(57) **CLAIM**

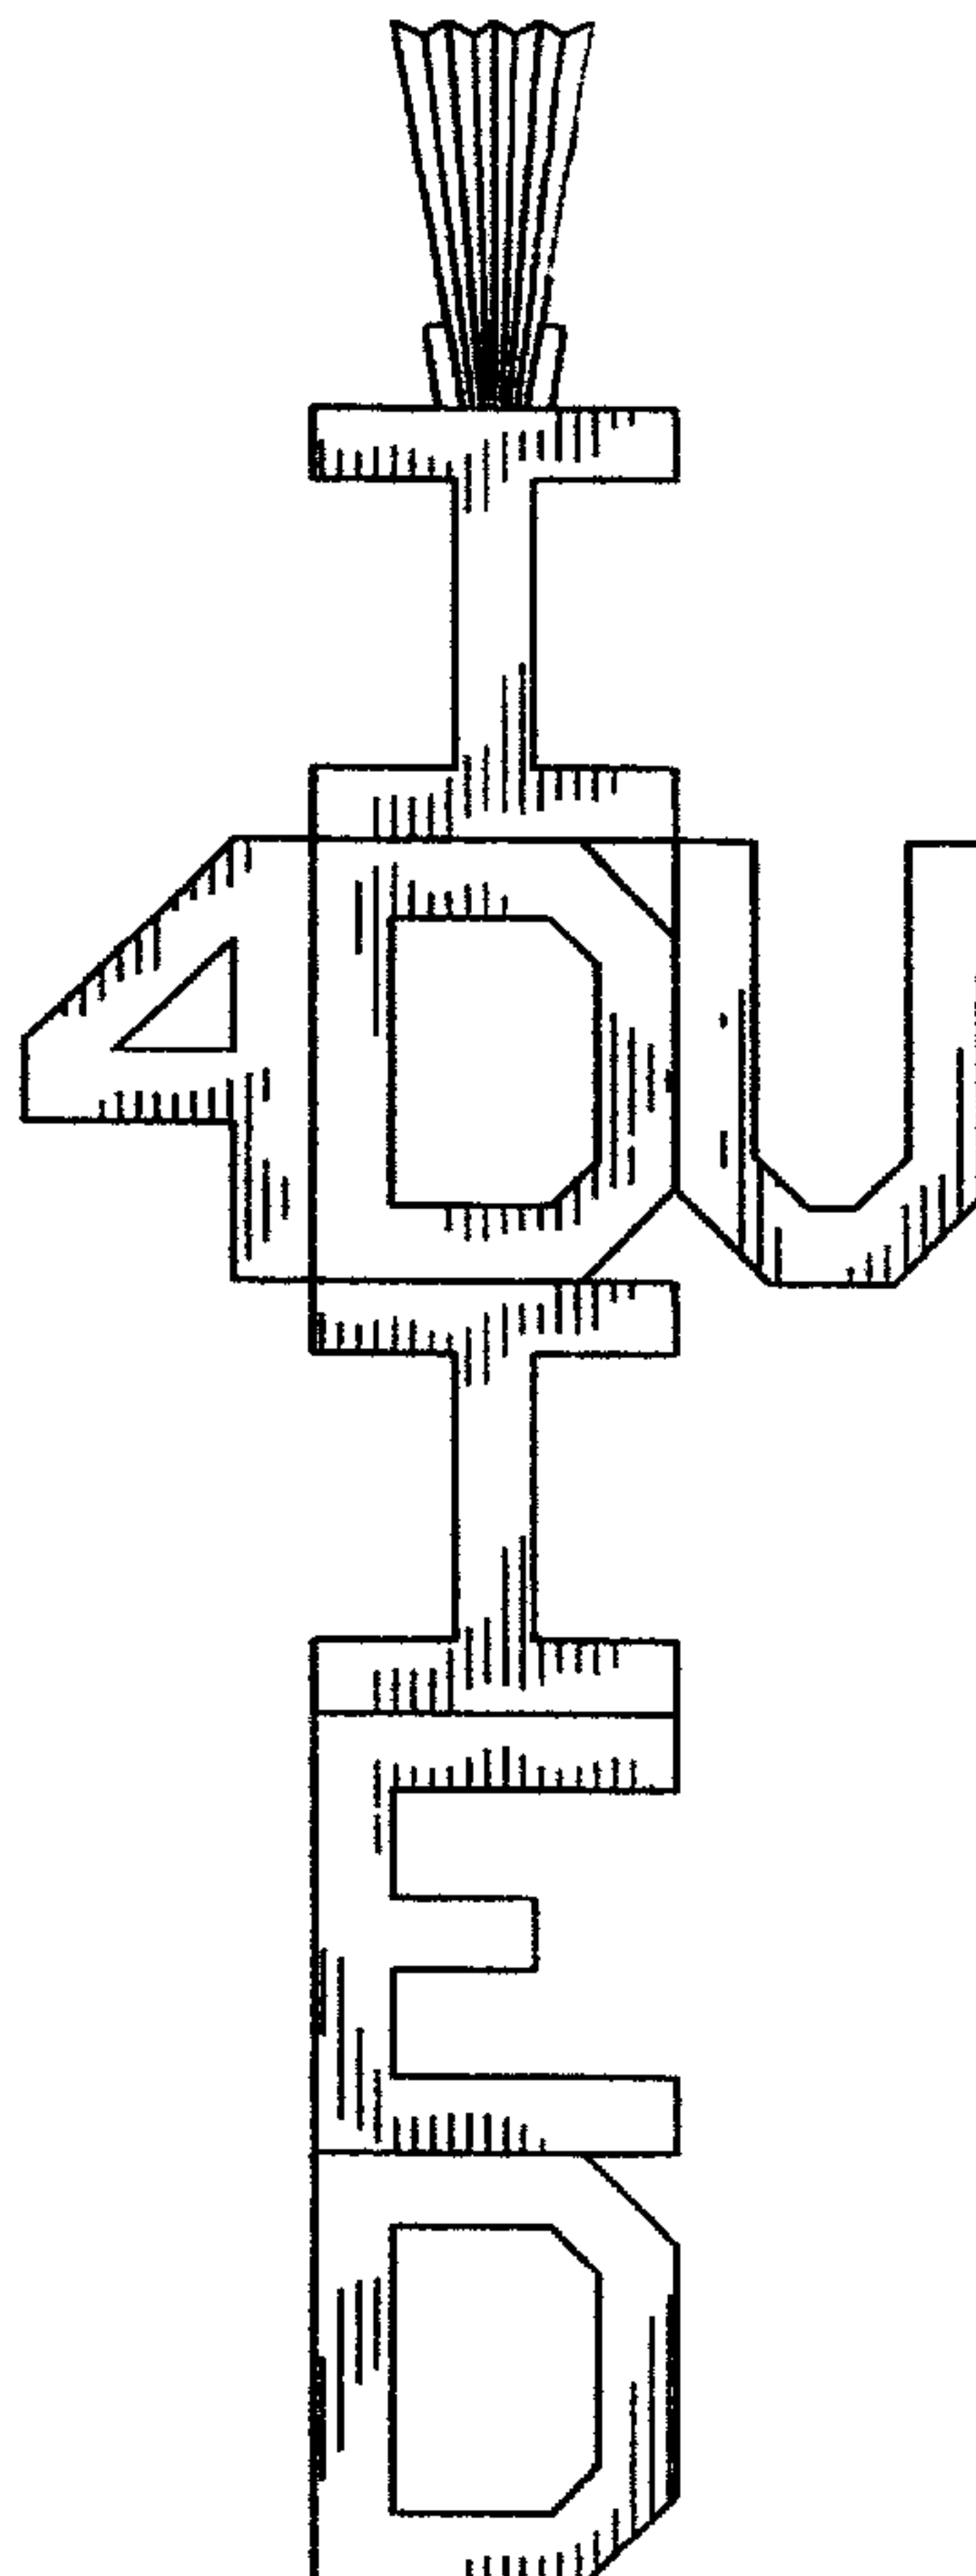

The ornamental design for a cross, as shown.

DESCRIPTION

A cross pendant for a necklace, embodying the statement “I Died 4 U.” The words “I DIED” are written in capital letters, with the letters stacked downwards in a 2 inch vertical line. The numeral “4” is attached to the left side of the first D in “DIED.” The letter “U” attaches directly to the other side of the this same “D” in “DIED.” This horizontal line of “4DU” measures 1¾ inches. The letters are 1/16 inch in thickness. At the top of the lettering, on the letter “I”, a conventional clasp attaches to allow the cross to hang from a necklace. The overall effect of the design is a cross shape.

FIG. 1 is a frontal view of my design, depicting the cross and the statement.
