DESCRIPTION

See application file for complete search history.

FIG. 1 is a front elevational view of a hands-free telephone system embodying my new design;
FIG. 2 is a left side elevational view thereof;
FIG. 3 is a right side elevational view thereof;
FIG. 4 is a top plan view thereof;
FIG. 5 is a bottom plan view thereof;
FIG. 6 is a rear elevational view thereof;
FIG. 7 is a front elevational view of the headset unit of the hands-free telephone system of FIG. 1;
FIG. 8 is a top plan view of the headset unit of FIG. 7;
FIG. 9 is a bottom plan view of the headset unit of FIG. 7;
FIG. 10 is a left elevational view of the headset unit of FIG. 7;
FIG. 11 is a right elevational view of the headset unit of FIG. 7;
FIG. 12 is a rear elevational view of the headset unit of FIG. 7;
FIG. 13 is a perspective view of the headset unit of FIG. 7;
FIG. 14 is a front elevational view of the microphone-and-transmitter unit of the hands-free telephone system of FIG. 6;
FIG. 15 is a top plan view of the microphone-and-transmitter unit of FIG. 14;

FIG. 16 is a bottom plan view of the microphone-and-transmitter unit of FIG. 14;

FIG. 17 is a left elevational view of the microphone-and-transmitter unit of FIG. 14;

FIG. 18 is a right elevational view of the microphone-and-transmitter unit of FIG. 14;

FIG. 19 is a rear elevational view of the microphone-and-transmitter unit of FIG. 14;

FIG. 20 is a perspective view of the microphone-and-transmitter unit of FIG. 14;

FIG. 21 is a front, bottom, right perspective view of the hands-free telephone system of FIG. 1;

FIG. 22 is a front, top, left perspective view of the hands-free telephone system of FIG. 1;

FIG. 23 is a front, bottom, right perspective view of the hands-free telephone system of FIG. 21 shown in its erect position;

FIG. 24 is a front, bottom, right perspective view of the hands-free telephone system of FIG. 21 shown in its erect position with the headset unit shown removed therefrom;

FIG. 25 is a front, top, left perspective view of the hands-free telephone system of FIG. 22 with the microphone-and-transmitter unit shown removed therefrom;

FIG. 26 is a rear, top, left perspective view of the hands-free telephone system of FIG. 23 shown in the erect position; and,

FIG. 27 is a rear, top, left perspective view of the hands-free telephone system of FIG. 23 shown in the erect position with the microphone-and-transmitter unit shown removed therefrom.

Individual components of the complete article have been shown separately in FIGS. 7-20 to show portions not visible when in a combined state.
