(57)**CLAIM**

The ornamental design for a latch handle and housing of a lighting fixture, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a latch handle and housing of a lighting fixture, illustrating the latch handle and housing as part of a lighting fixture shown in broken lines and showing the latch handle in the raised position.

FIG. 2 is a front elevation view of a latch handle of FIG. 1, further illustrating the latch handle and housing as part of a lighting fixture shown in broken lines.

FIG. 3 is an enlarged top plan view of the latch handle and housing of FIG. 1.

FIG. 4 is a front perspective view of the latch handle and housing of FIG. 3.

FIG. 5 is a front perspective view of the latch handle and housing of FIG. 4 showing the latch handle in the stowed position.

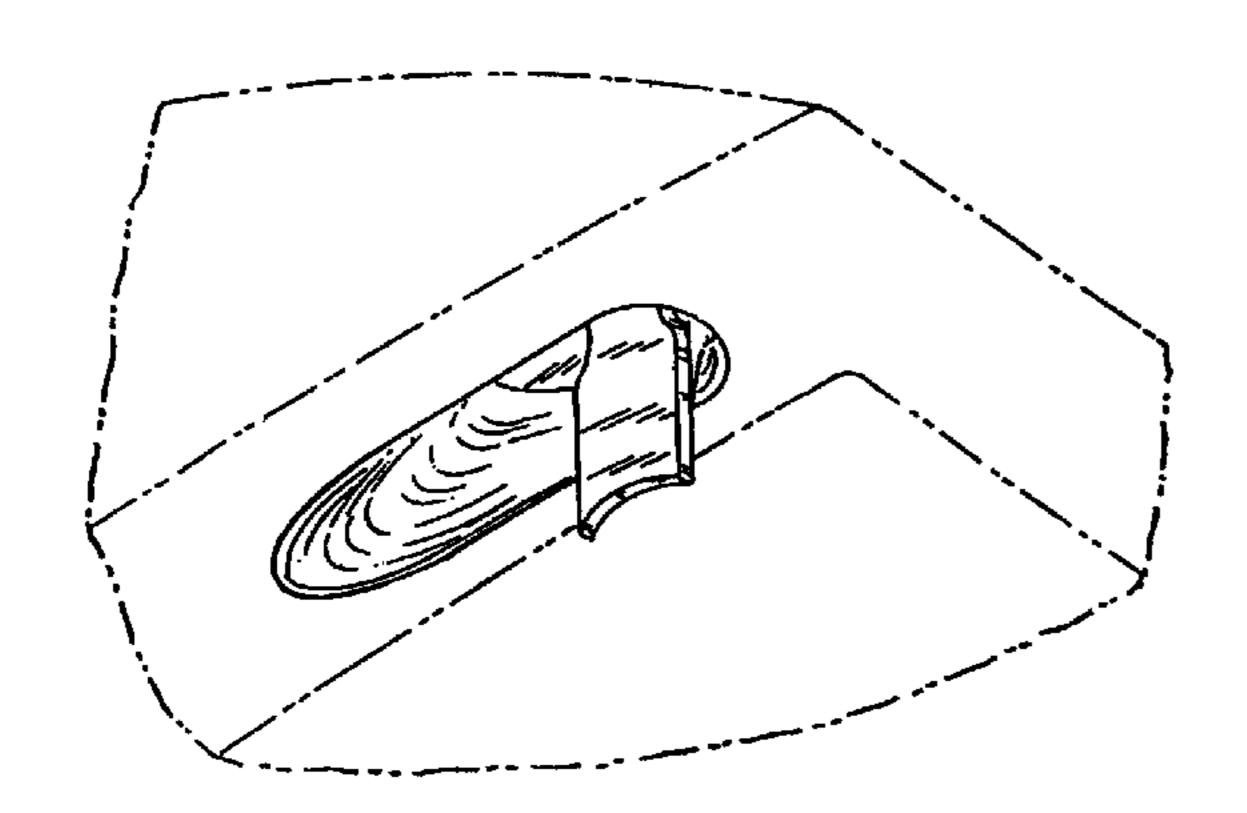

FIG. 6 is top plan view of the latch handle and housing in FIG. **5**.

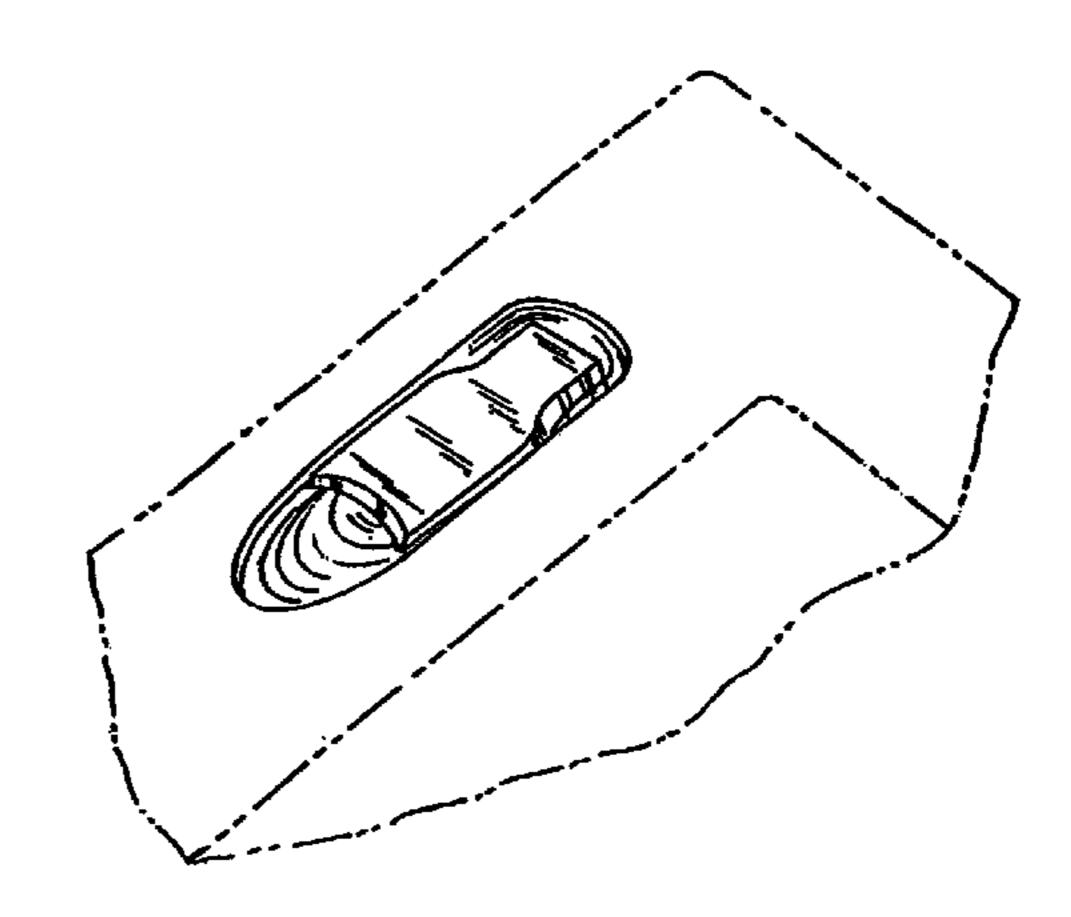

FIG. 7 is an enlarged front elevation view of the latch handle of FIG. 2; and,

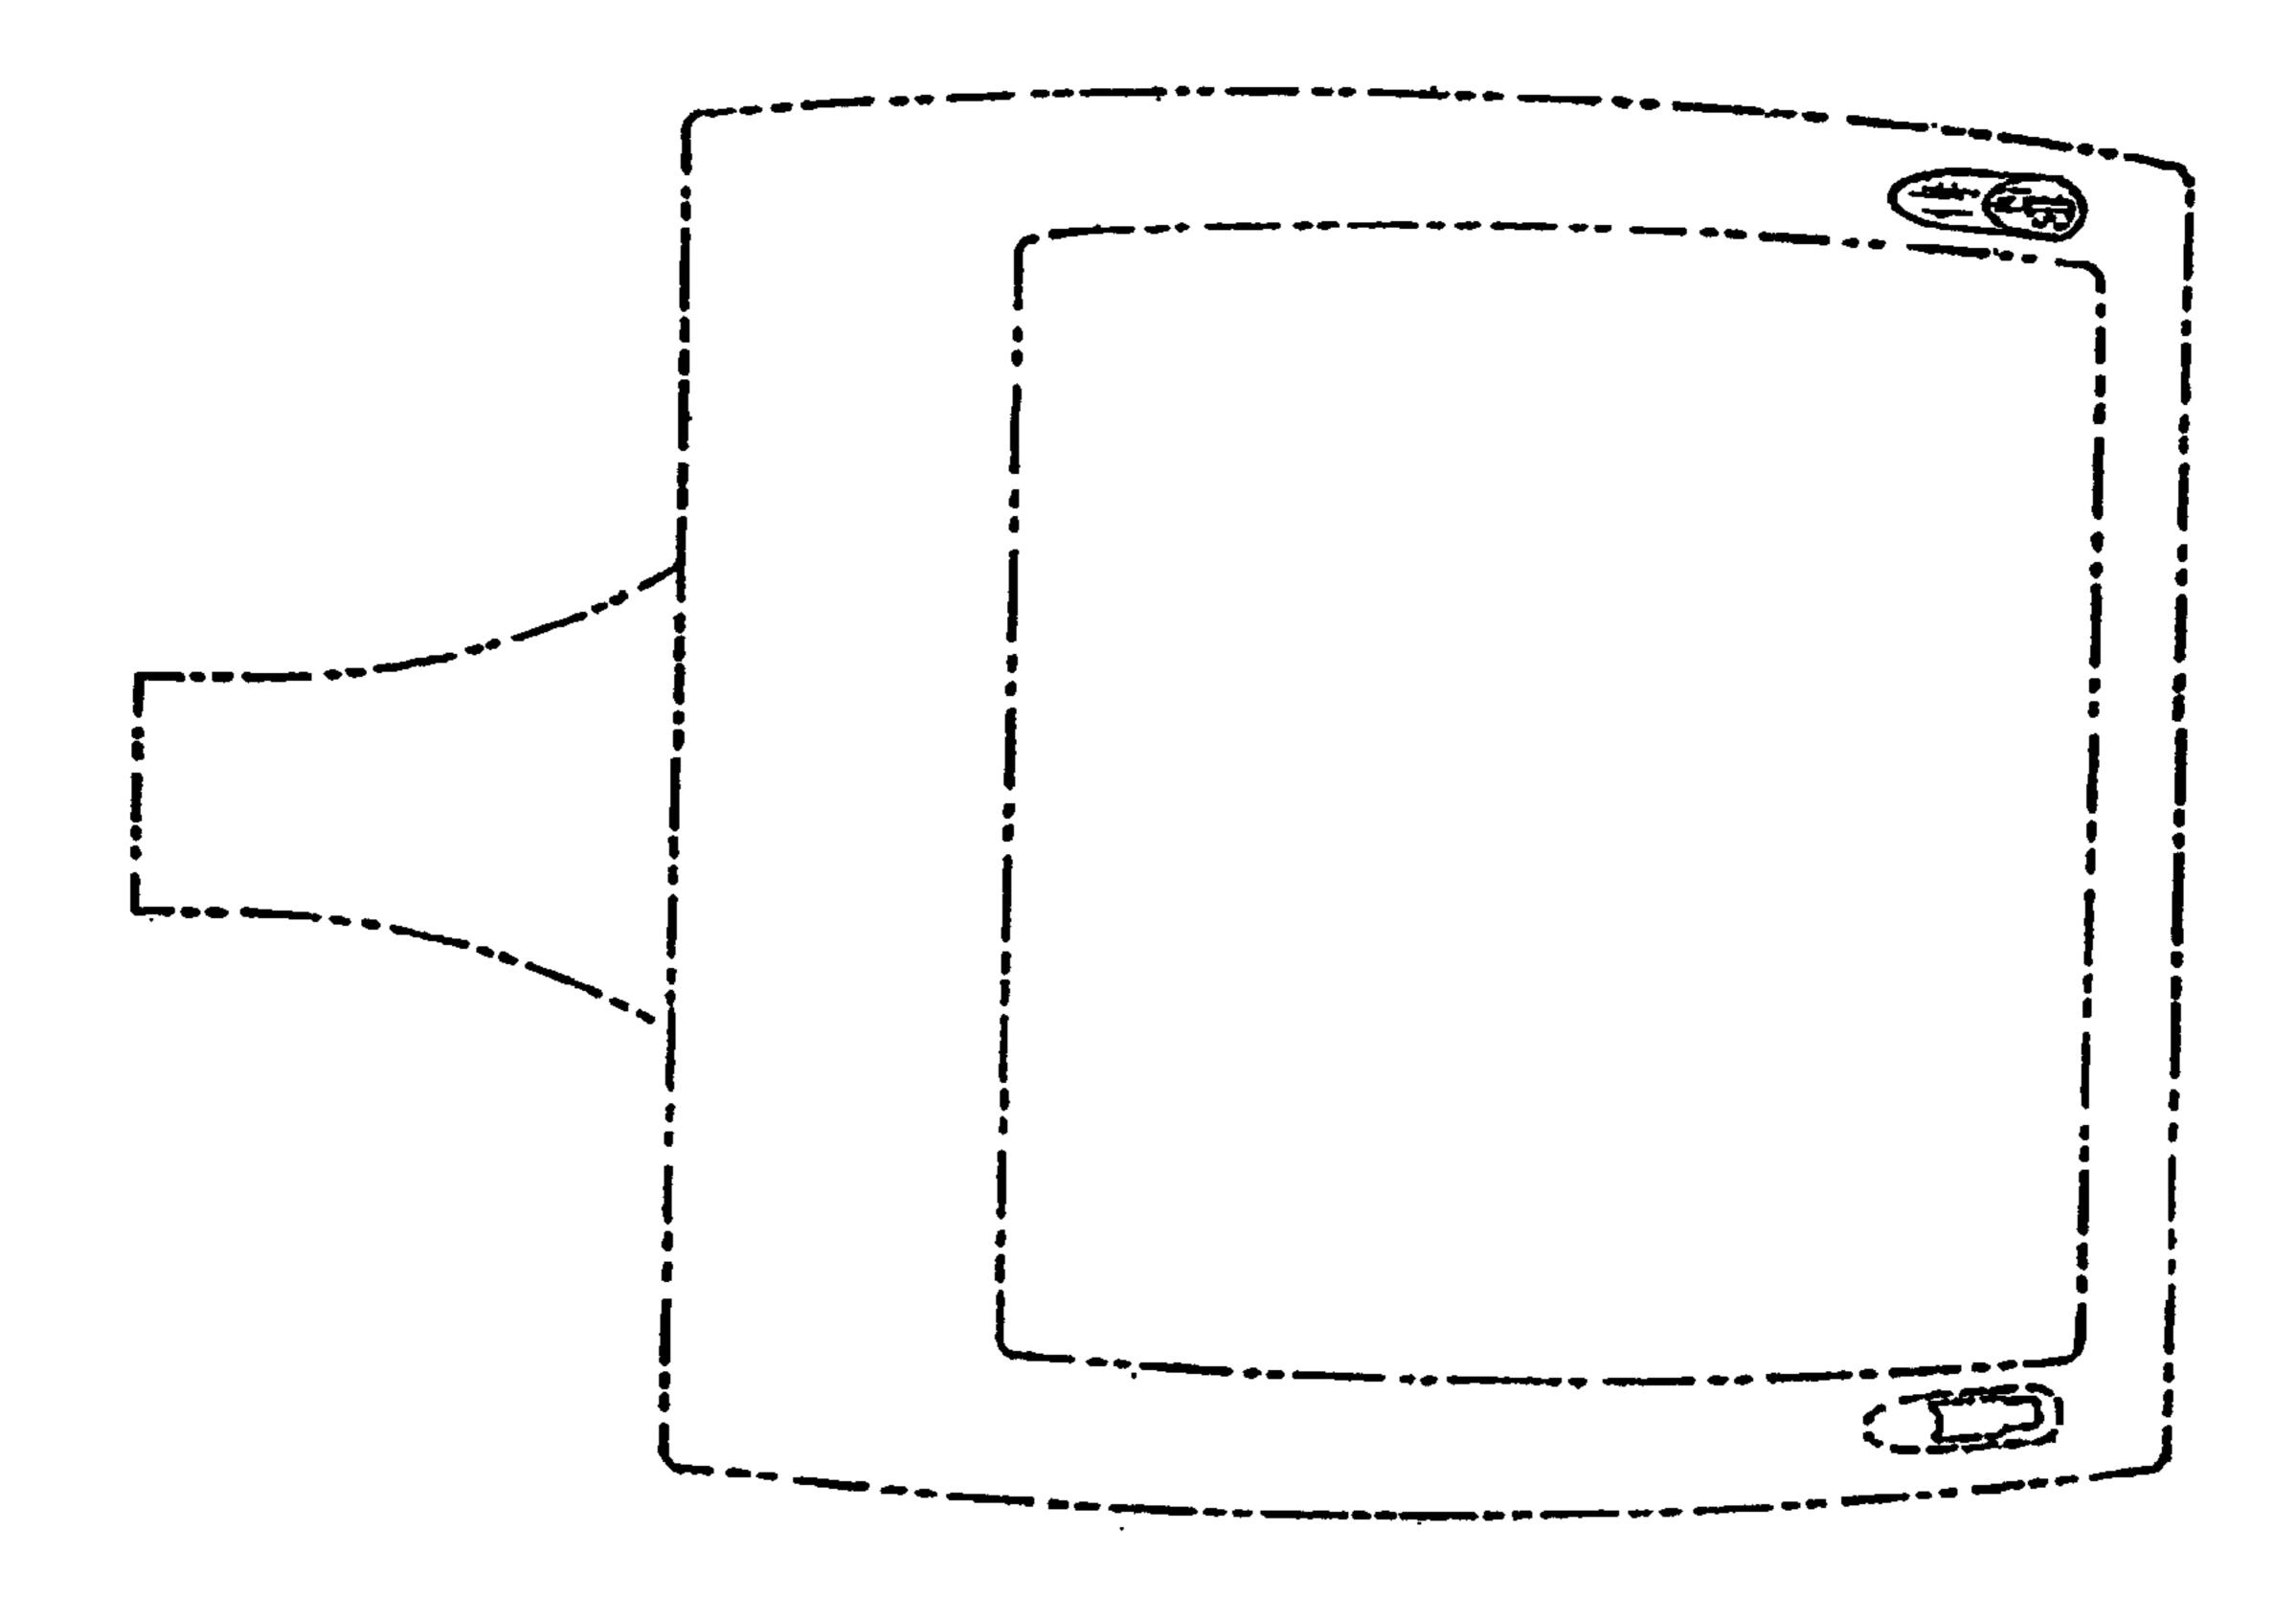

FIG. 8 is a right side elevation view of the latch handle showing the latch handle of FIG. 7 turned 90°, the left side being a mirror image.

The broken lines are provided for illustrative purposes only and form no part of the claimed design.
