(57) **CLAIM**

The ornamental design for a spout extension for rain gutter of recreational vehicle, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle in an orientation rotated 90 degrees clockwise from a position of use;

FIG. 2 is a top plan view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle in a position of use;

FIG. 3 is a front perspective view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle in an orientation rotated 90 degrees counterclockwise from a position of use;

FIG. 4 is a front perspective view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle in an upside-down orientation;

FIG. 5 is a rear and bottom perspective view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle in a position of use;

FIG. 6 is a front and top perspective view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle in a position of use;

FIG. 7 is another front and top perspective view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle rotated in the opposite direction in a position of use;

FIG. 8 is a rear and top perspective view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle in a position of use;

FIG. 9 is a front elevational view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle in the installed environment of use upon a gutter. The broken lines shown in this Figure are for illustrative purposes only and form no part of the claimed design;

FIG. 10 is a front perspective view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle in the installed environment of use upon a gutter. The broken lines shown in this Figure are for illustrative purposes only and form no part of the claimed design; and,

FIG. 11 is a bottom and rear perspective view illustrating the new ornamental design of a spout extension for rain gutter of recreational vehicle in the installed environment of use upon a gutter. The broken lines shown in this Figure are for illustrative purposes only and form no part of the claimed design.
