(57) **CLAIM**

The ornamental design for a double height housing, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the front and first side of the double height housing, including phantom views of a plurality of light emitting diodes (LEDs);

FIG. 2 is a perspective view of the back and first side of the double height housing, including phantom views of a power port, two telephone ports, an Ethernet port, a universal serial bus (USB) port, and a cable port;

FIG. 3 is a top view of the double height housing, including phantom views of a plurality of light emitting diodes (LEDs);

FIG. 4 is a bottom view of the double height housing;

FIG. 5 is a front view of the double height housing, including phantom views of a plurality of light emitting diodes (LEDs);

FIG. 6 is a back view of the double height housing, including phantom views of a power port, two telephone ports, an Ethernet port, a universal serial bus (USB) port, and a cable port;

FIG. 7 is a view of the first side of the double height housing; and,

FIG. 8 is a view of the second side of the double height housing.

Elements rendered in broken lines are for illustrative purposes only and form no part of the claimed design.
