(57) **CLAIM**

What is claimed is the ornamental design for an adhesive printable skin for a portable electronic device, as shown and described.

**DESCRIPTION**

FIG. 1 is an elevated, perspective view of the adhesive printable skin for a portable electronic device, which includes a pre-cut or scored printable layer, an adhesive layer, and a pre-cut or scored backing layer in accordance with the present invention;

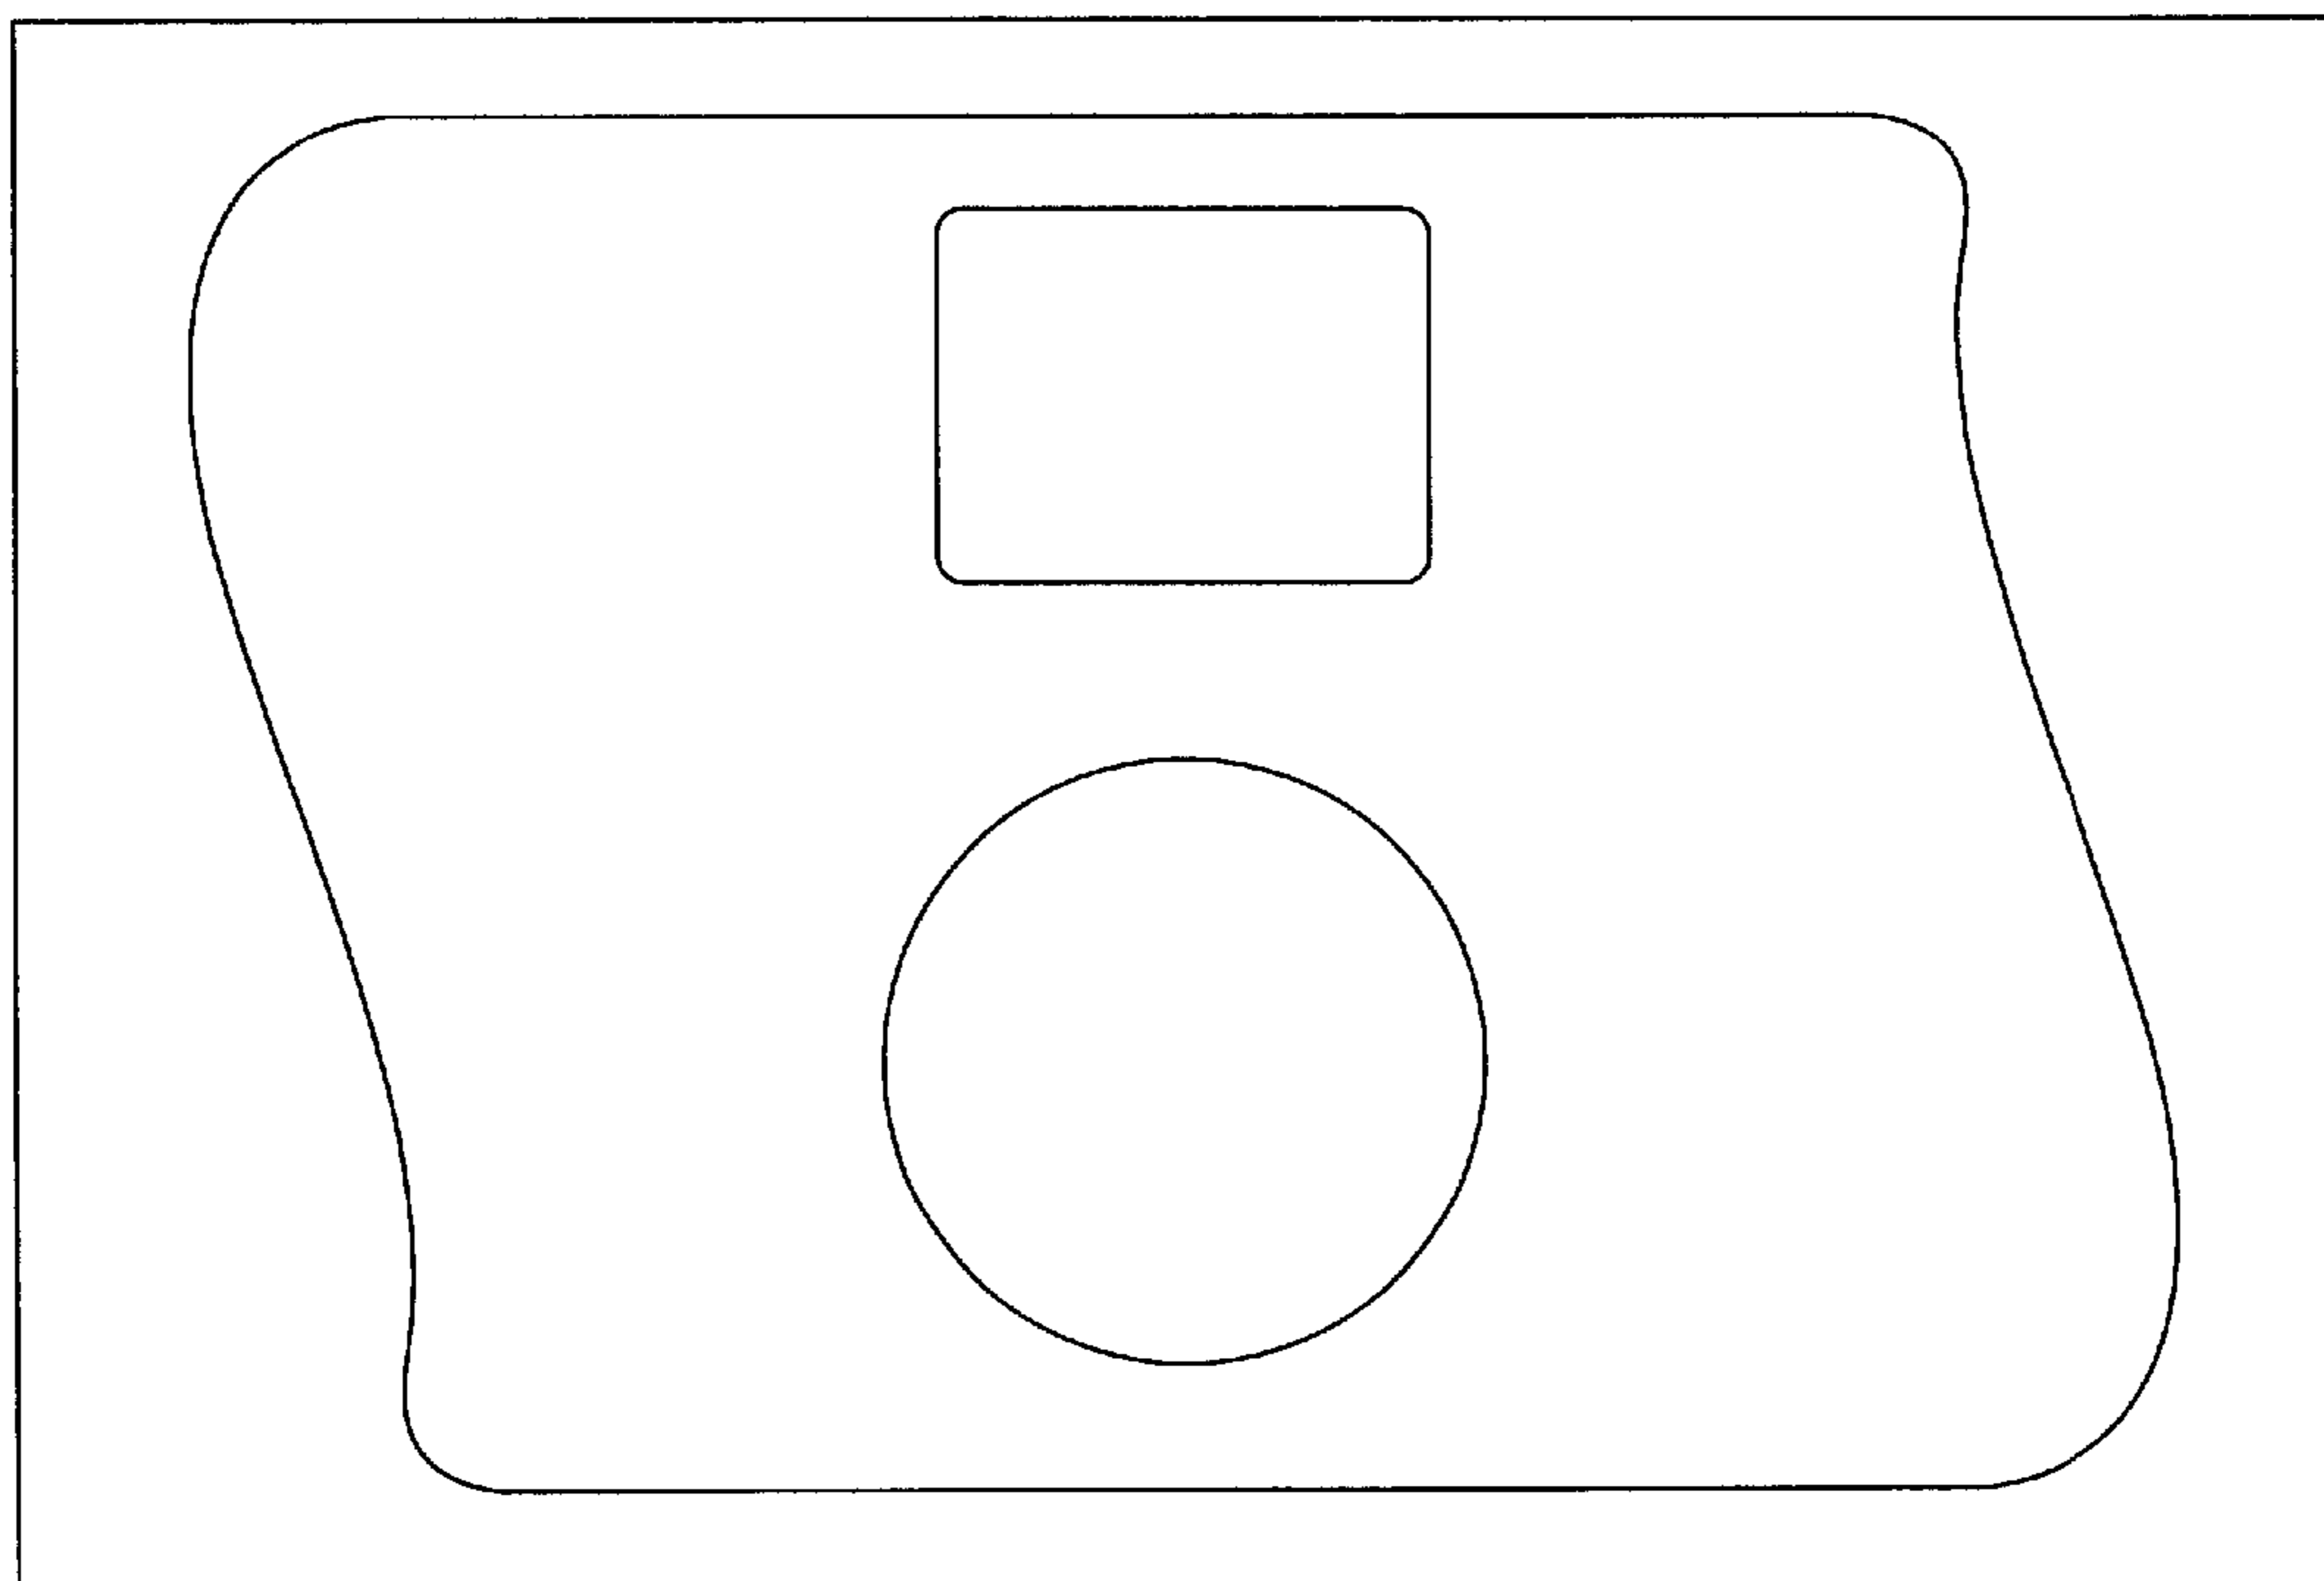

FIG. 2 is a top plan view of the embodiment shown in FIG. 1, further depicting the pre-cut or scored printable layer;

FIG. 3 is a bottom plan view of the embodiment shown in FIG. 1, further depicting an embodiment of the pre-cut or scored backing layer which forms no part of the claimed invention;

FIG. 4 is a lower edge view of the embodiment shown in FIG. 1, an opposing upper edge view having the same appearance thereof; and,

FIG. 5 is a side edge view, taken from the left side of FIG. 1, an opposing side edge having the same appearance thereof.
