(57) **CLAIM**

The ornamental design for an electronic scale, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the electronic scale with its inner and outer covers lowered, showing the new design;

FIG. 2 is a front view of the electric scale with its inner and outer covers lowered;

FIG. 3 is a rear view of the electronic scale with its inner and outer covers lowered;

FIG. 4 is a side view of the electronic scale with its inner and outer covers lowered;

FIG. 5 is another side view of the electronic scale with its inner and outer covers lowered;

FIG. 6 is a top view of the electronic scale with its inner and outer covers lowered;

FIG. 7 is a bottom view of the electronic scale with its inner and outer covers lowered;

FIG. 8 is a front perspective view of the electronic scale with its inner cover lowered and its outer cover raised;

FIG. 9 is a front view of the electronic scale with its inner cover lowered and its outer cover raised;

FIG. 10 is a rear view of the electronic scale with its inner cover lowered and its outer cover raised;

FIG. 11 is a side view of the electronic scale with its inner cover lowered and its outer cover raised;

FIG. 12 is another side view of the electronic scale with its inner cover lowered and its outer cover raised;

FIG. 13 is a top view of the electronic scale with its inner cover lowered and its outer cover raised;

FIG. 14 is a bottom view of the electronic scale with its inner cover lowered and its outer cover raised;

FIG. 15 is a front perspective view of the electronic scale with its inner and outer covers raised;

FIG. 16 is a front view of the electronic scale with its inner and outer covers raised;

FIG. 17 is a rear view of the electronic scale with its inner and outer covers raised;

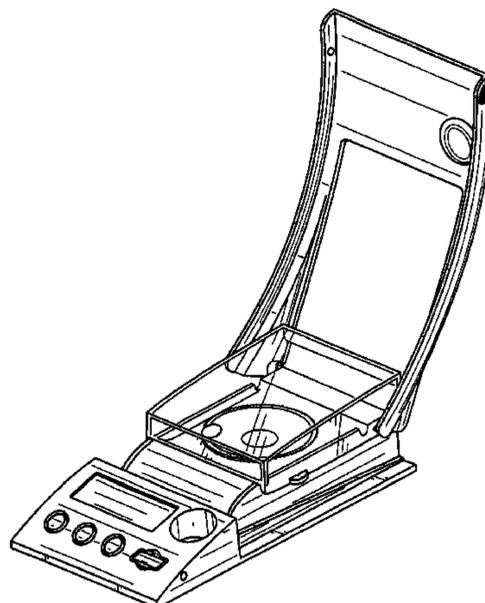

FIG. 18 is a side view of the electronic scale with its inner and outer covers raised;

FIG. 19 is another side view of the electronic scale with its inner and outer covers raised;

FIG. 20 is a top view of the electronic scale with its inner and outer covers raised; and,

FIG. 21 is a bottom view of the electronic scale with its inner and outer covers raised.
