The ornamental design for a plug and play satellite radio and vehicle kit with rotating display device, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and right side perspective view of a plug and play satellite radio and vehicle kit rotating display device showing my new design;
FIG. 2 is a top, rear and left side perspective view thereof;
FIG. 3 is a top plan view thereof;
FIG. 4 is an exploded view of FIG. 1;
FIG. 5 is an exploded bottom view; and,
FIG. 6 is a front perspective view showing the device rotated at an alternate angle to its base.
