(57) **CLAIM**

The ornamental design for a mechanic's creeper, as shown and described.

DESCRIPTION

This application is being filed contemporaneously with application for U.S. Letters Patent Ser. No. 10/907,908, entitled mechanic's creeper, which is hereby incorporated by reference herein.

FIG. 1 is a perspective view of a mechanic's creeper embodying our design, with the feet at the lower end of the creeper, the wheels, the structural framework provided along the bottom surface, the central hand-receiving openings, and the body-engaging pads provided on the top surface being shown in broken lines for illustrative purposes only and forming no part of the claimed design;

FIG. 2 is a plan view of the mechanic's creeper depicted in FIG. 1;

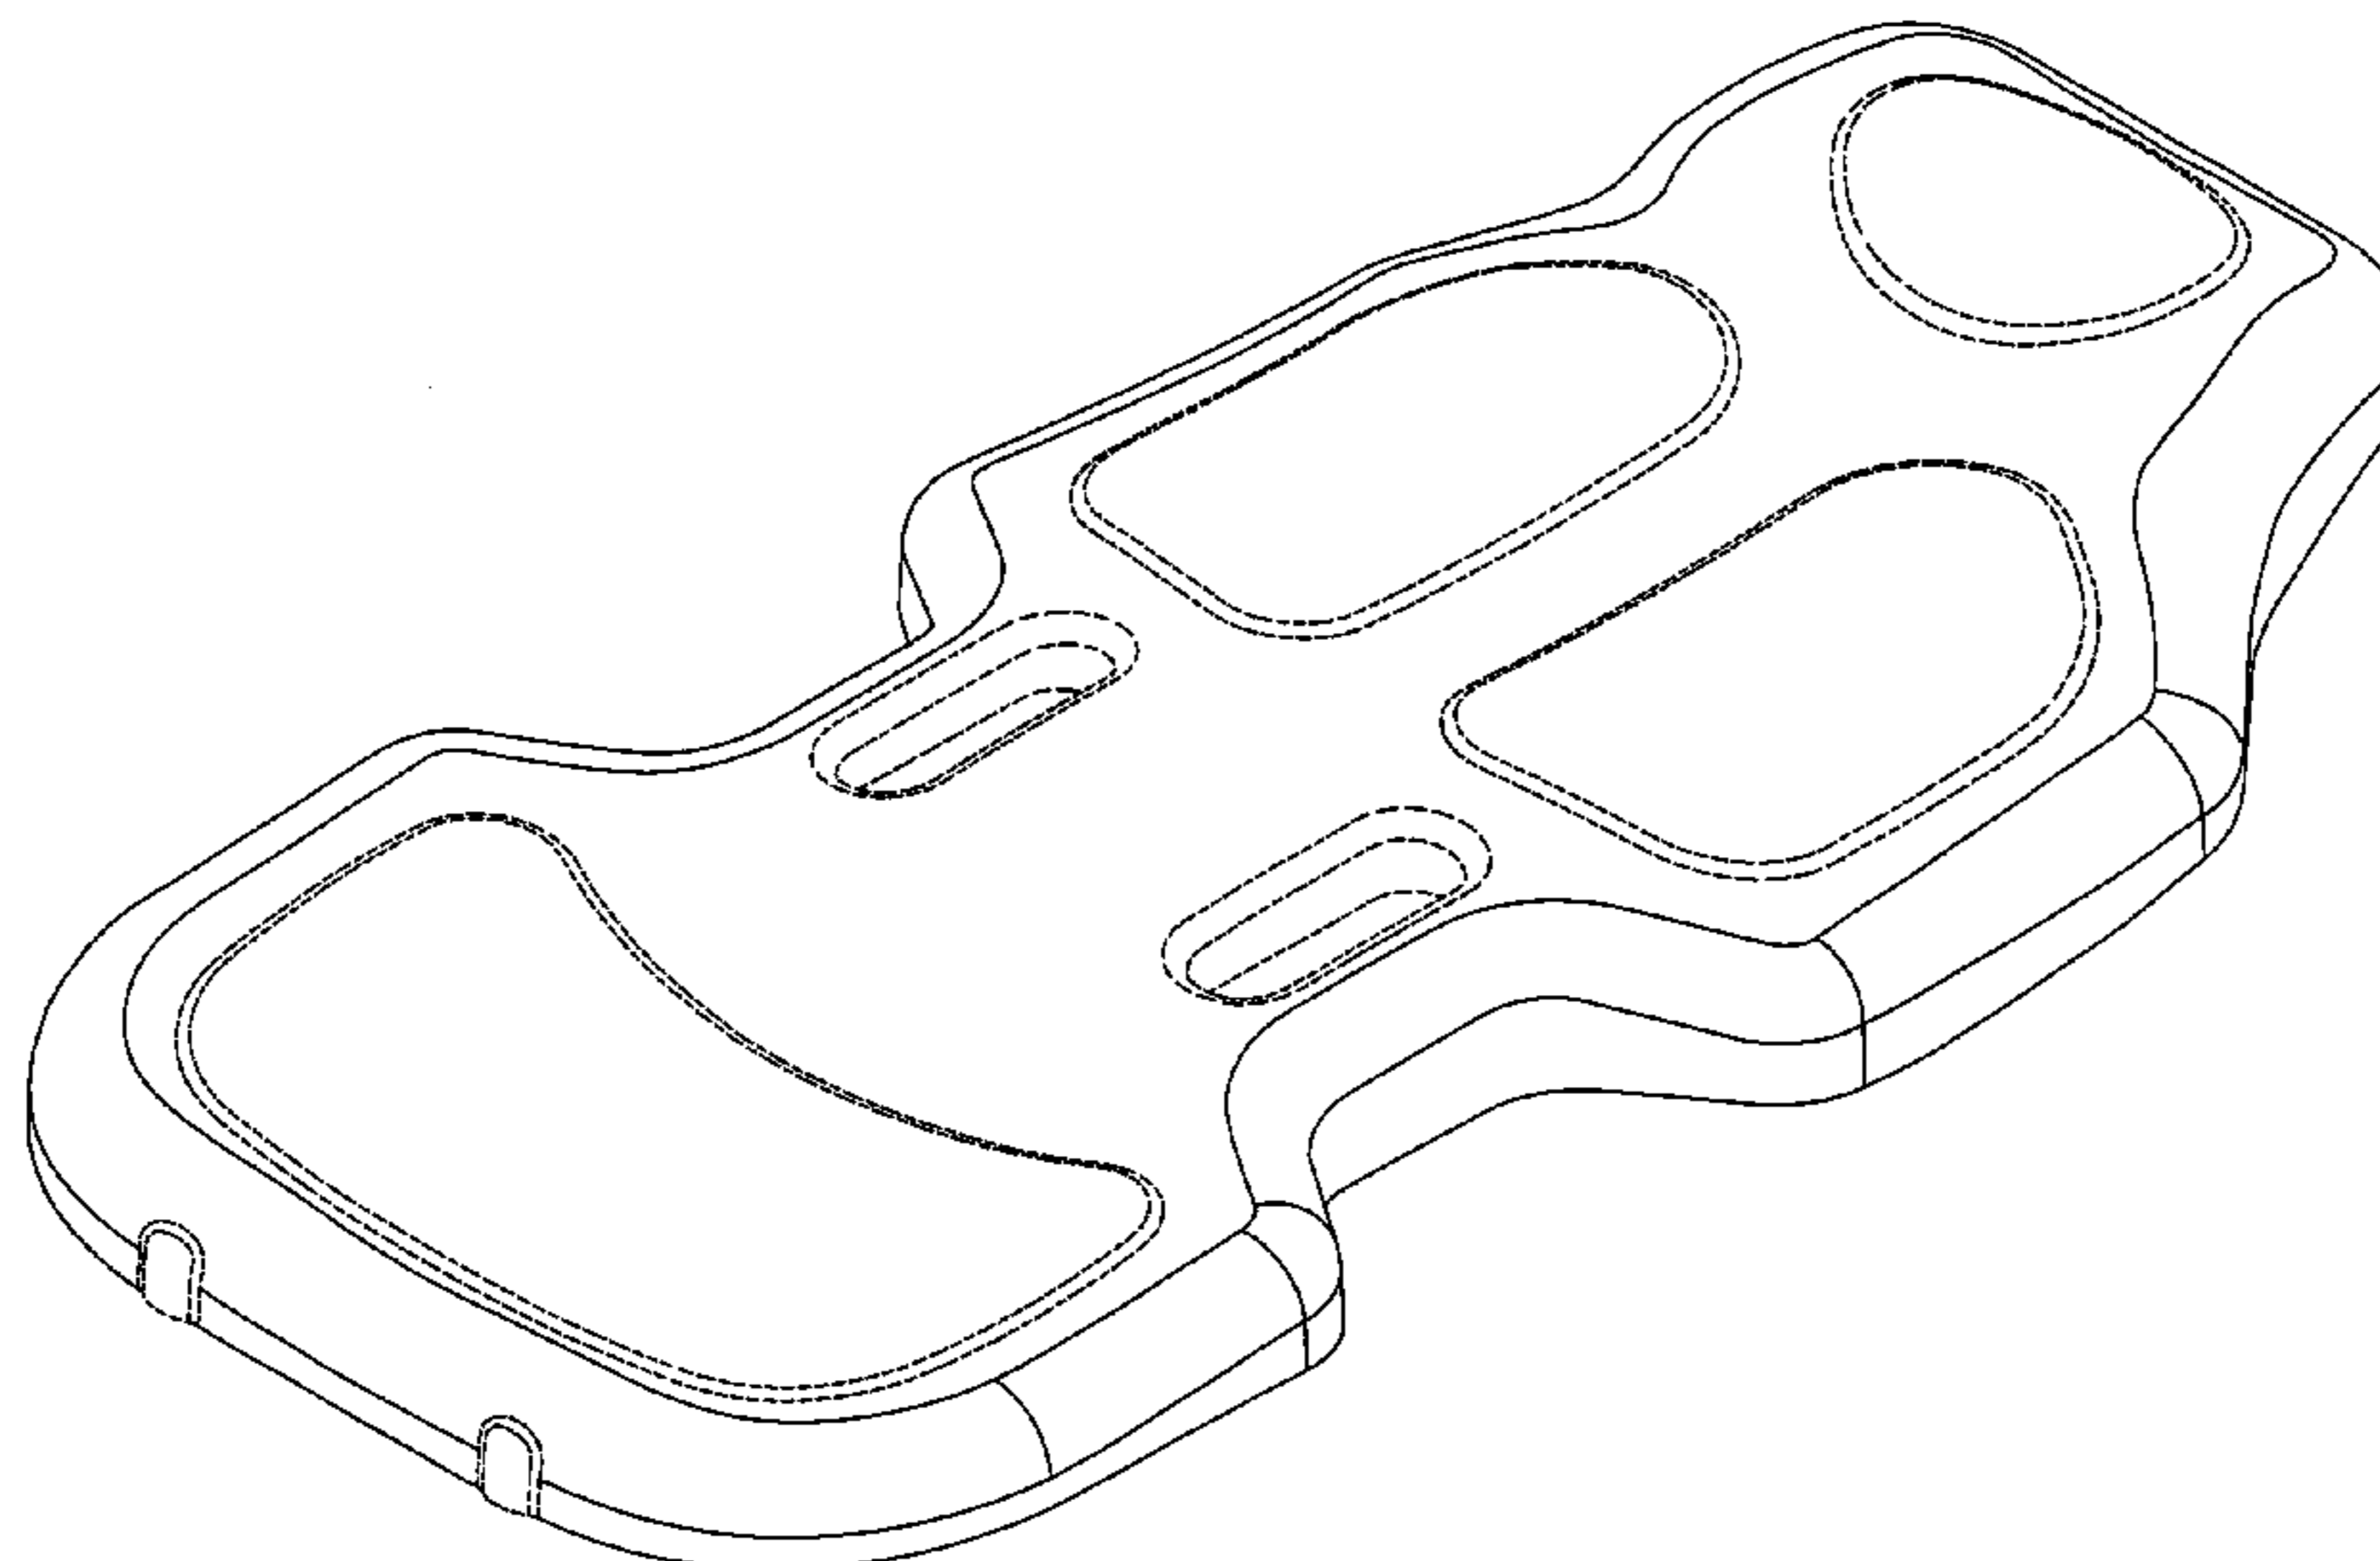

FIG. 3 is a side elevation view of the mechanic's creeper depicted in FIG. 1, with the opposite side elevation being a mirror image thereof;

FIG. 4 is a lower end elevation view of the mechanic's creeper depicted in FIG. 1;

FIG. 5 is an upper end elevation view of the mechanic's creeper depicted in FIG. 1; and,

FIG. 6 is a bottom view of the mechanic's creeper depicted in FIG. 1.
