(57) **CLAIM**

The ornamental design for a television remote control calculator, as shown.

**DESCRIPTION**

A remote control with a built in calculator. The remote control comprises of an LCD display screen, numbered buttons, mathematic sign buttons, and a locking mechanism. The remote can be programmed so that in order for the channel to be changed, the viewer must type in a mathematical equation that equals the desired number. The remote also comprises of a universal remote function.

FIG. 1 is a front elevational view of a television remote control calculator showing my new design;

FIG. 2 is a rear elevational view thereof;

FIG. 3 is a left side elevational view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a top plan view thereof; and,

FIG. 6 is a bottom plan view thereof.
