(57) **CLAIM**

The ornamental design for a keyboard for a computer device, such as a personal computer, mobile telephone or personal digital assistant, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a keyboard for a computer device such as a personal computer, mobile telephone or personal digital assistant according to the present invention, shown separately for clarity of illustration.

FIG. 2 is a front elevational view thereof, shown on a touch-screen display;

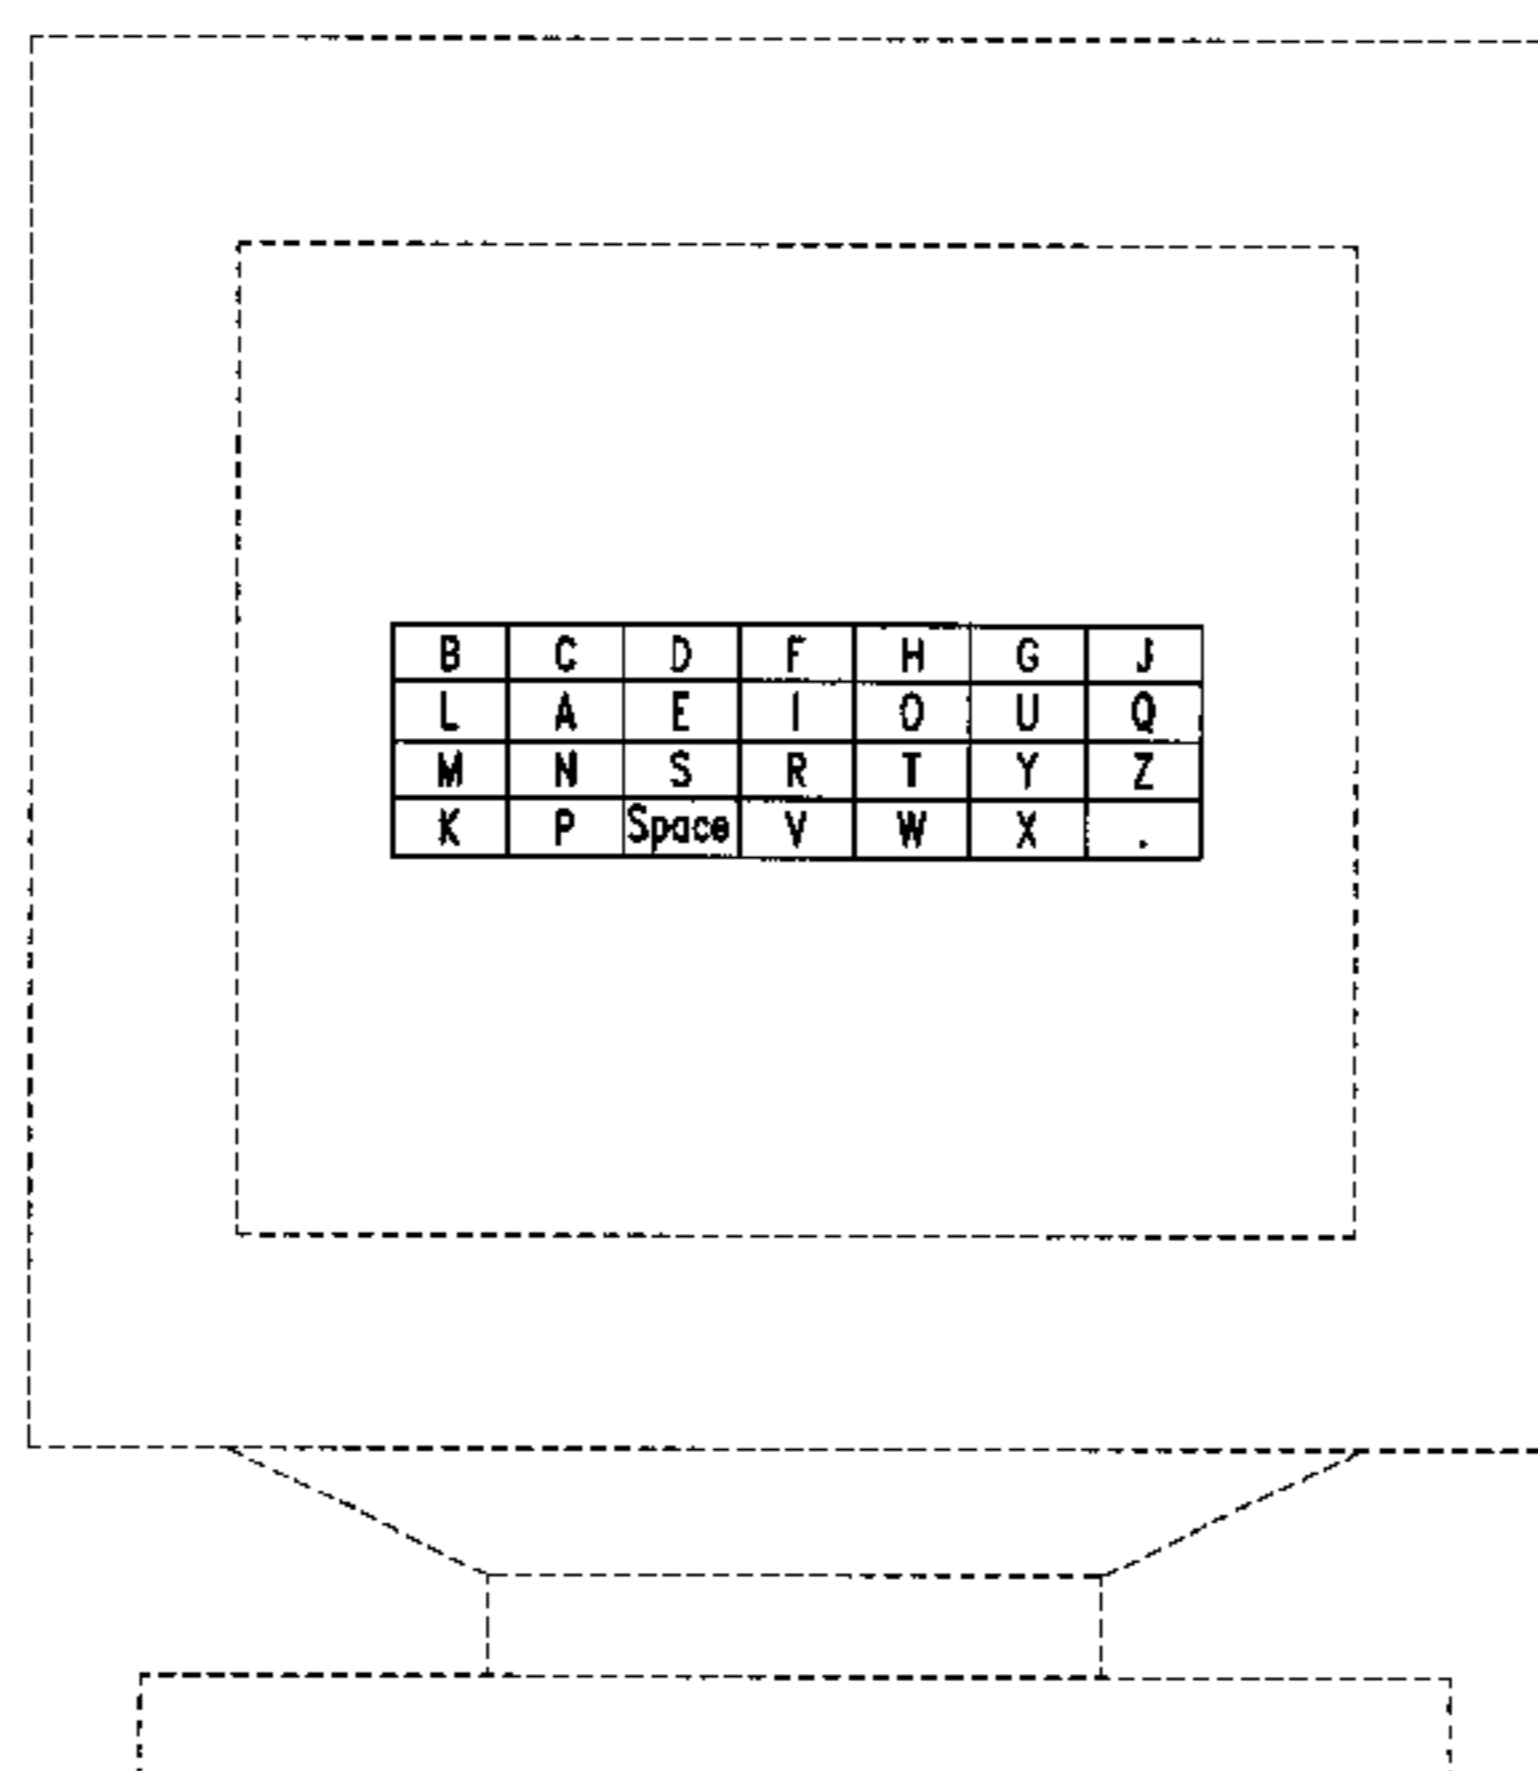

FIG. 3 is a front elevational view thereof, shown on the display screen of a personal digital assistant or mobile phone;

FIG. 4 is a front elevational view thereof, shown on a handheld computer; and,

FIG. 5 is a front elevational view thereof, shown on a personal computer.

Dotted lines are used in the drawings to show representative environments in which the design is used, the details of which are not claimed as part of Applicant's design.
