(57) **CLAIM**

The ornamental design for a vehicle control panel, as shown and described.

**DESCRIPTION**

FIG. 1 is perspective view of the vehicle control panel, showing our new design, it being understood that the opposite side is a mirror image thereof; and, FIG. 2 is a front elevational view thereof.

The broken line showings of the indicia in the display areas and on controls, and the louvers in the vent areas are for illustrative purposes only and form no part of the claimed design. The uneven broken lines on the right and left side of the vehicle control panel represents an unclaimed boundary of the claimed design.
