(57) **CLAIM**

The ornamental design for the package for one or more external defibrillator electrodes, as shown and described.

**DESCRIPTION**

FIG. 1 is an isometric view of a package for one or more external defibrillator electrodes.

FIG. 2 is a plan top view of a package for one or more external defibrillator electrodes.

FIG. 3 is a plan front view of a package for one or more external defibrillator electrodes.

FIG. 4 is a plan back view of a package for one or more external defibrillator electrodes.

FIG. 5 is a plan bottom view of a package for one or more external defibrillator electrodes.

FIG. 6 is a plan side view of a package for one or more external defibrillator electrodes.

FIG. 7 is a plan top view of an opened package for one or more external defibrillator electrodes, in the context of storing conventional electrodes for an external defibrillator; and,

FIG. 8 is a plan top view of an opened package for one or more external defibrillator electrodes, in the context of storing heart-shaped electrodes for an external defibrillator.

The broken line showings in the figures are for illustrative purposes only and form no part of the claimed design as shown and described herein.
