(57) **CLAIM**

The ornamental design for a ceiling fan component, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from below of a ceiling fan component in accordance with our design;
FIG. 2 is a top plan view of the ceiling fan component in accordance with our design;
FIG. 3 is a bottom plan view of the ceiling fan component in accordance with our design;
FIG. 4 is a side elevation view of the ceiling fan component in accordance with our design, the opposite side being a mirror image of that shown;
FIG. 5 is a front perspective view from below of the ceiling fan component in accordance with our design;
FIG. 6 is an enlarged front plan view of the ceiling fan component in accordance with our design; and,
FIG. 7 is an enlarged back plan view of the ceiling fan component in accordance with our design.
The broken lines showing environmental structure are for illustrative purposes and form no part of the claimed invention.
