(57) **CLAIM**

The ornamental design for an electronic equipment enclosure, as shown and described.

DESCRIPTION

FIG. 1 is a front, left perspective view of the electronic equipment enclosure showing my new design with flaps folded inside;

FIG. 2 is another front, left perspective view thereof with the flaps folded outwardly;

FIG. 3 is a rear, top perspective view thereof; and,

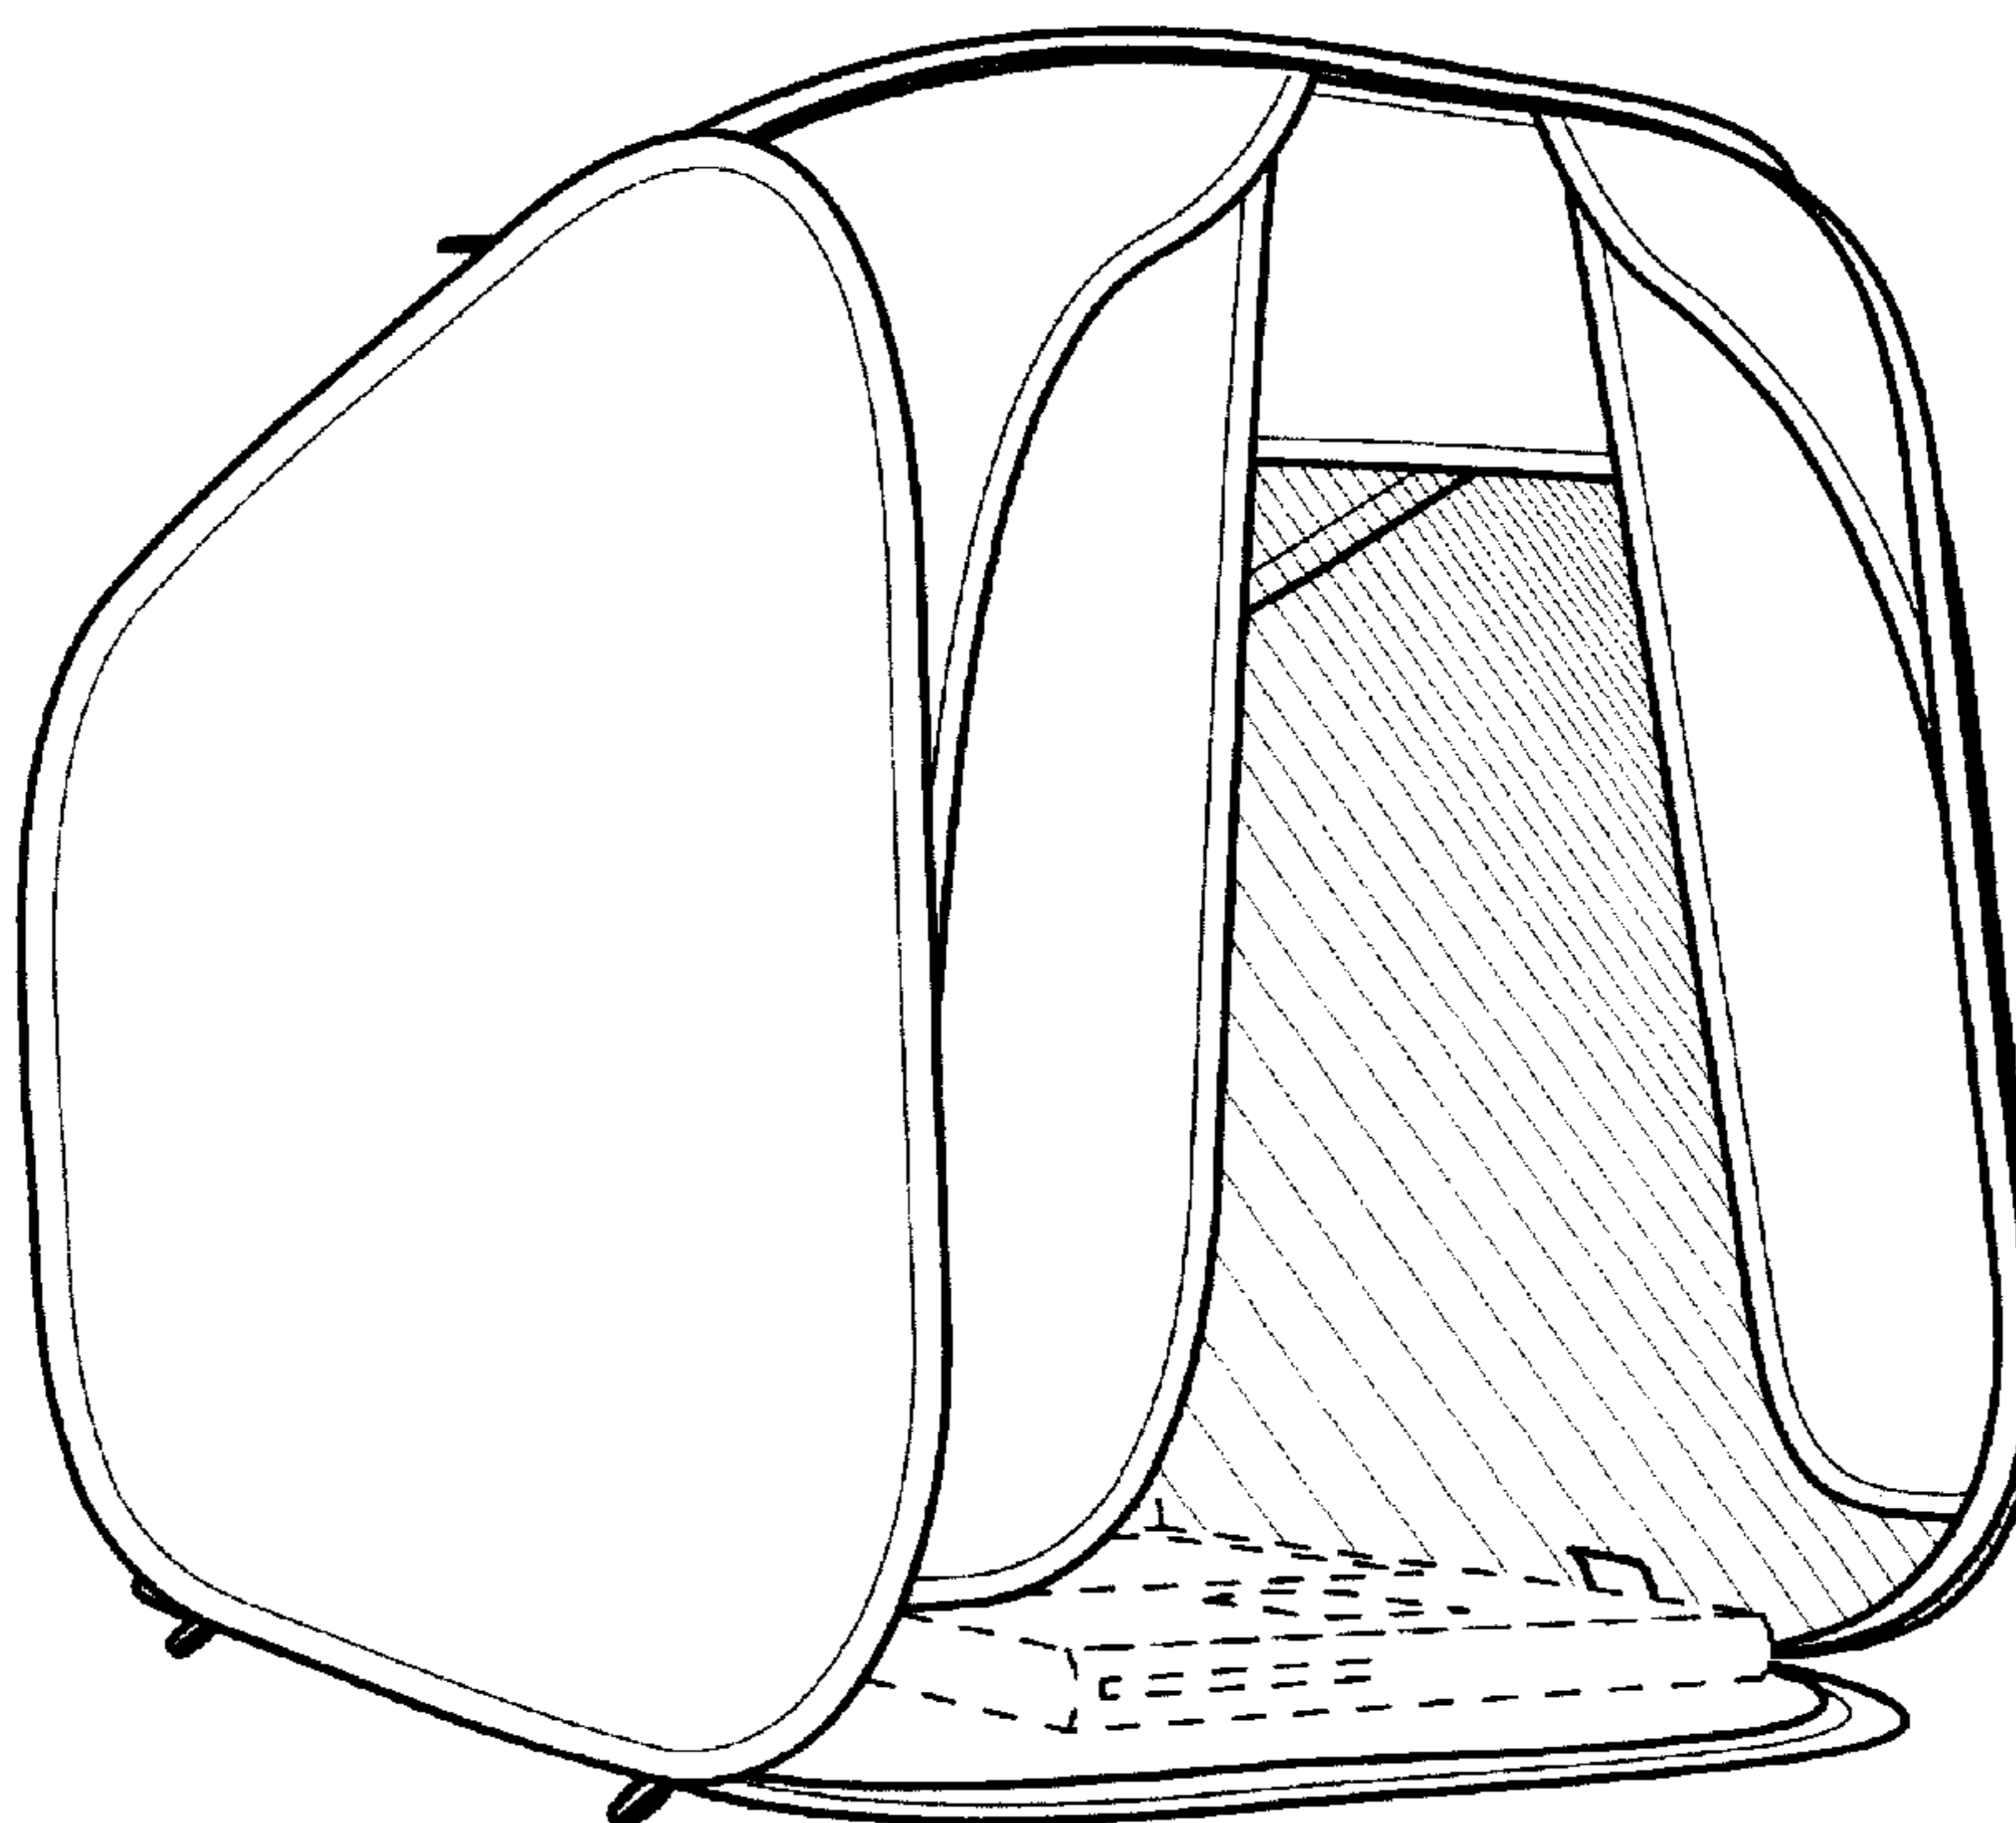

FIG. 4 is another front, left perspective view thereof shown without a laptop computer inside and with flaps folded inside.

The bottom view has been omitted since it is flat and unornamented.

The short broken lines on the enclosure itself is representative of stitching.

The broken line showing of a laptop computer is for illustrative purposes only and forms no part of the claimed design.
