(57) **CLAIM**

The ornamental design for a button appliqué, as shown and described.

DESCRIPTION

The sole FIGURE is a front elevational view showing my new design for a button appliqué; it being understood that the face structure is a button, the hat and scarf made from craft materials, and the hairstyle and earrings from rhinestones.

The broken lines around the button appliqué indicate a sheet good of indeterminate length and width. The broken lines and sheet good form no part of the claimed design.
