(57) **CLAIM**

The ornamental design of a modular link or link section for use in forming a rodless conveyor belt, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of the modular link or link section for use in forming a rodless conveyor belt of the present invention;

FIG. 2 is a top plan view of the link of FIG. 1;

FIG. 3 is a bottom plan view of the link of FIG. 1;

FIG. 4 is a rear elevational view of the link of FIG. 1;

FIG. 5 is a front elevational view of the link of FIG. 1; and, FIG. 6 is a right side elevational view of the link of FIG. 1, the left side being a mirror image thereof.

The broken lines in the drawings are for illustrative purposes only and form no part of the claimed design.
