(57) **CLAIM**

The ornamental design for a microphone, as shown and
described.

DESCRIPTION

FIG. 1 is a top perspective view of a microphone showing
our new design;

FIG. 2 is another top perspective view thereof, with the
windscreen shown in broken lines in FIG. 1 removed;

FIG. 3 is a side elevational view thereof, the other side being
identical thereto;

FIG. 4 is a front end elevational view thereof; and,

FIG. 5 is a rear end elevational view thereof.

The broken line representations of a windscreen in FIGS. 1
and 3-5 are for illustrative purposes only and form no part
of our claimed design. The broken line representations of the
front end of the microphone in FIGS. 2, 3 and 4 are for
illustrative purposes only and form no part of the claimed
design. The broken line circle in FIG. 5 represents the
bounds of our claimed design; the region within the broken
line circle forms no part of the claimed design.
