(57) **CLAIM**

The ornamental design for an aquarium with provision for cascading waterfall, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the aquarium with provision for cascading waterfall according to the present invention. FIG. 2 is a front elevational view thereof; FIG. 3 is a top view thereof; and, FIG. 4 is a side elevational view thereof, the opposite side being a mirror image. The bottom and back of the aquarium with provision for cascading waterfall are not visible during normal use.
