(57)CLAIM

We claim the ornamental design for the FM transmitter tuner, as shown and described.

#### **DESCRIPTION**

FIG. 1 is a perspective view of a FM transmitter tuner, in accordance with the present invention.

FIG. 2 is a top view of a FM transmitter tuner, in accordance with the present invention.

FIG. 3 is a right side view of a FM transmitter tuner, in accordance with the present invention.

FIG. 4 is a bottom view of a FM transmitter tuner, in accordance with the present invention.

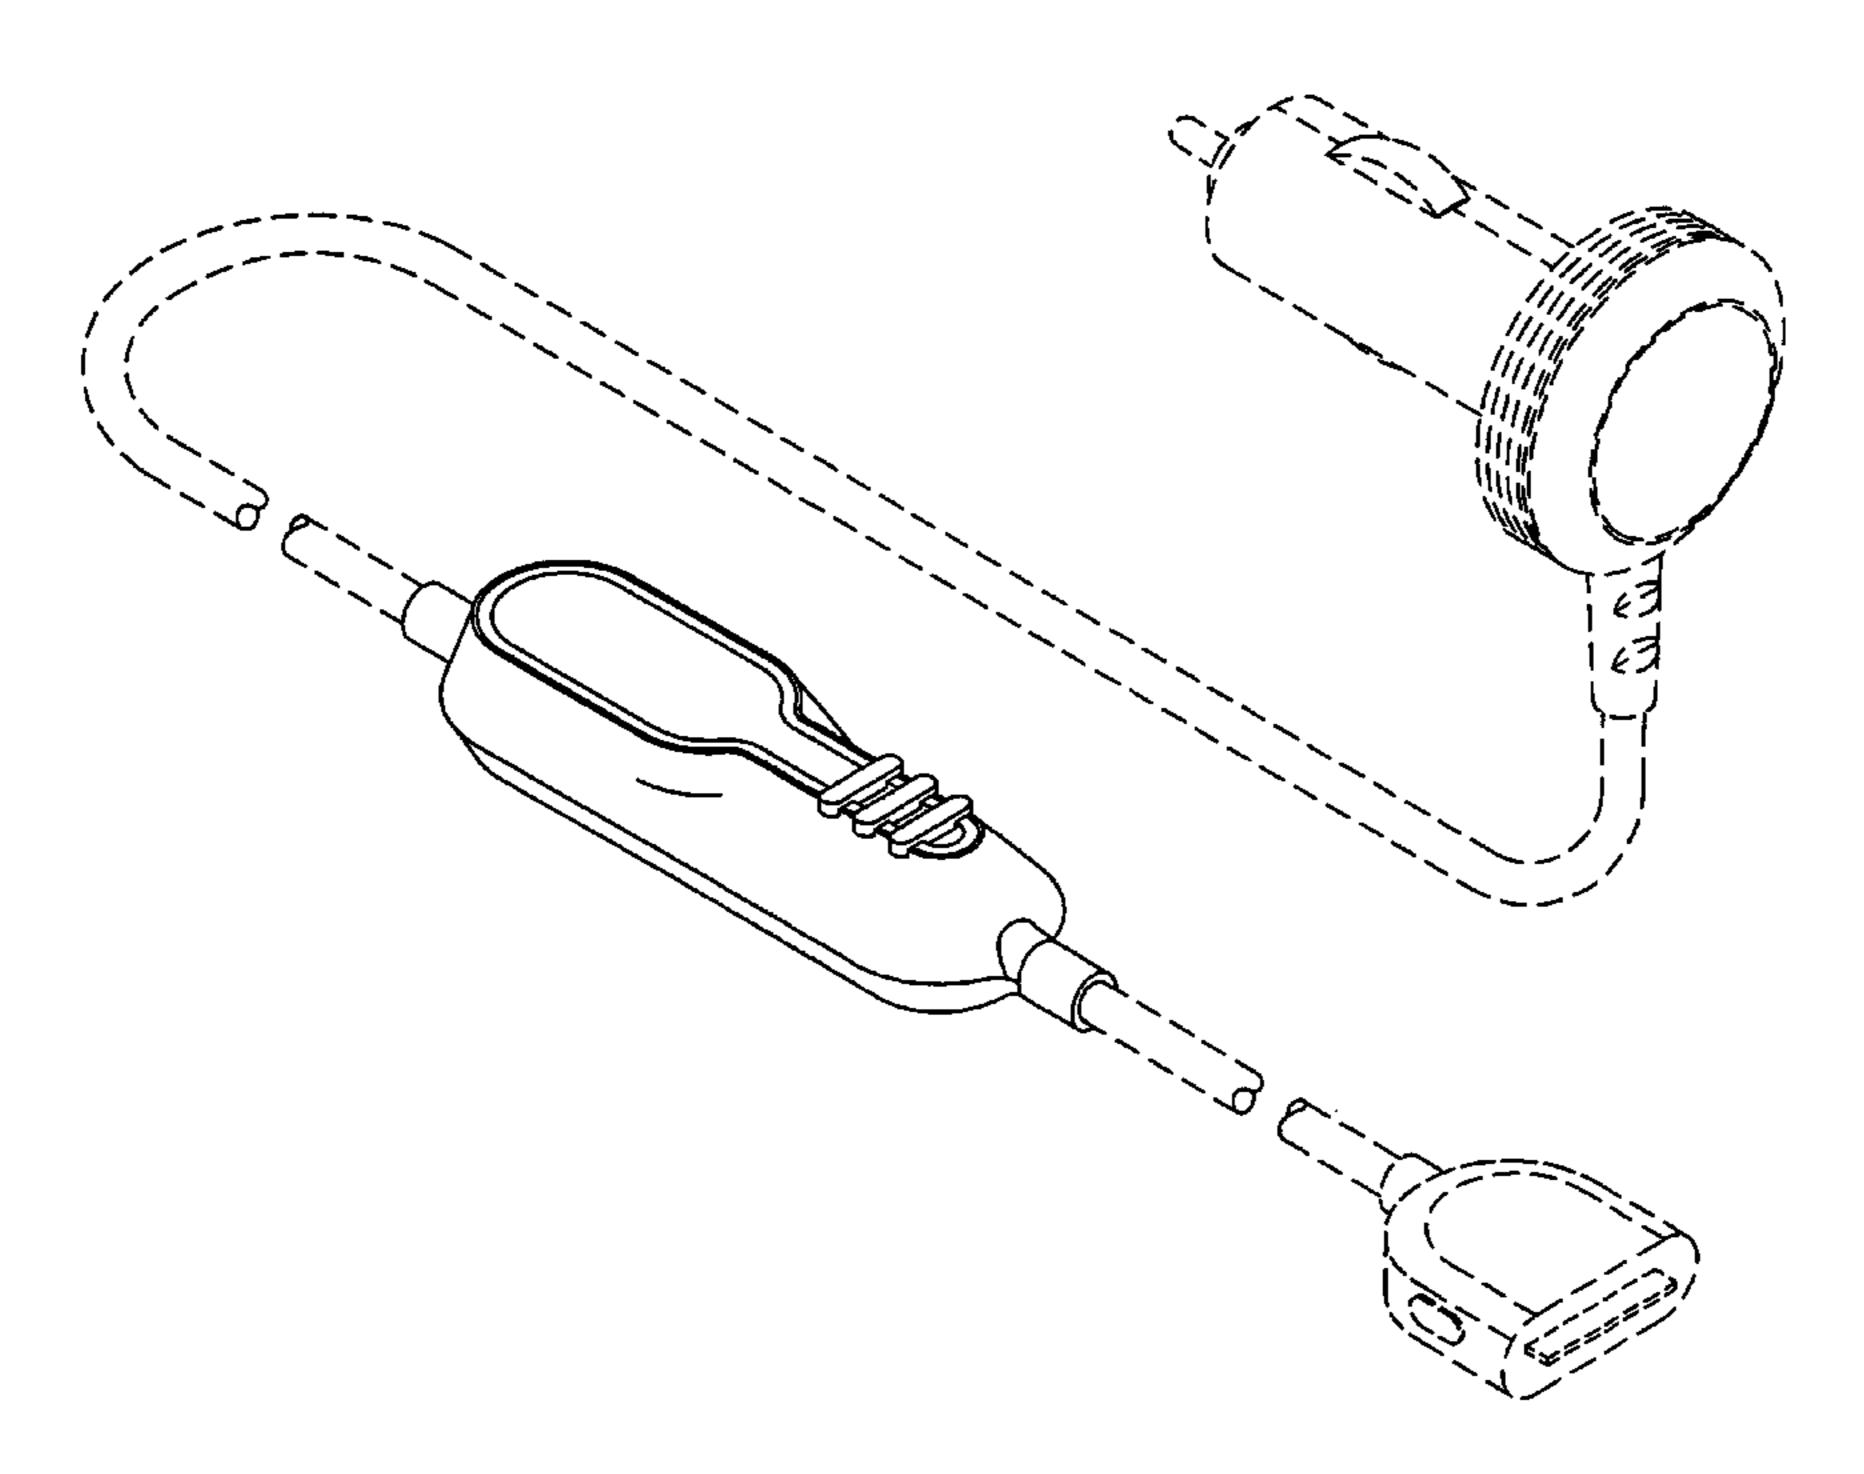

FIG. 5 is a left side view of a FM transmitter tuner, in accordance with the present invention.

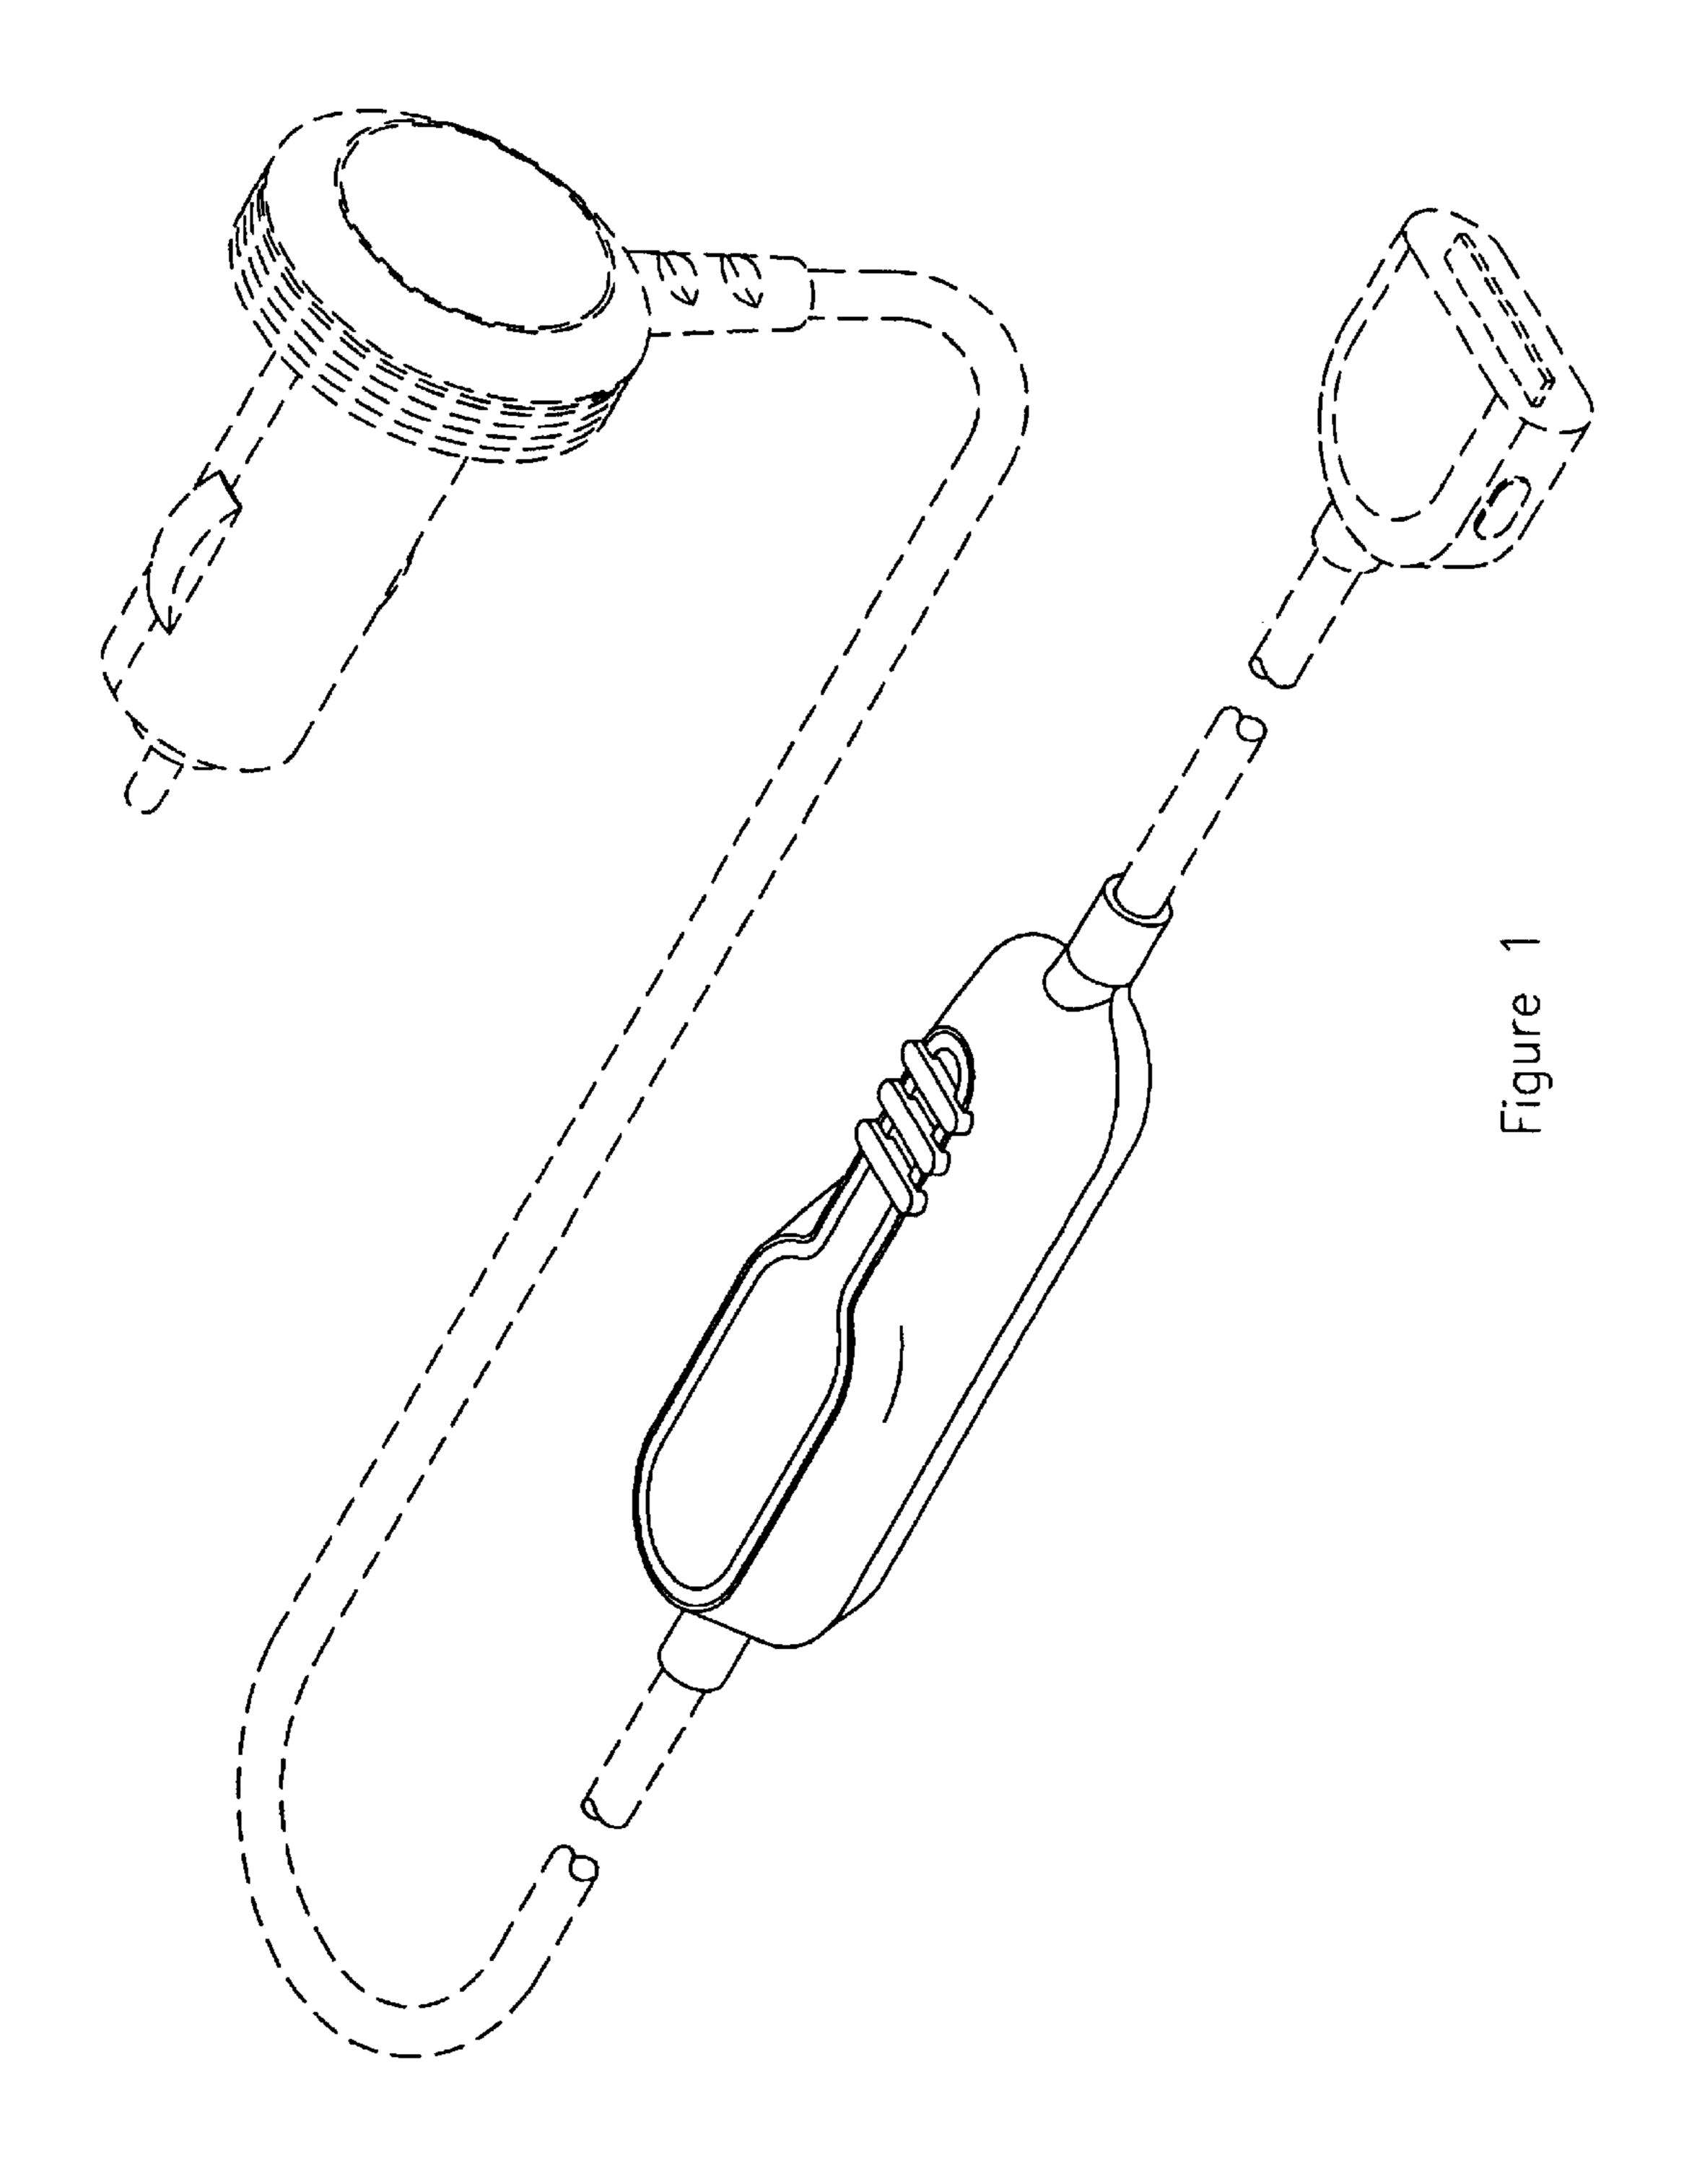

FIG. 6 is a front view of a FM transmitter tuner, in accordance with the present invention; and,

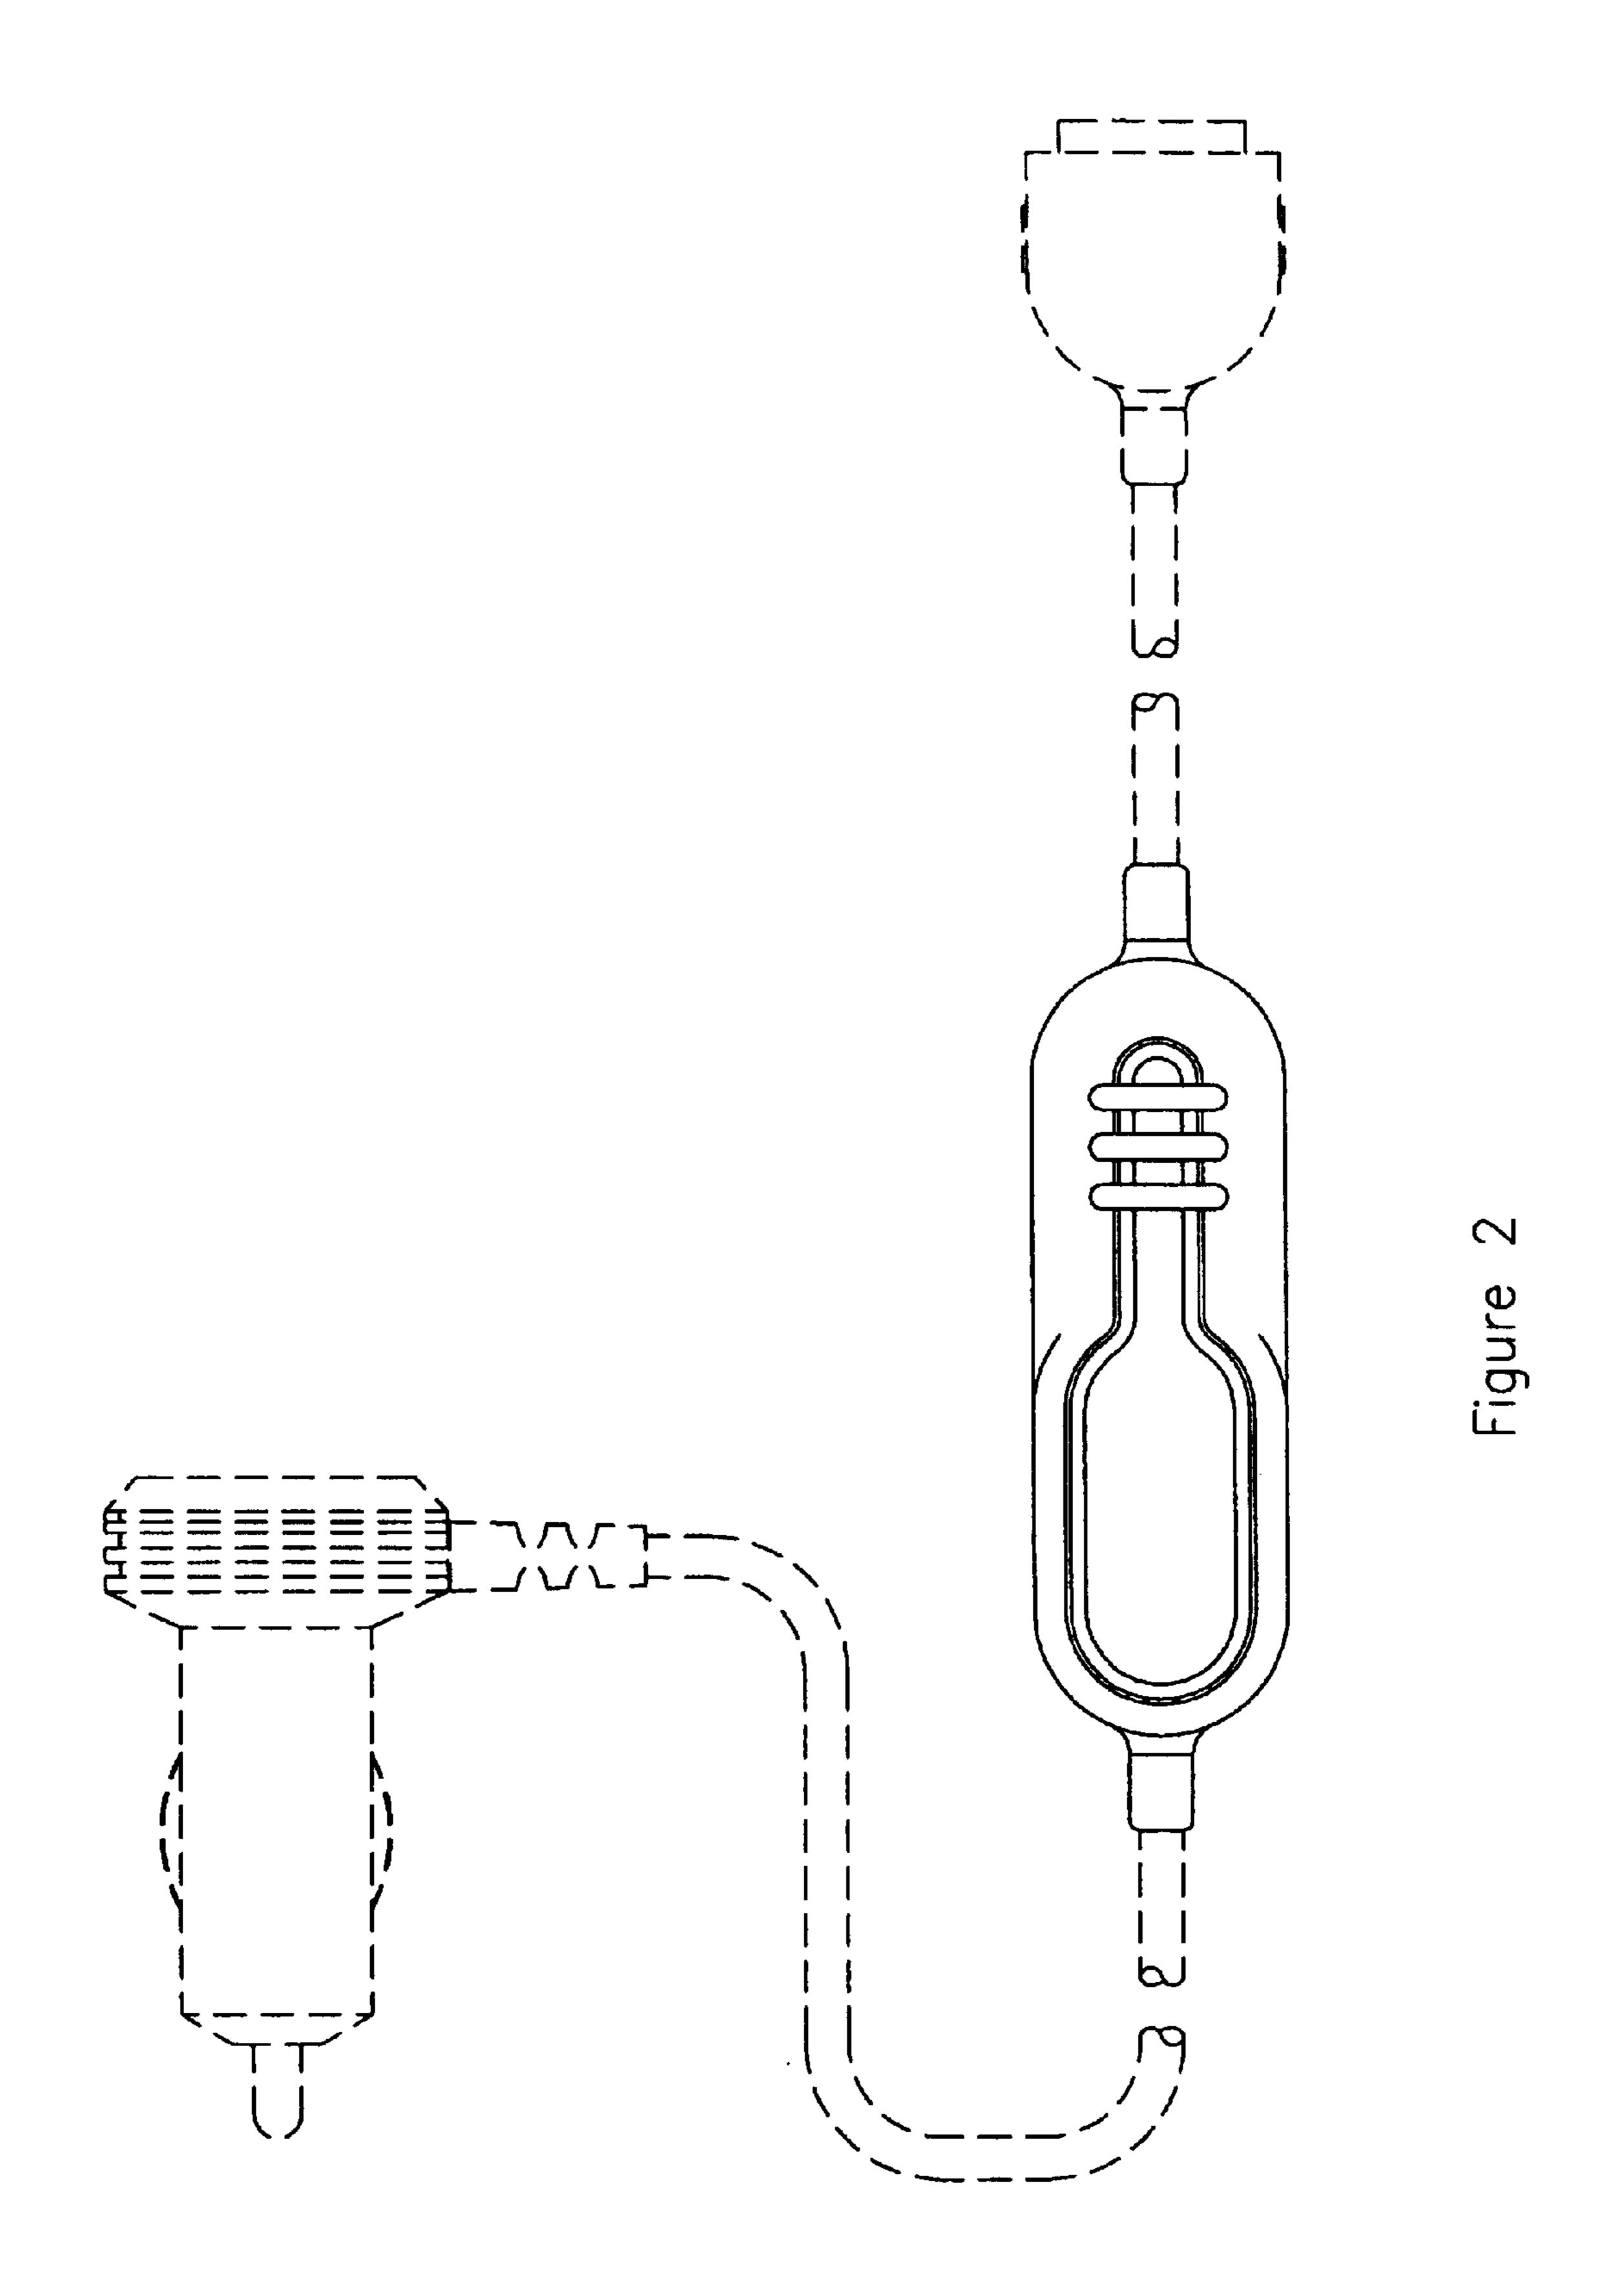

FIG. 7 is a rear view of a FM transmitter tuner, in accordance with the present invention. The broken lines shown throughout the views form no part of the claimed design.

The broken lines shown in FIGS. 1 and 2 showing plugs and connectors and wires in FIGS. 3, 4 and 5 are included for the purpose of showing environmental structure only and form no part of the claimed design.
