(57) **CLAIM**

The ornamental design for a handle for a folding knife, as
shown and described.

DESCRIPTION

FIG. 1 is an isometric view from the upper left front of a
folding knife equipped with a handle including our new
design, wherein the portions of the folding knife between the
two side portions of the handle and portions of pivot pins
shown in broken line are included merely for illustrative
purposes and form no part of the claimed design;

FIG. 2 is a left side elevational view thereof, wherein the
portions of the folding knife and portions of pivot pins
shown in broken line are included merely for illustrative
purposes and form no part of the claimed design;

FIG. 3 is a top plan view thereof, wherein the portions of the
knife between the two side portions of the handle that are
shown in broken line are included merely for illustrative
purposes and form no part of the claimed design;

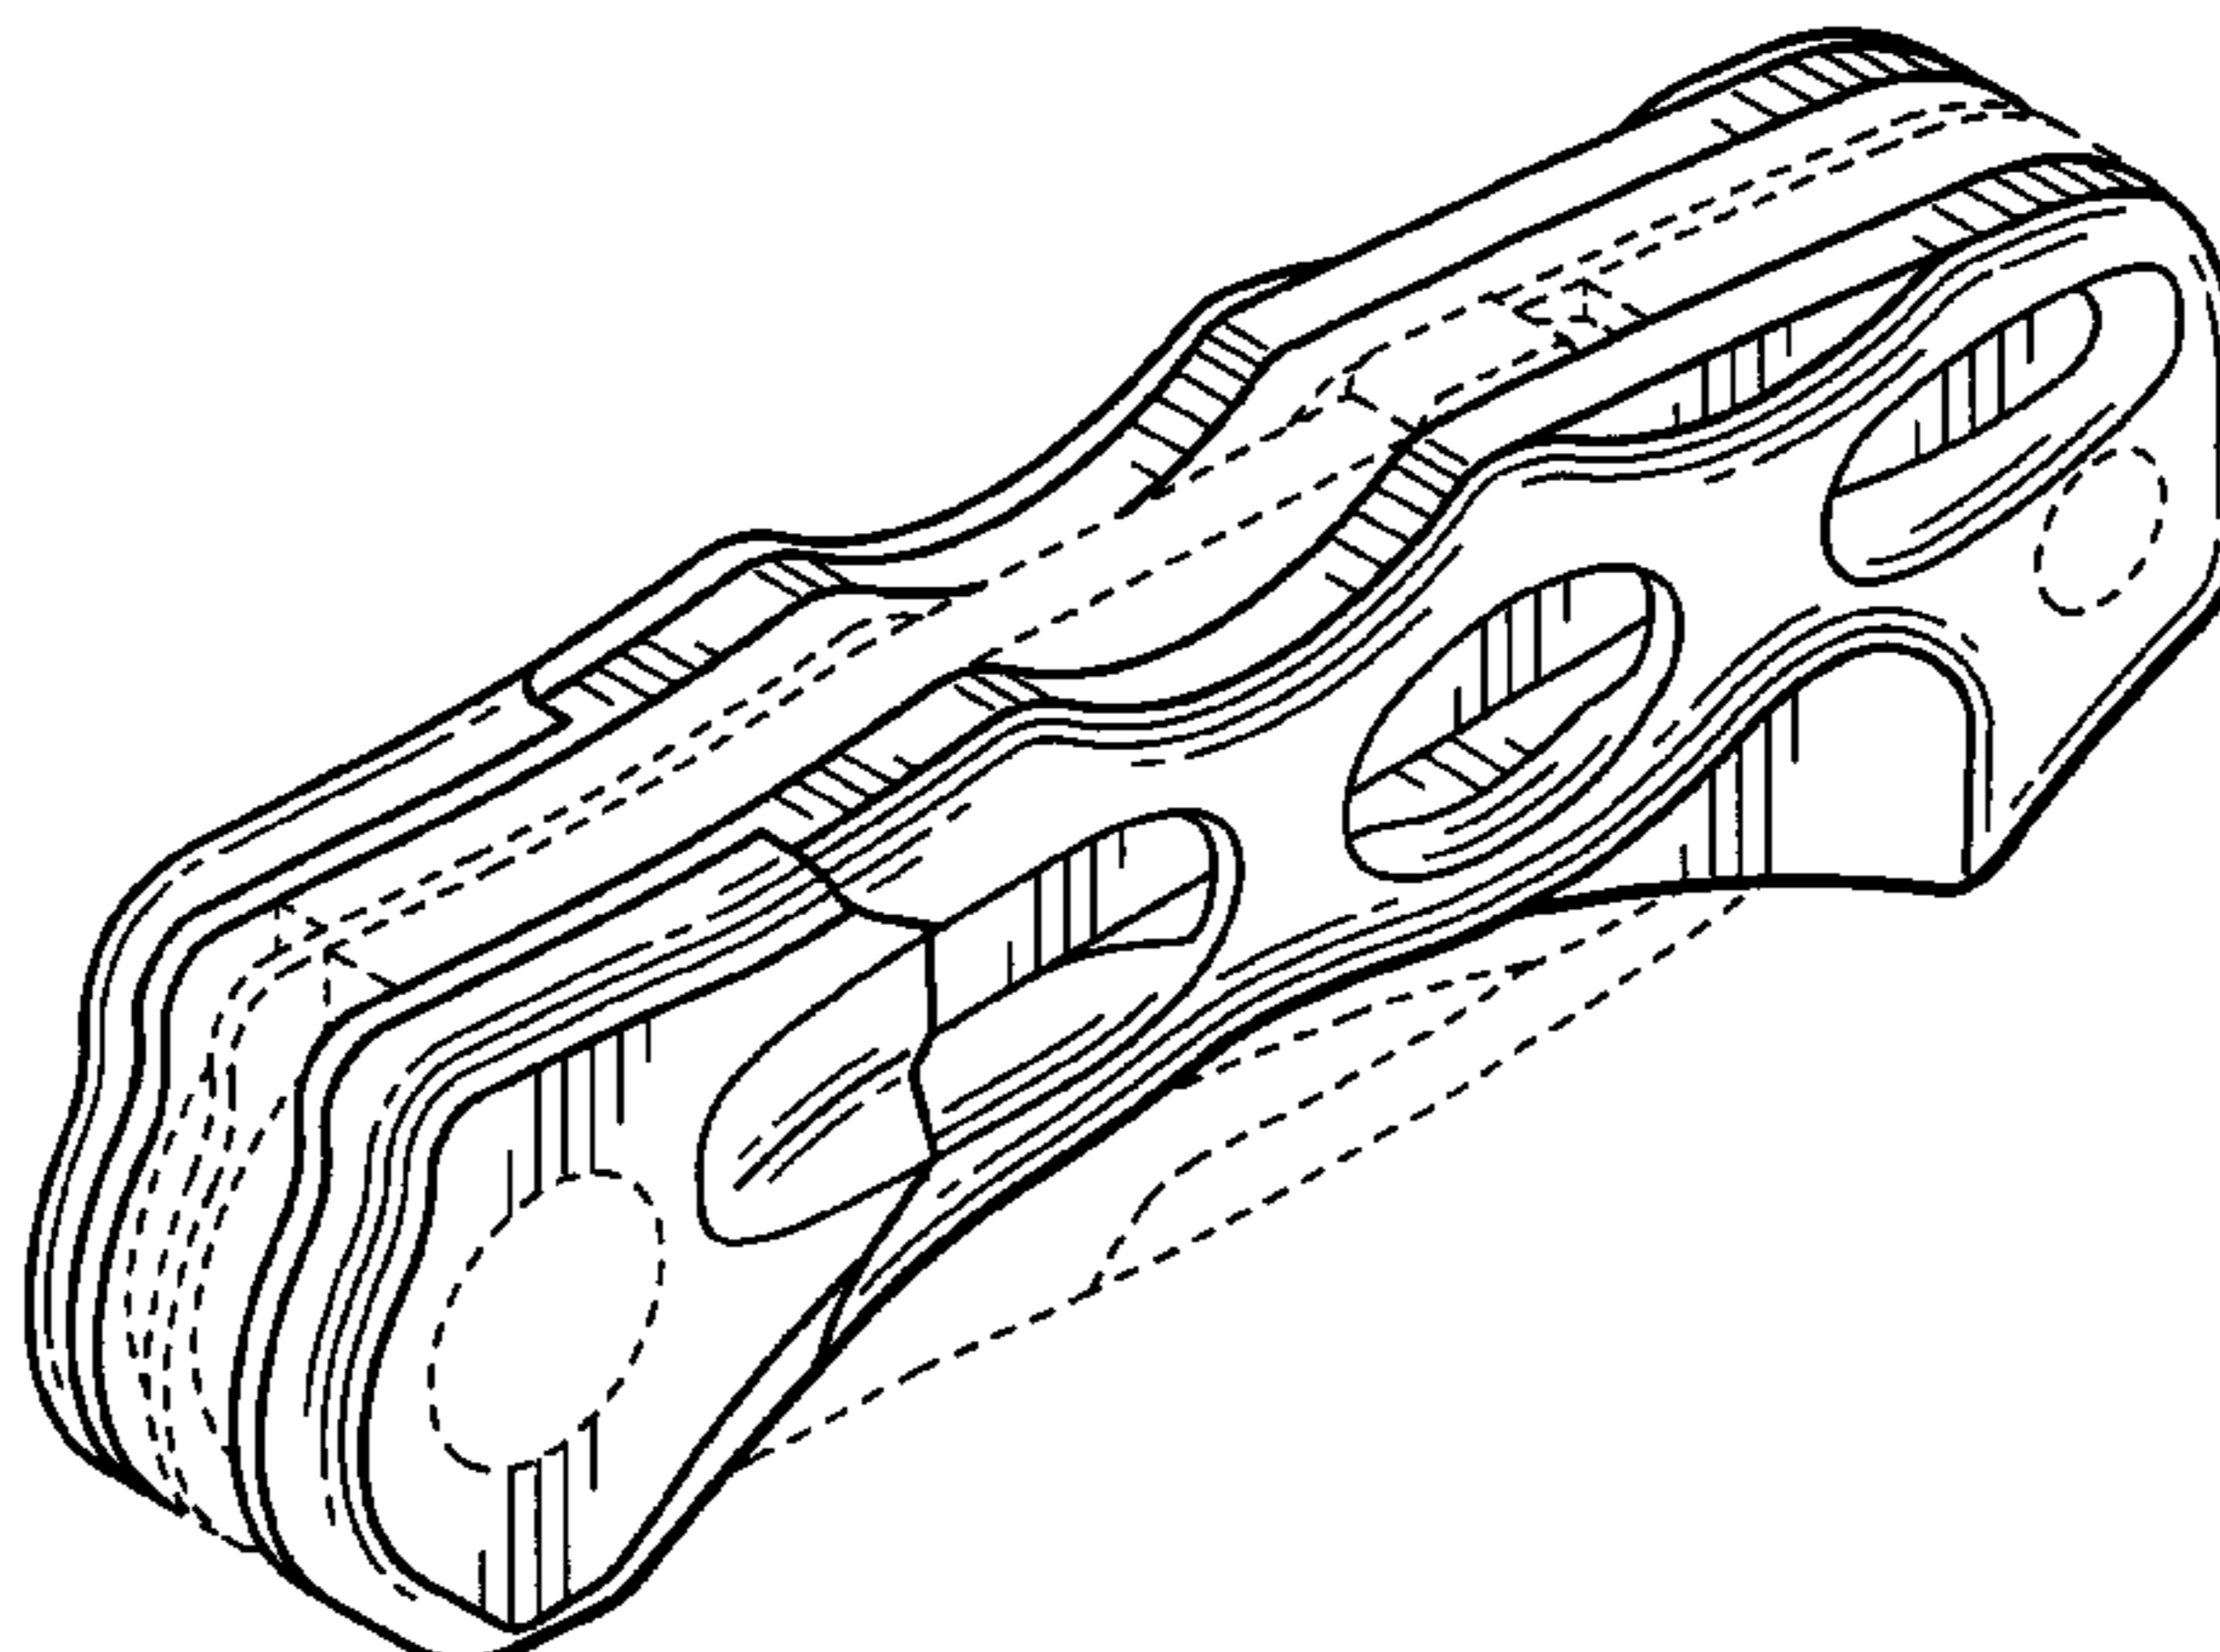

FIG. 4 is a bottom plan view thereof, wherein the portions
of the knife between the two side portions of the handle that
are shown in broken line are included merely for illustrative
purposes and form no part of the claimed design;

FIG. 5 is a front end elevational view thereof, wherein the
portions of the knife between the two side portions of the
handle that are shown in broken line are included merely for
illustrative purposes and form no part of the claimed design;

FIG. 6 is a rear end elevational view thereof, wherein the
portions of the knife between the two side portions of the
handle that are shown in broken line are included merely for
illustrative purposes and form no part of the claimed design;
and,

FIG. 7 is a right side elevational view thereof, wherein the
portions of the folding knife and portions of pivot pins
shown in broken lines are included merely for illustrative
