(57) **CLAIM**

The ornamental design for a surface configuration of a center console for a vehicle, as shown and described.

DESCRIPTION

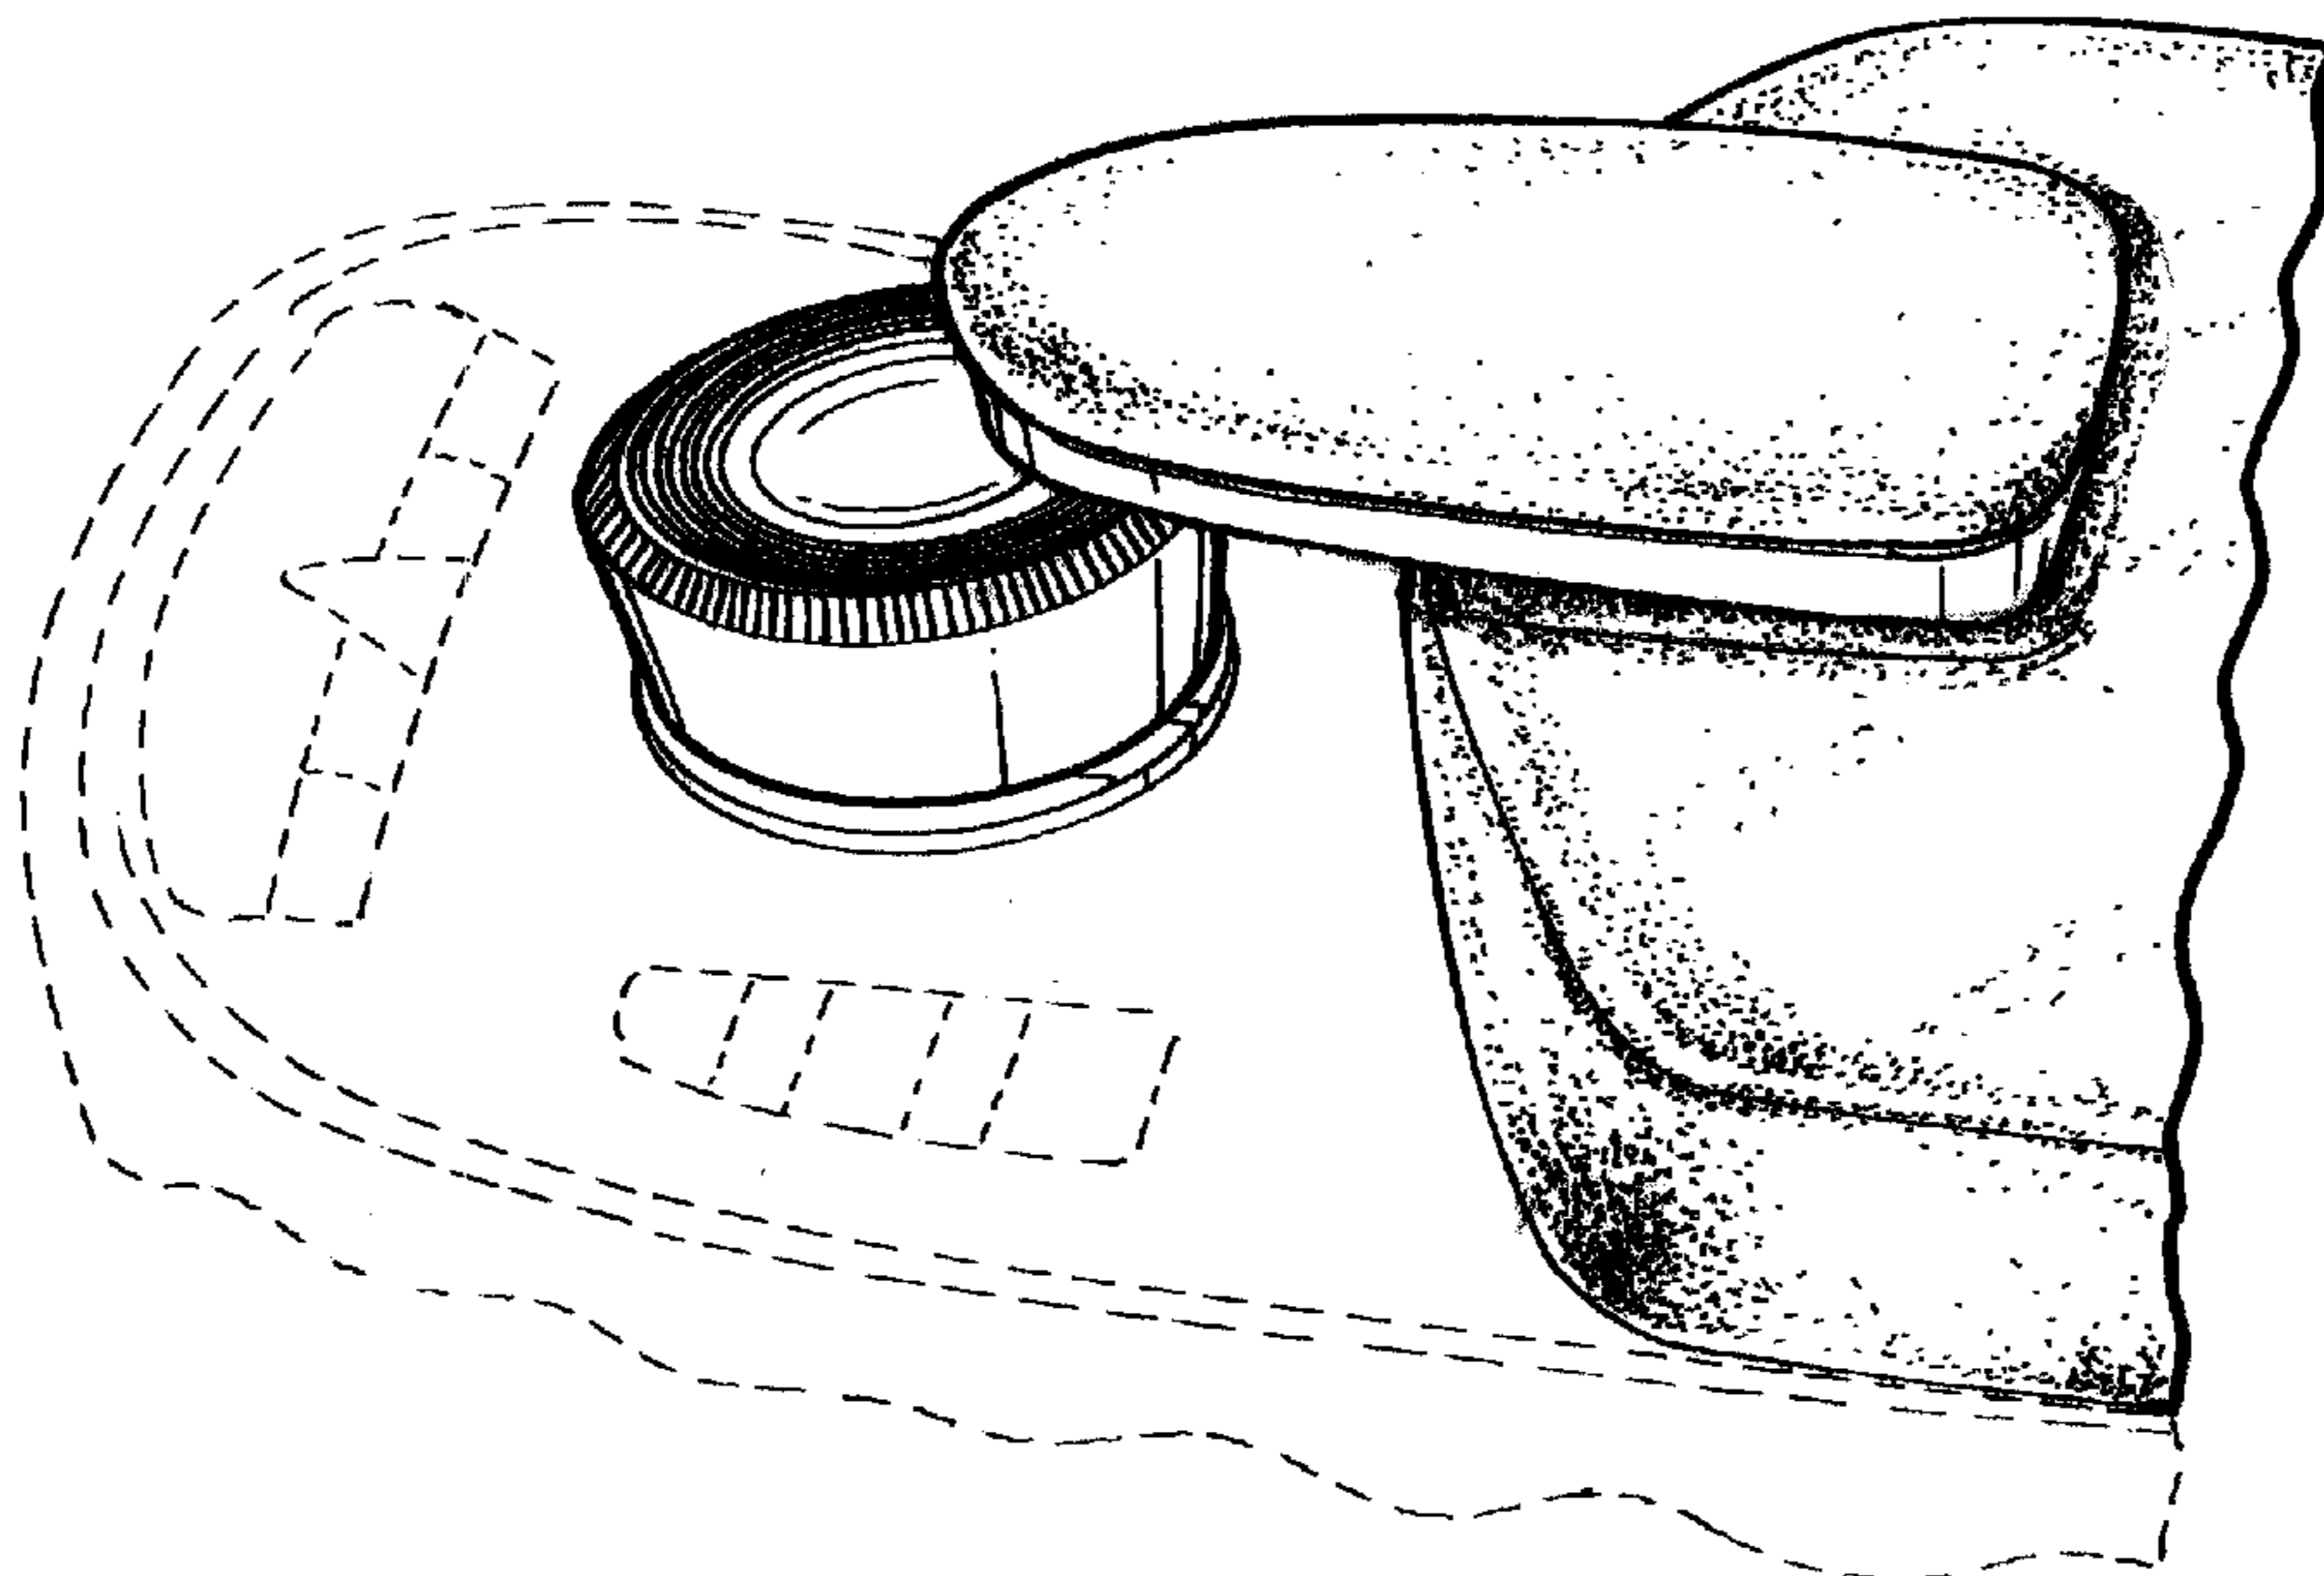

This application is related to the following co-pending application, of the inventors, filed on even date herewith: Application Ser. No. 29/206,687, entitled “Surface Configuration of an Instrument Panel for a Vehicle”.

FIG. 1 is a perspective view of a surface configuration of a center console for a vehicle according to our novel design; FIG. 2 is a right side view of the surface configuration of a center console for a vehicle according to our novel design; FIG. 3 is a top view of the surface configuration of a center console for a vehicle according to our novel design; and, FIG. 4 is a top view of the surface configuration of a center console for a vehicle according to our novel design and showing the cover open for illustrative purposes only.

The broken lines are for illustrative purposes only and form no part of the claimed design.

The center console for a vehicle is shown on an enlarged scale in FIGS. 3-4.
