(57) **CLAIM**

The ornamental design of a level, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a level incorporating our new design, wherein the breaks indicate indeterminate length; FIG. 2 is a right side elevation view thereof, the left side elevation view being a mirror image; FIG. 3 is a top plan view thereof, the bottom plan view being identical; FIG. 4 is an end view thereof, the opposite end view being identical; FIG. 5 is an isometric view of a level having a first length, and incorporating our new design; FIG. 6 is a right side elevation view thereof, the left side elevation view being a mirror image; FIG. 7 is a top plan view thereof, the bottom plan view being identical; FIG. 8 is an end view thereof, the opposite end view being identical; FIG. 9 is an isometric view of a level having a second length, and incorporating our new design; FIG. 10 is a right side elevation view thereof, the left side elevation view being a mirror image; FIG. 11 is a top plan view thereof, the bottom plan view being identical; and, FIG. 12 is an end elevation view thereof, the opposite end elevation view being identical.
