(57) **CLAIM**

The ornamental design for front end loader, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of a front end loader showing our new design; and,

FIG. 2 is a side elevational of the front end loader of FIG. 1 shown attached to a tractor illustrated in broken lines.

The views of the front end loader other than those shown do not form a part of the claim of this design patent application. The portions provided by broken lines are intended to reflect environment and do not form a part of the indicated embodiment of this design patent application.
