(57) **CLAIM**

The ornamental designs for a cabinet for audio and video equipment, as shown and described.

**DESCRIPTION**

FIG. 1 is an upper right side perspective view of a cabinet for audio and video equipment showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a rear elevational plan view thereof, the broken lines showing speaker vents, cooling vents, plug receptacles and a switch being for illustrative purposes only and forming no part of the claimed invention; FIG. 4 is a right side elevational view, the left side elevational view being a mirror image thereof; FIG. 5 is a top plan view thereof; FIG. 6 is a bottom plan view thereof; the broken lines showing cooling vents being for illustrative purposes only and forming no part of the claimed invention; FIG. 7 is an enlarged front elevational view of a second, slightly modified embodiment of a cabinet showing my new design, the rear elevational plan view, right side elevational view, left side elevational view, top plan view and bottom plan view being the same as shown with the first embodiment of FIG. 1; and, FIG. 8 is an upper right side perspective view of a cabinet for audio and video equipment showing the design of FIG. 7.
