(57) **CLAIM**

The ornamental design for a toothbrush sanitizer cap, as substantially as shown and described.

DESCRIPTION

FIG. 1 is a front right quarter perspective view of the toothbrush sanitizer cap of the present invention. The bottom edge of the cap is expressly disclaimed.

FIG. 2 is a rear left quarter perspective view of the toothbrush sanitizer cap of the present invention. The bottom edge of the cap is expressly disclaimed.

FIG. 3 is a top view of the toothbrush sanitizer cap of the present invention.

FIG. 4 is a bottom view of the toothbrush sanitizer cap of the present invention. The bottom view of the cap is expressly disclaimed.

FIG. 5 is a front elevational view of the toothbrush sanitizer cap of the present invention. The bottom edge of the cap is expressly disclaimed.

FIG. 6 is a rear elevational view of the toothbrush sanitizer cap of the present invention. The bottom edge of the cap is expressly disclaimed.

FIG. 7 is a right side elevational view of the toothbrush sanitizer cap of the present invention. The bottom edge of the cap is expressly disclaimed.

FIG. 8 is a left side elevational view of the toothbrush sanitizer cap of the present invention. The bottom edge of the cap is expressly disclaimed; and,

FIG. 9 is a fifth right quarter perspective view of the toothbrush sanitizer cap of the present invention illustrating the apparatus in its intended field of use. The toothbrush handles and bottom edge of the cap are expressly disclaimed.
