(57) **CLAIM**

The ornamental design for a lug nut, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the lug nut according to the present invention.

FIG. 2 is a top view of the lug nut according to the present invention.

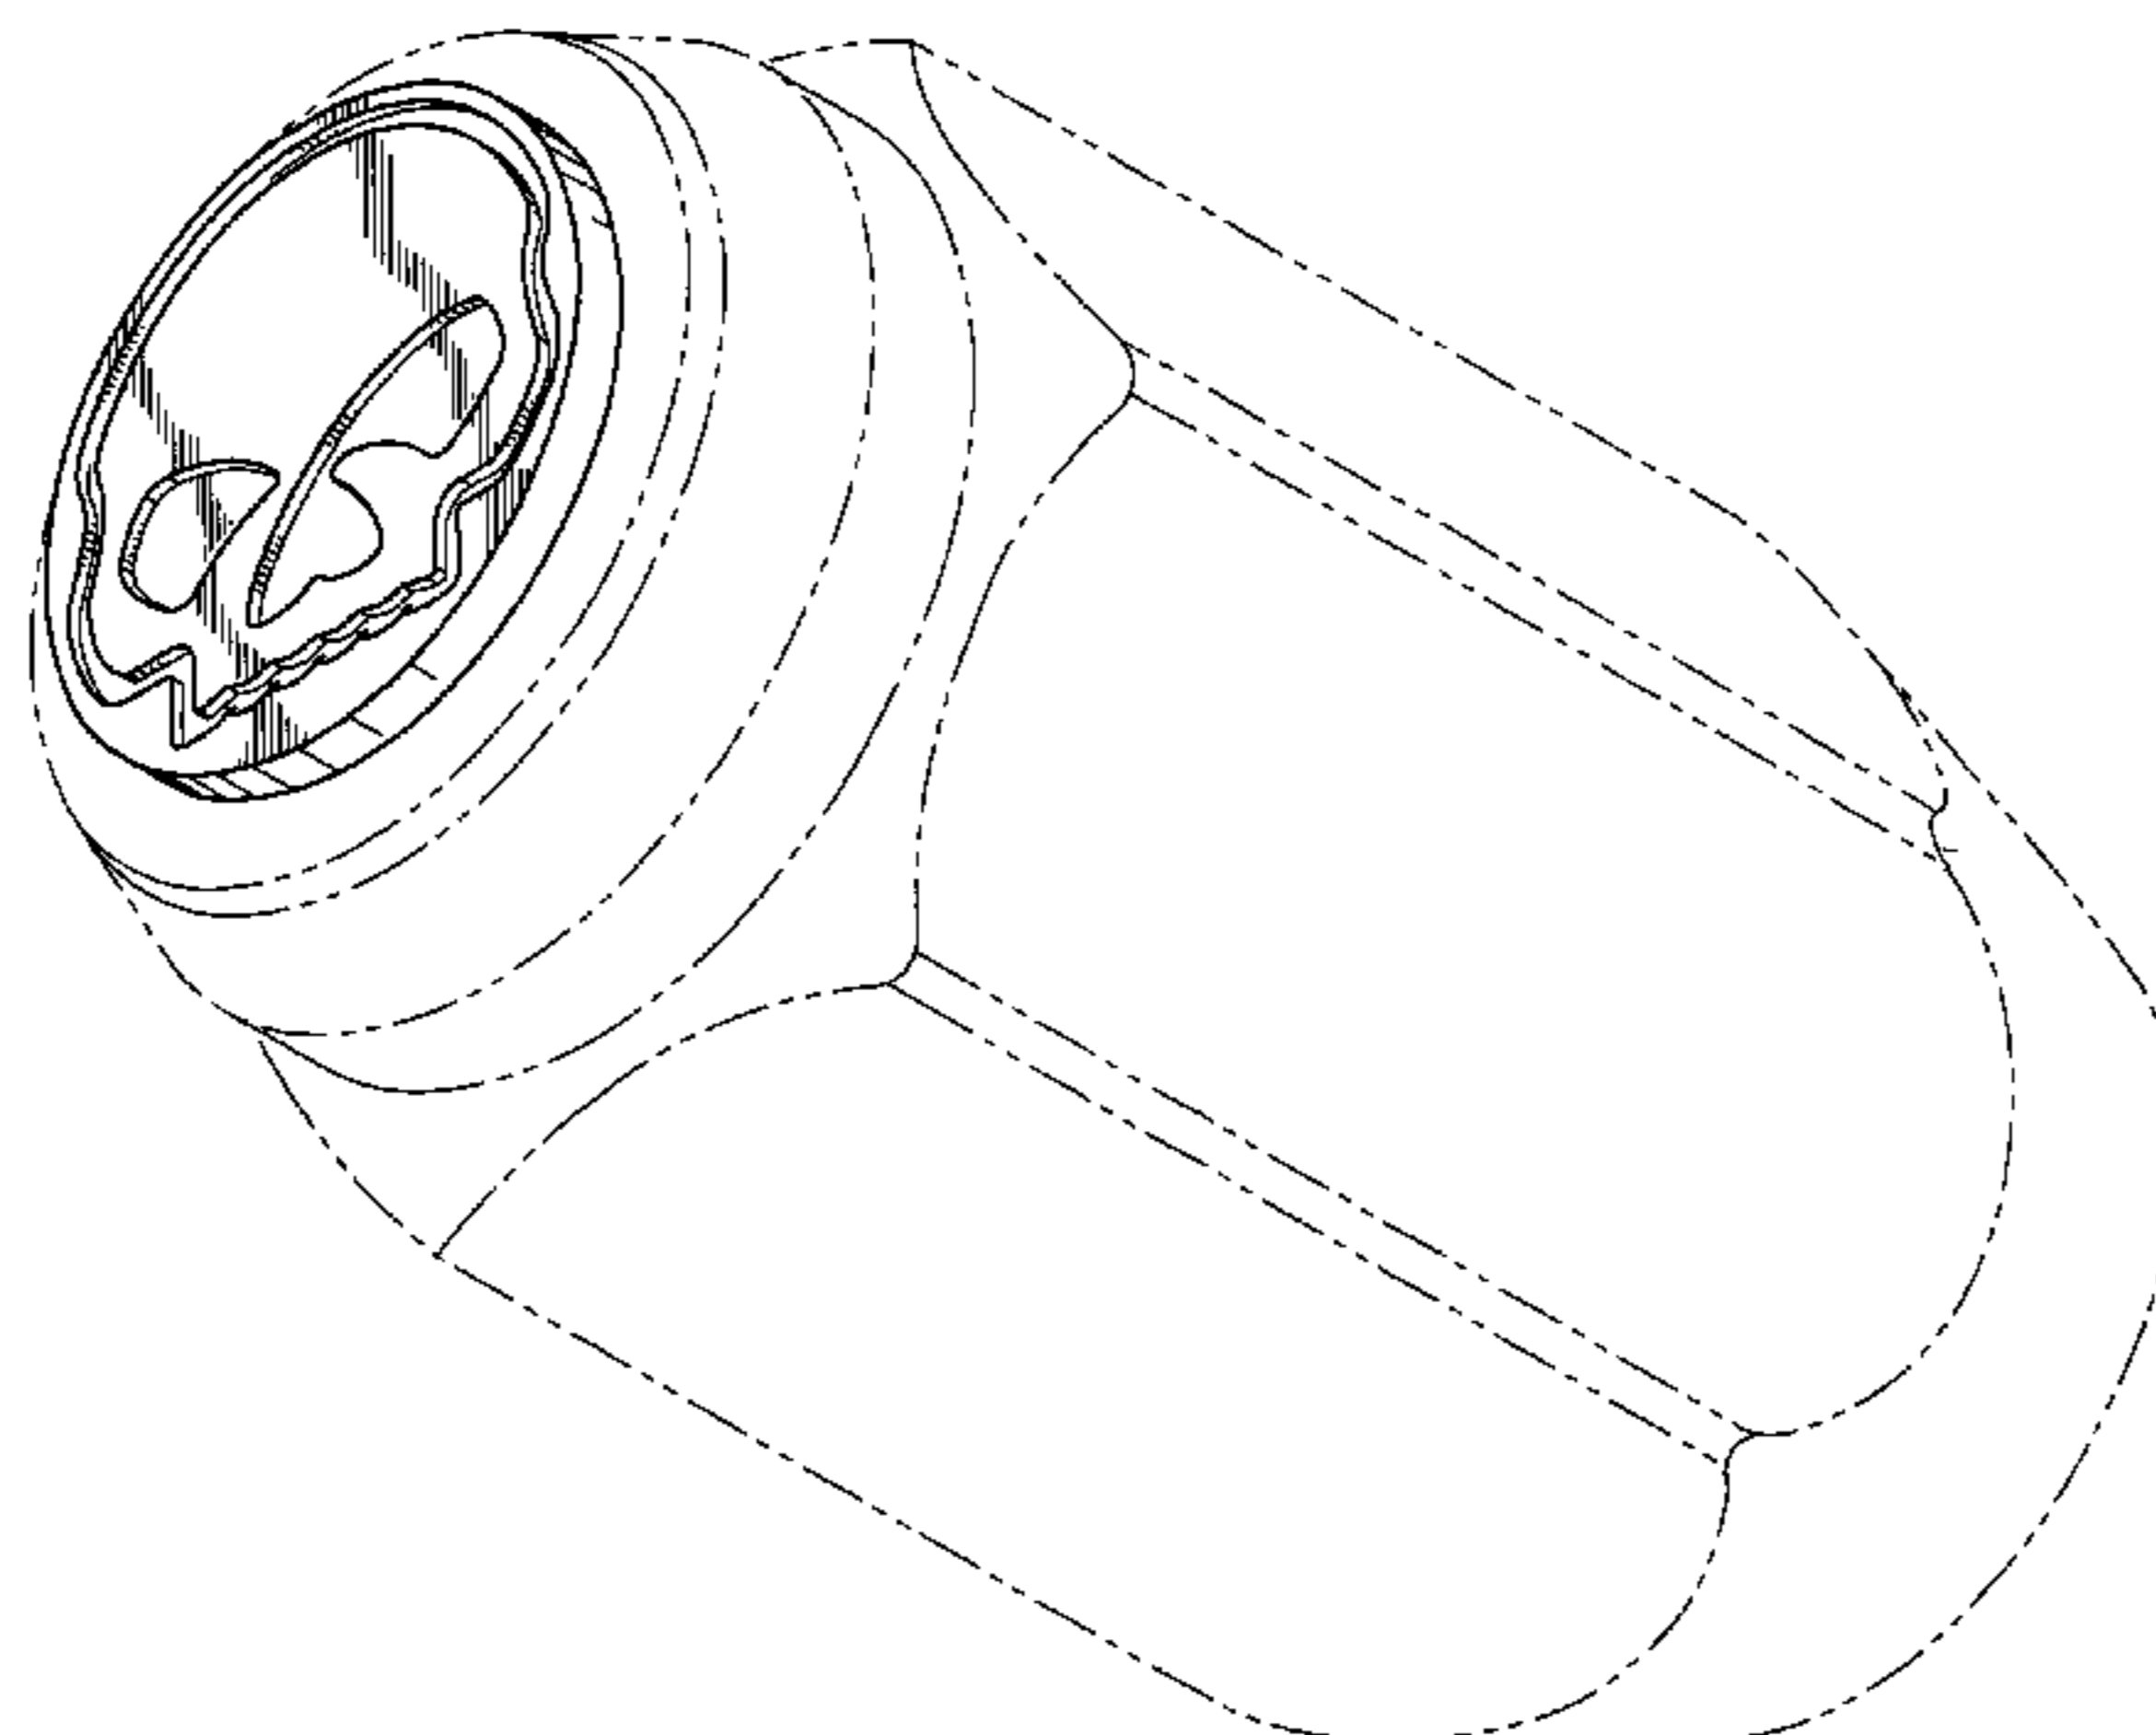

FIG. 3 is a front view of the lug nut according to the present invention. The rear view is identical to the front view.

FIG. 4 is a right side view of the lug nut according to the present invention. The left side view is identical to the right side view; and,

FIG. 5 is a bottom view of the lug nut according to the present invention.

The broken lines in all views are for illustrative purposes only and form no part of the claimed design.
