(57) **CLAIM**

The ornamental design for an adult walker base component, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an adult walker base component including two adult walker base component in accordance with our new design, with portions of an adult walker forming the environment of the adult walker base component and being illustrated in broken lines, which broken lines are for illustrative purposes only and form no part of the claimed design;

FIG. 2 is a front elevational view of one of the adult walker base component shown in FIG. 1;

FIG. 3 is a left-side elevational view thereof, the left and right sides of the adult walker base component being symmetrical to one another;

FIG. 4 is a bottom view thereof;

FIG. 5 is a top plan view thereof;

FIG. 6 is a right-side elevational view thereof; and,

FIG. 7 is a rear elevational view thereof.
