(57) **CLAIM**

The ornamental design for a device for testing and/or treating ears, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a device for testing and/or treating ears showing our new design;
 FIG. 2 is a right side elevation thereof, the side opposite being a mirror image;
 FIG. 3 is a bottom plan view thereof;
 FIG. 4 is a rear elevation thereof;
 FIG. 5 is a front and top perspective view thereof;
 FIG. 6 is another front and top perspective view thereof with the cap removed;
 FIG. 7 is another front and top perspective view thereof with the tube in an unwound condition;
 FIG. 8 is a ride side elevation thereof with the tube shown in fragment;
 FIG. 9 is a top plan view thereof;
 FIG. 10 is a bottom plan view thereof; and,
 FIG. 11 is a rear elevation thereof.

The broken line showing of an earpiece in FIGS. 6 and 7 is for illustrative purposes only and forms no part of the claimed design.
