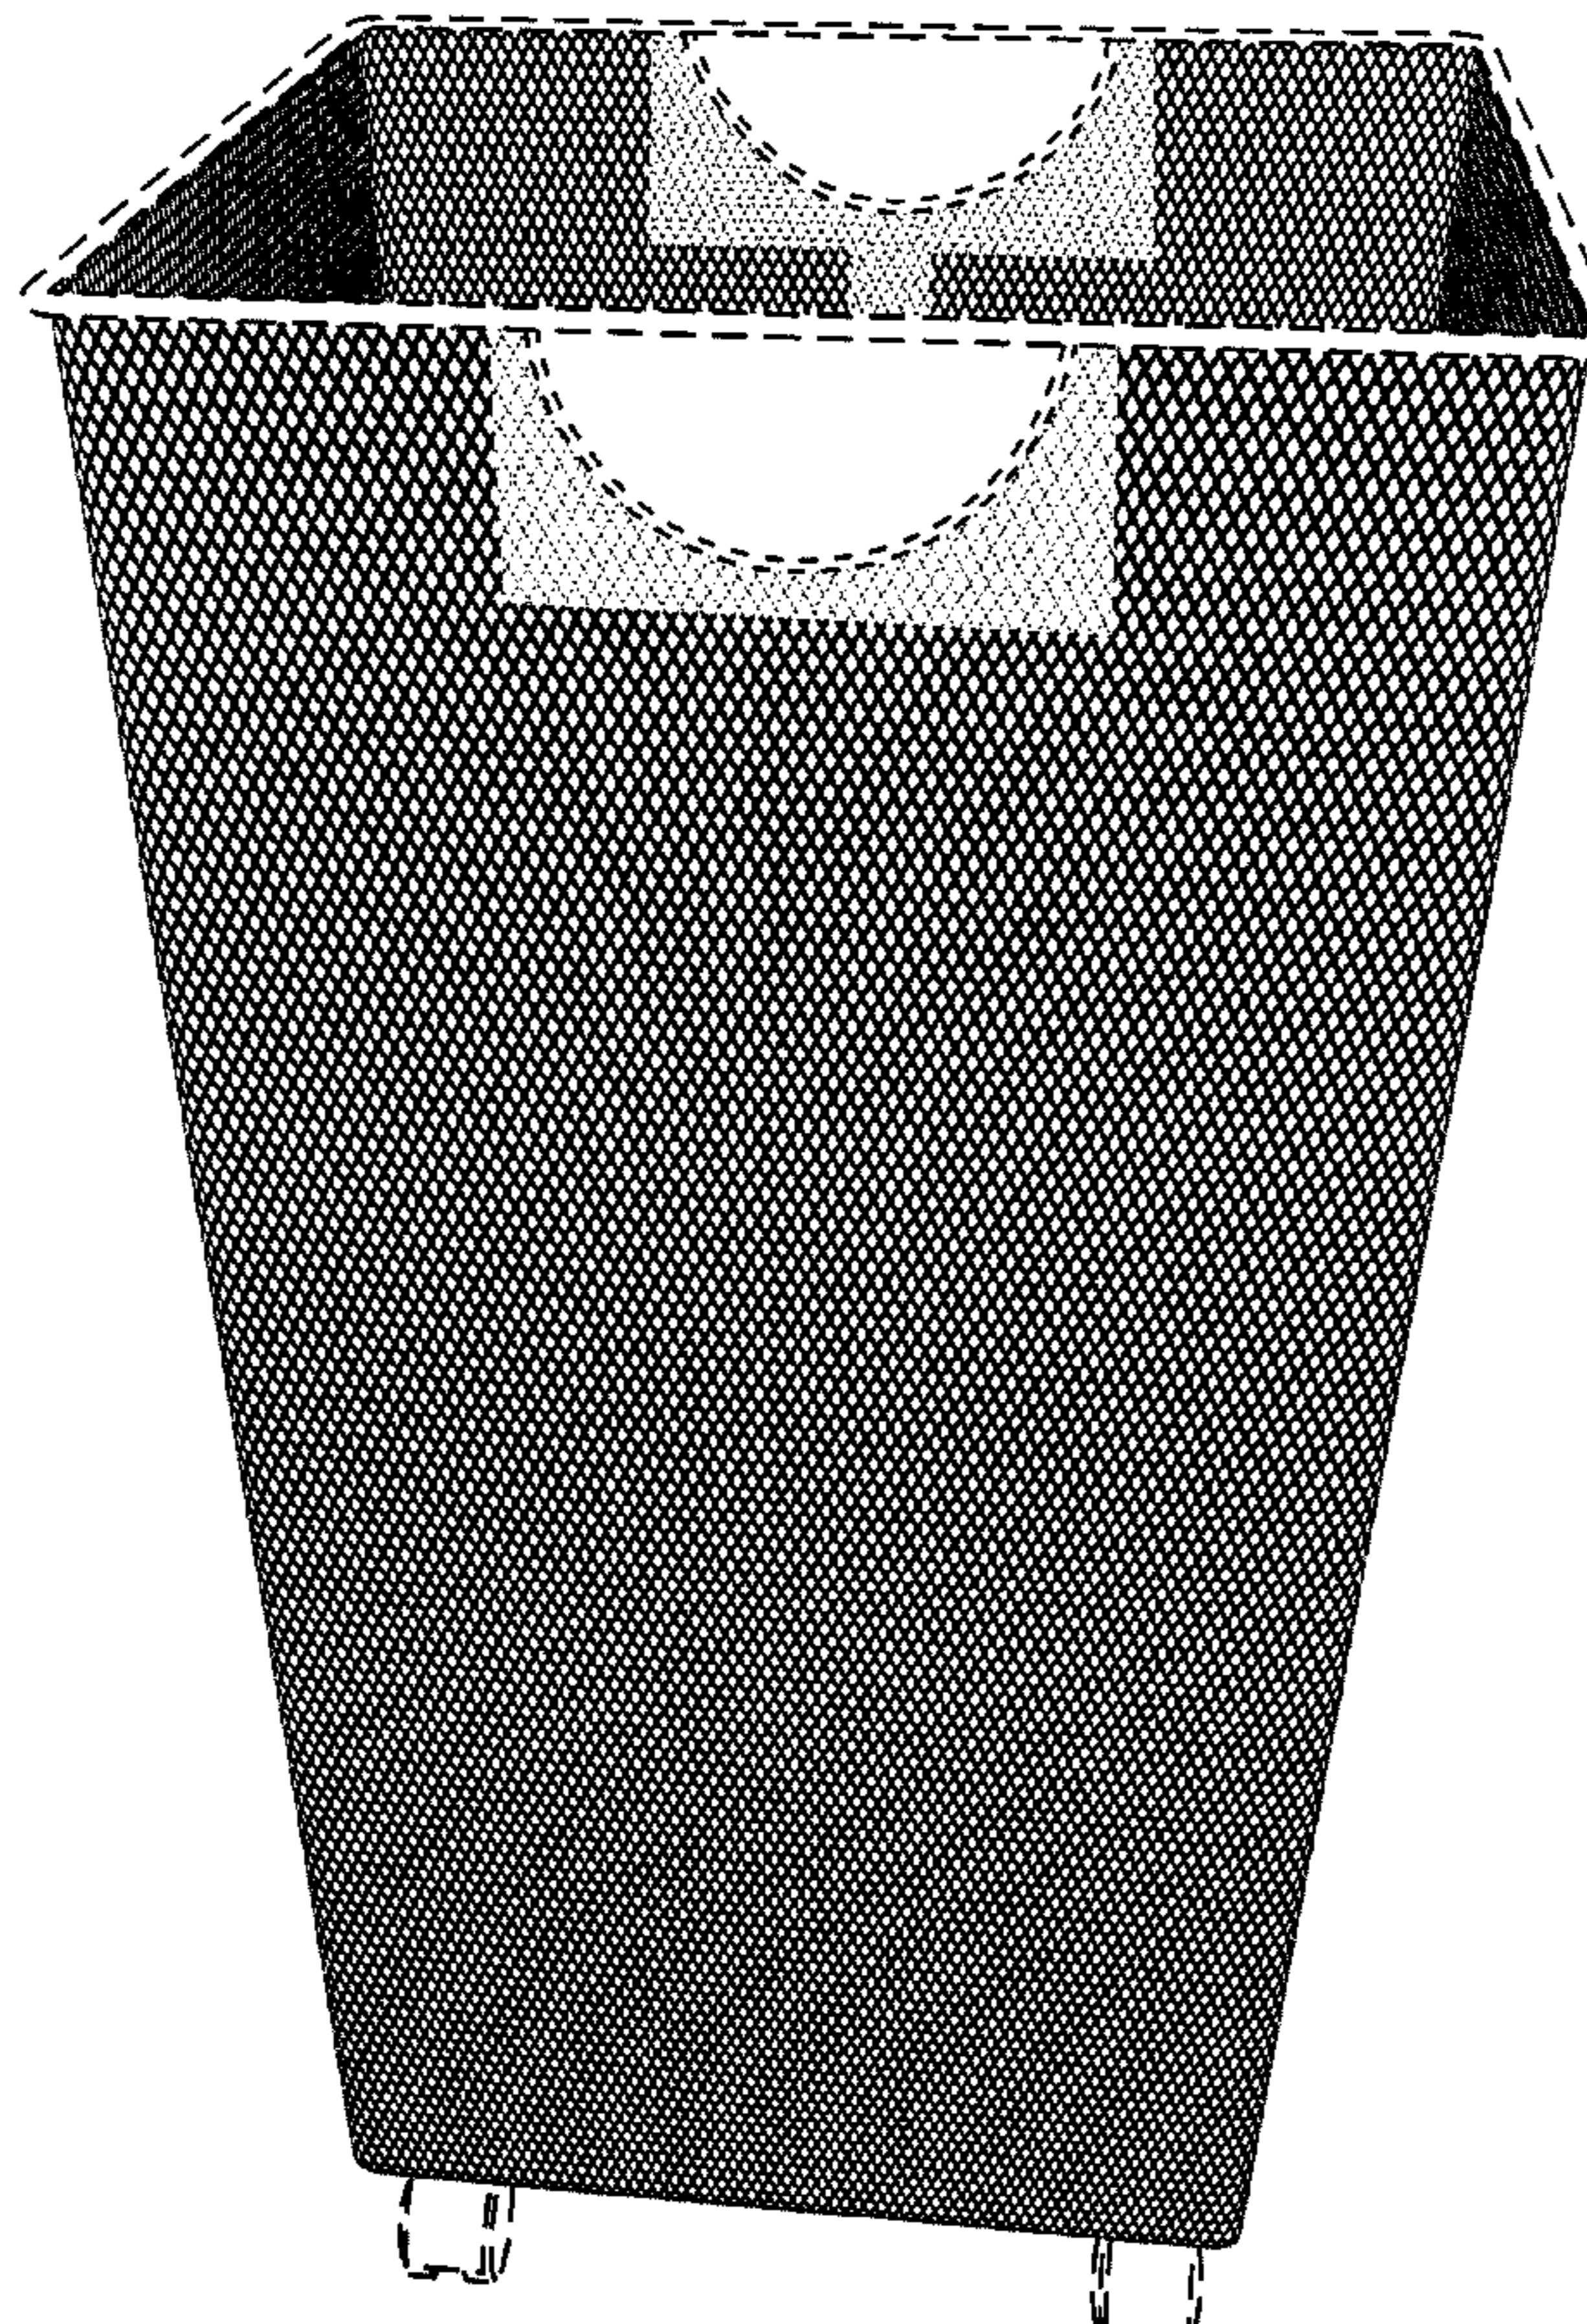

FIG. 3 is a front view thereof, the rear view being a mirror image;

FIG. 4 is a right side view thereof; and,

FIG. 5 is a left side view thereof.

The broken lines shown in the drawings are illustrative and form no part of the claimed design. The broken lines surrounding the handle openings and the broken line showing of the mesh in the drawings indicate that no particular handle shape is being claimed. The mesh material that may be visible through each of the handle openings and through the holes in the mesh has been removed for clarity.
