(57) **CLAIM**

The ornamental design for a portion of a purse, as shown and described.

DESCRIPTION

FIG. 1 is a front and left side perspective view of a first embodiment of a portion of a purse showing my new design, wherein the purse is in a fully-expanded position; FIG. 2 is a front view thereof; FIG. 3 is a front and left side perspective view thereof, wherein the purse is in a partially-expanded position; and, FIG. 4 is a front and left side perspective view thereof, wherein the purse is in a collapsed position. The broken lines showing of rear panel, weld seams, frame members, and edges are for environmental purposes and form no part of the claimed design. The purse includes a material shaded to indicate transparent or translucent material. The rearmost surfaces of the front and back panels visible through the transparent or translucent material have been removed for clarity and form no part of the claimed design.
