(57) **CLAIM**

The ornamental design for a vehicle brake controller bracket, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view as seen from the top, front, and left side of the vehicle brake controller bracket showing our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

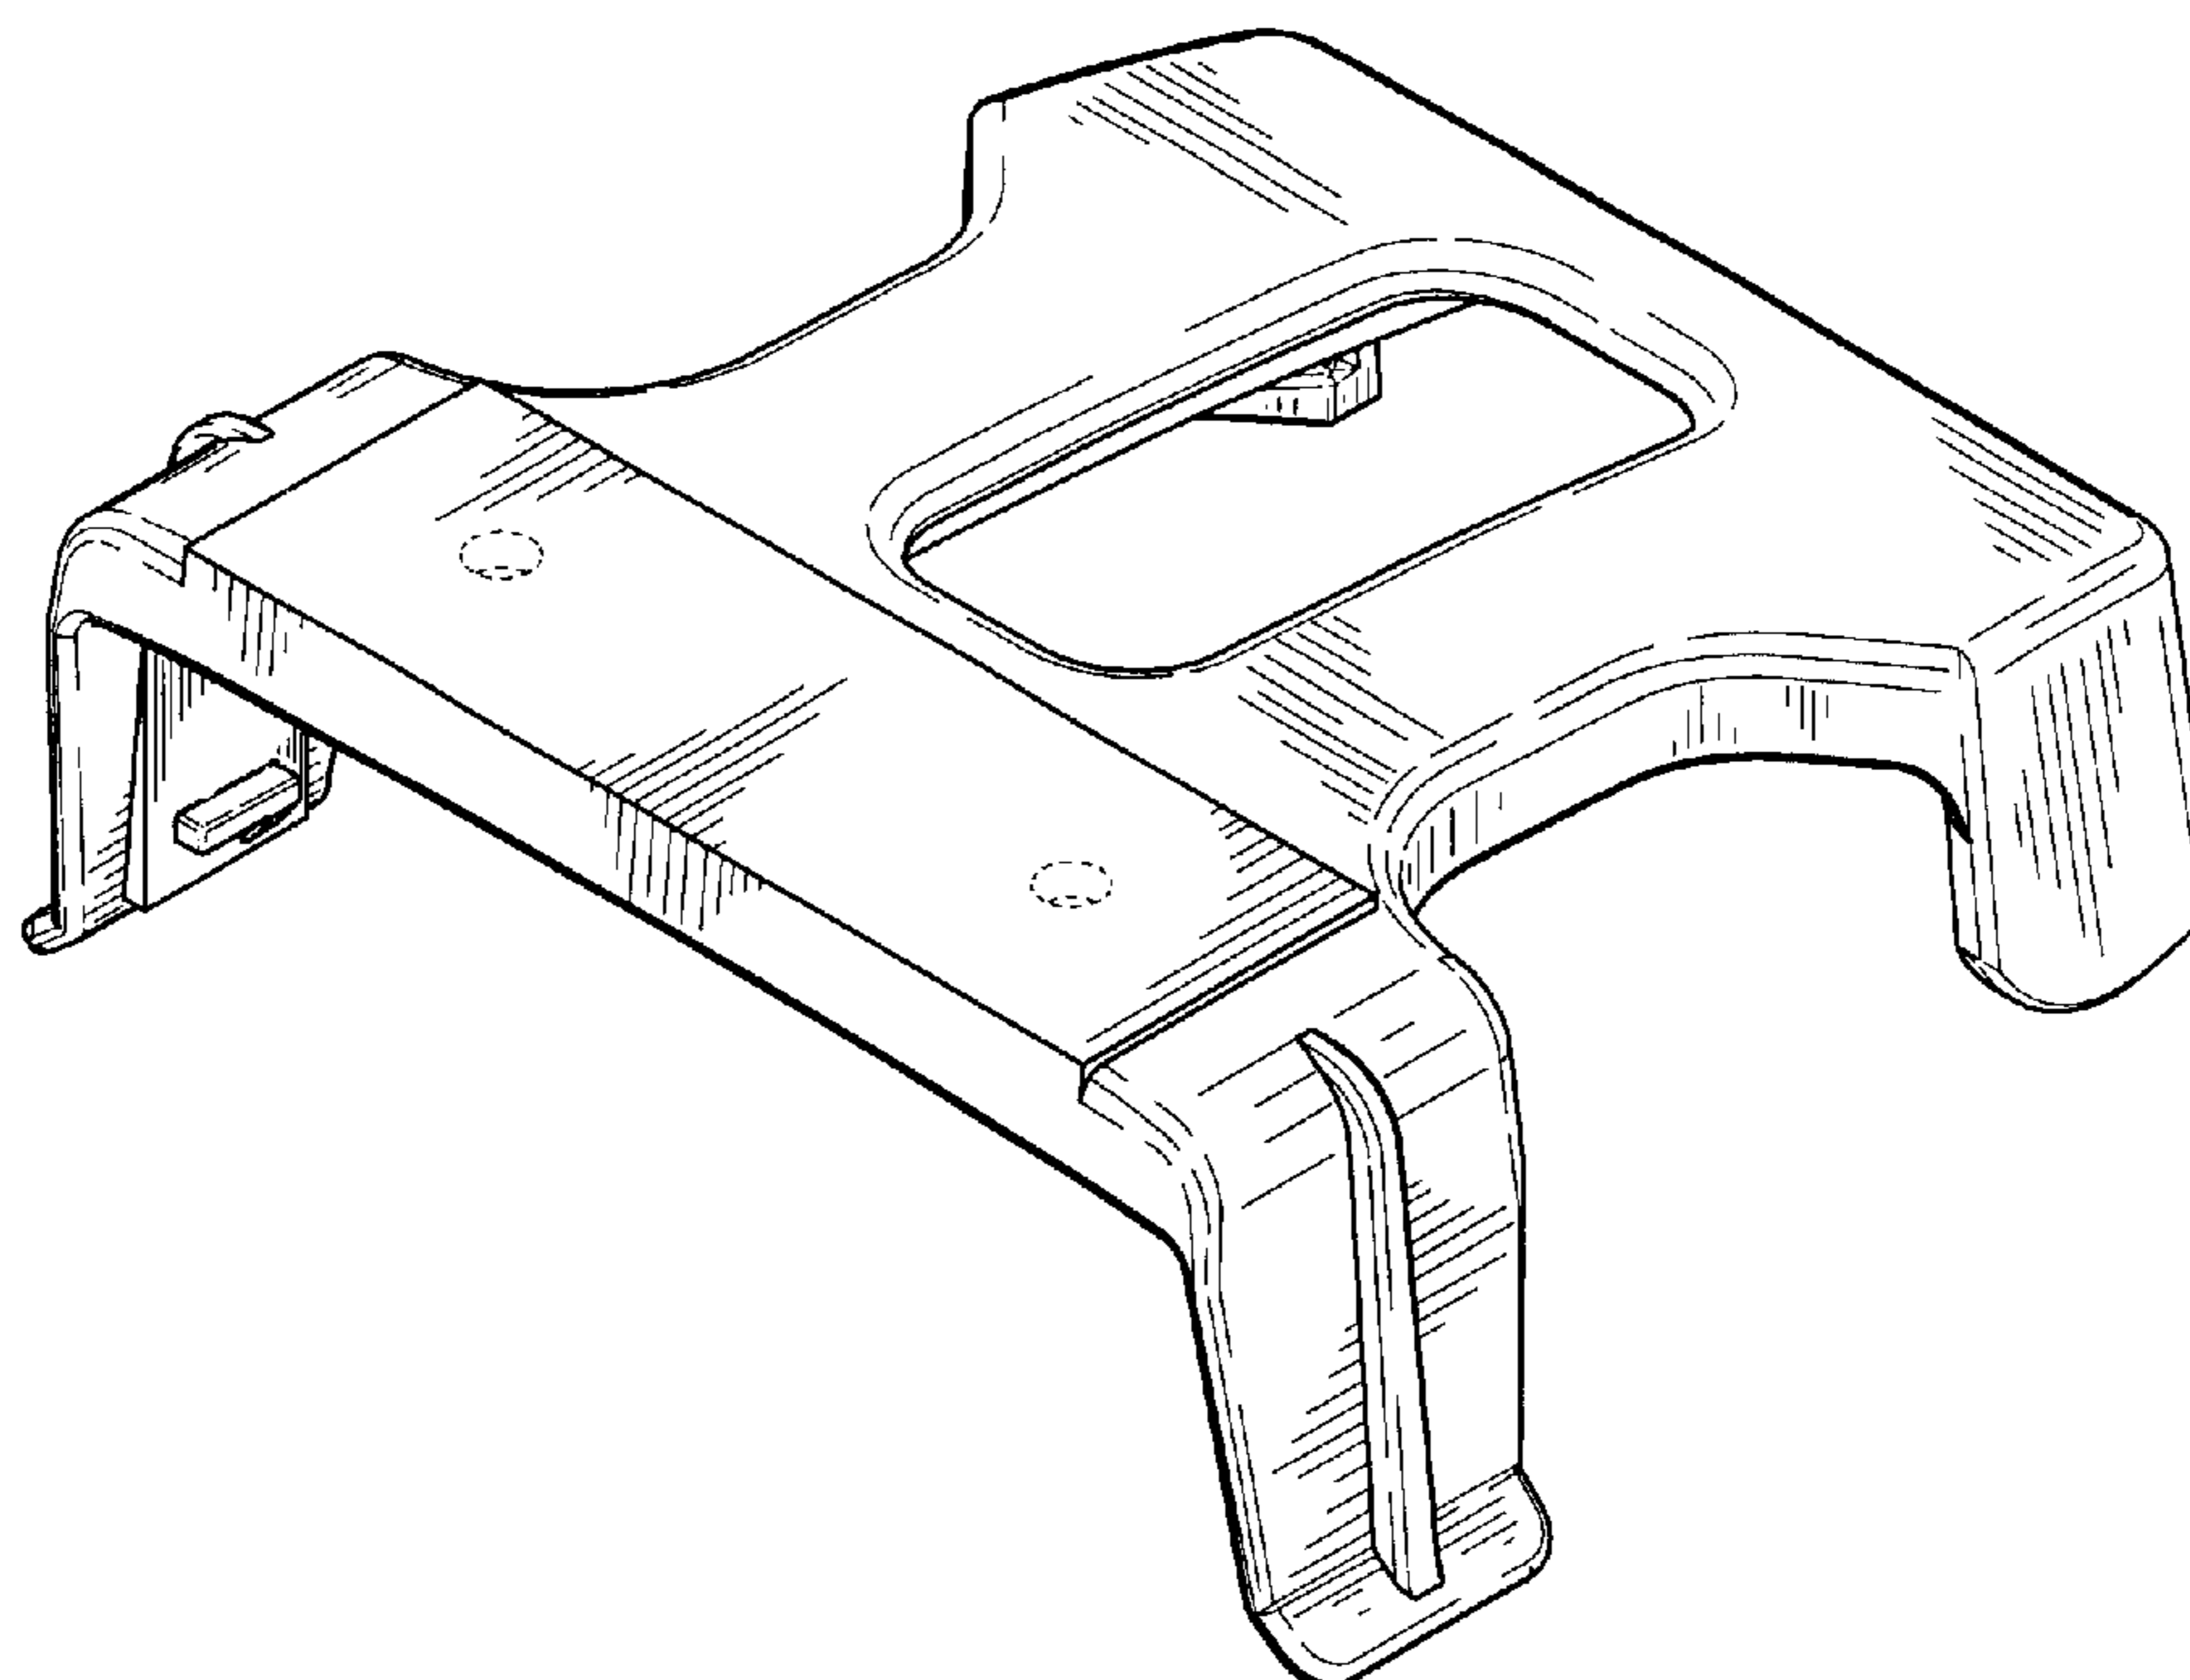

FIG. 4 is a right side elevational view thereof, the left side elevational view thereof being a mirror image of the right side elevational view;

FIG. 5 is a front elevational view thereof; and,

FIG. 6 is a rear elevational view thereof.

The broken lines are shown throughout the drawing for illustrative purposes only and form no part of the claimed design.
