(57) **CLAIM**

The ornamental design for a multiple setting type inspection lighting device, as shown and described.

DESCRIPTION

FIG. 1 shows a front side elevational view of the multiple type inspection lighting device, the rear side elevational view being a mirror image thereof.

FIG. 2 shows a left side elevational view of the multiple setting type inspection lighting device.

FIG. 3 shows a right side elevational view of the multiple setting type inspection lighting device.

FIG. 4 shows a top plan view of the multiple setting type inspection lighting device.

FIG. 5 shows a bottom plan view of the multiple setting type inspection lighting device; and,

FIG. 6 shows an enlarged vertical longitudinal sectional view (along the center line A—A of the right side elevational view).

The broken lines are for illustrative purposes only and form no part of the claimed design.
