(57) **CLAIM**

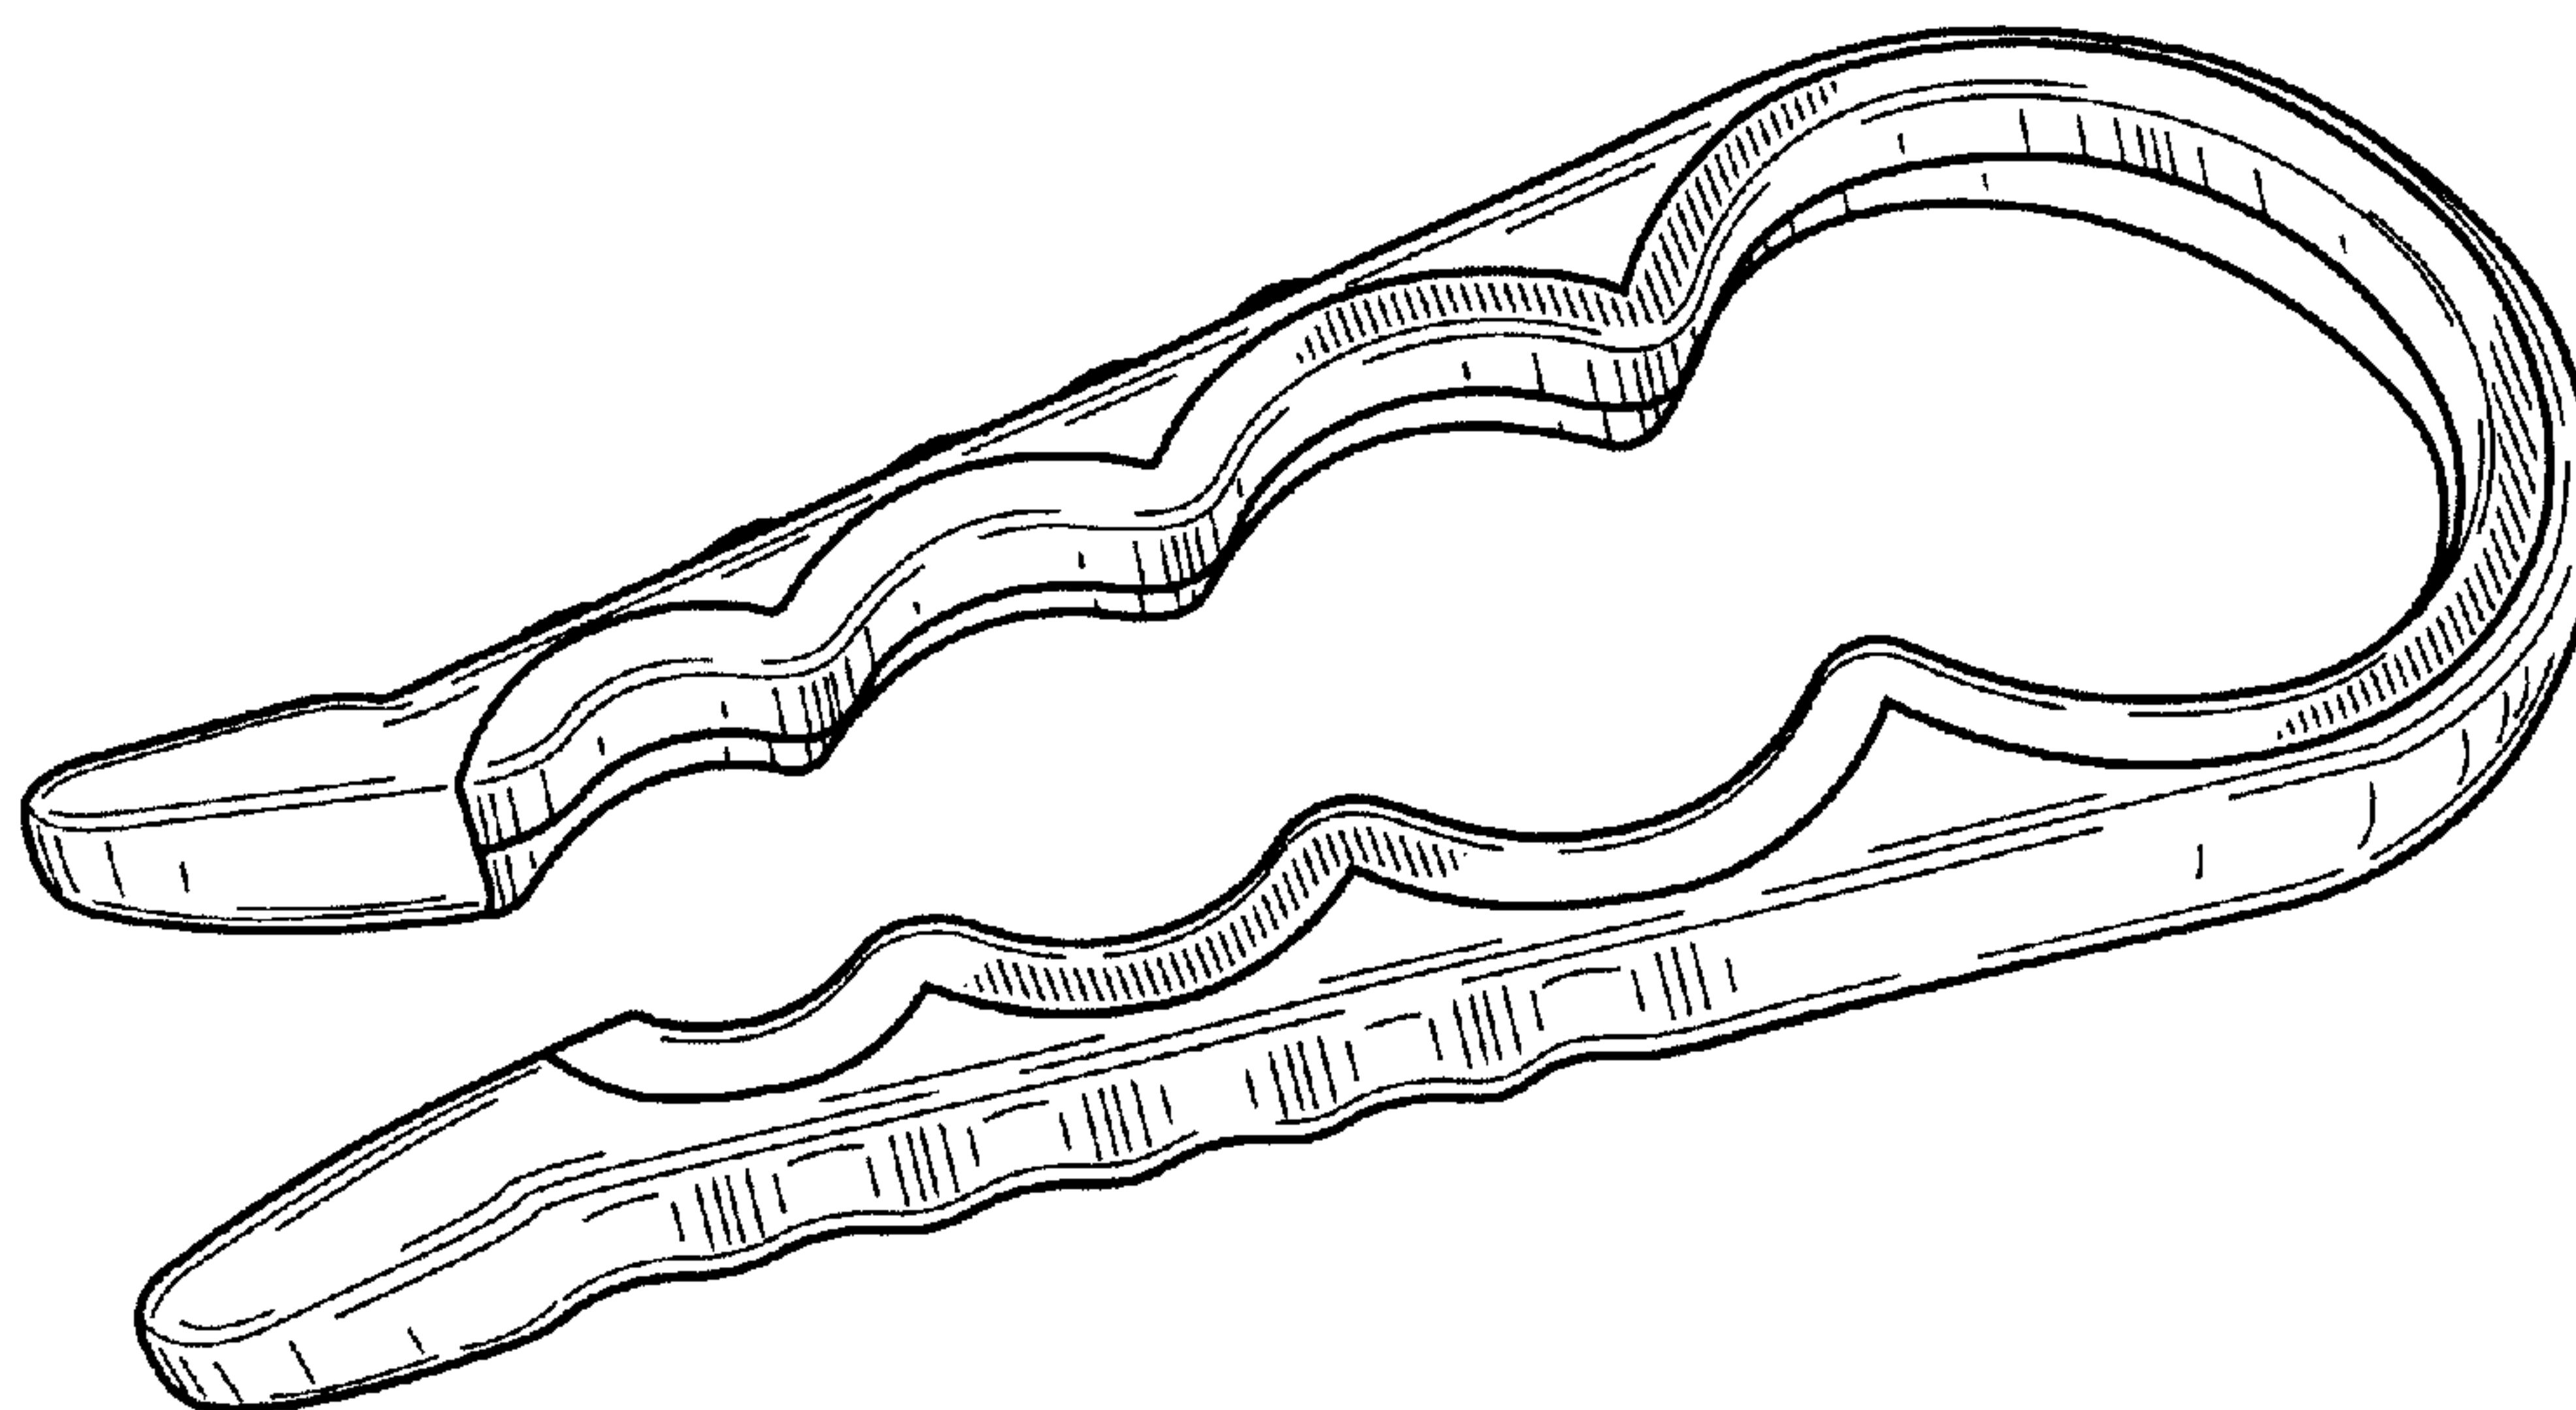

The ornamental design for jar opener, as shown and described.

**DESCRIPTION**

FIG. 1 is a top perspective view showing my new jar opener; FIG. 2 is a top view thereof; FIG. 3 is a left side view thereof, the right side view thereof being a mirror image of that which is shown; FIG. 4 is a bottom view thereof; FIG. 5 is a first end view thereof; FIG. 6 is a second end view thereof; FIG. 7 is a bottom perspective view thereof; and, FIG. 8 is a top perspective view of an alternative embodiment of the jar opener illustrating my design.

The design shown is not to be limited to any particular size and may be scaled larger or smaller. In certain embodiments of the design as shown in FIG. 8, outer portions of the jar opener may be formed from a material forming a visually contrasting ornamental surface relative to adjacent portions of the jar opener as shown by the shaded texture contrast on the surfaces thereof.
