(57) **CLAIM**

The ornamental design for an antenna of identification tag for reading write-in equipment, as shown and described.

**DESCRIPTION**

FIG. 1 is a photograph depicting a front view of our new design for an antenna of identification tag for reading write-in equipment;

FIG. 2 is a photograph depicting a rear view of the antenna of identification tag for reading write-in equipment of FIG. 1;

FIG. 3 is a photograph depicting a plan view of the antenna of identification tag for reading write-in equipment of FIG. 1;

FIG. 4 is a photograph depicting a bottom view of the antenna of identification tag for reading write-in equipment of FIG. 1;

FIG. 5 is a photograph depicting a right side view of the antenna of identification tag for reading write-in equipment of FIG. 1;

FIG. 6 is a photograph depicting a left side view of the antenna of identification tag for reading write-in equipment of FIG. 1;

FIG. 7 is a photograph depicting a first perspective view of the antenna of identification tag for reading write-in equipment of FIG. 1;

FIG. 8 is a photograph depicting a second perspective view of the antenna of identification tag for reading write-in equipment of FIG. 1 in a state of use; and,

FIG. 9 is a photograph depicting a third perspective view of the antenna of identification tag for reading write-in equipment of FIG. 1 in a state of use.

The hand in FIGS. 8 and 9 is shown to illustrate a state of use of the antenna of identification tag for reading write-in equipment and is not a part of the claimed design.
