(57) **CLAIM**

The ornamental design for an icon for the display screen of cellularly communicative electronic device, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent may contain material to which a claim for copyright is made. To the extent that such copyrightable materials is included herein, the copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

The single FIGURE is a front elevational view of an icon for a display screen of a cellularly communicative electronic device.

The broken line drawing of a display screen and a cellularly communicative electronic device is for illustrative purposes only and forms no part of the claimed design.
